11th Edition

Welcome to the 12th Edition of the Britpart Accessory Catalogue.

This new edition is packed with over **680 new parts**. Many of the new parts are for the latest Land Rover models but with plenty of exciting new accessories for the older range of vehicles too, you'll be able to personalise your Land Rover to your exact needs and wants.

Britpart also stock a vast range of repair parts, many of which are featured in this catalogue, to help Land Rover owners across the world to keep their vehicles going both on and off-road.

At Britpart we are always adding new and exciting products to our accessories range, so remember to look at www.britpart.com for all the latest additions. Also worth remembering is that if there is no picture in the catalogue of a product, then visit our website as there are plenty more product pictures on-line. You can also check out all the news on our Facebook page, so why not visit and 'like us' at www.facebook.com/britpart

For over 35 years Britpart has been supplying quality parts and accessories for Land Rover users across the world and now we are very proud to announce that all* Britpart parts and accessories will be backed by an industry leading **24 month guarantee.**

With a recent multi-million pound investment in the best Land Rover products and with extensive investment in new staff, equipment and procedures we are convinced this new guarantee will give consumers more confidence in Britpart products. This is backed up with our approval by Lloyd's Register Quality Assurance to BS EN ISO 9001:2008.

This pioneering guarantee will cover over 12,000 parts from our extensive parts catalogue, from springs to clutches and from winches to shock absorbers, confidence in the products we supply is assured. If any part is found to be defective following an inspection by our quality team due to faulty materials or workmanship then that part will be replaced free of charge.

With this significant development in Britpart's philosophy we are now confident that the parts the end users fit to their Land Rovers will deliver time after time, whether the customer is buying a part for a Series 3 or a new Range Rover, they are backed by the same 24 month guarantee.

Look out for the Britpart Guarantee Logo which will be gracing all our products in the forthcoming months as a constant reminder to the customer they are fitting the best available parts and accessories to their Land Rover.

Our commitment to you!...

*Subject to our standard terms and conditions. Proof of purchase required by the original point of purchase. Excludes Genuine Land Rovers parts, reconditioned gearboxes & engines. This guarantee does not affect your statutory rights.

The Marque

Britpart is the leading independent wholesaler of parts and accessories for Land Rover vehicles, supplying in excess of 800 customers worldwide from government agencies to trade outlets.

The name 'Britpart' is synonymous with quality parts for Land Rovers and the company has earned a truly enviable reputation around the globe. For over 30 years, Land Rover enthusiasts the world over have come to identify Britpart as a brand to be trusted.

BRITPART

The quality parts for Land Rovers

The Britpart logo has become a widely recognised and highly respected marque; it embodies excellence in the field, both in quality and commitment to meeting the needs of the customer.

Products

Britpart has always reacted swiftly to the demands of the parts market for all Land Rover vehicles, aiming to provide customers with exactly what they want, when they want it. Parts have long been the mainstay of Britpart's business, with many parts simply being unavailable from other sources; however, accessories are now becoming a major part of the business as owners of Land Rovers, old and new, are customising their vehicles to suit their individual tastes and lifestyles; everything they need is now available from Britpart.

The vast array of Britpart accessories ensures that no two Land Rovers are ever identical!

Land Rover appointed Britpart as an 'Approved European Parts Distributor' for all Land Rover Genuine Parts; this, together with Britpart's own vast range of parts and accessories, along with their extensive inventory of O.E.M. product, has resulted in Britpart becoming the ultimate 'One-Stop-Shop' providing everything its customers could possibly require, all ordered and delivered from one dedicated source.

Quality

Britpart is approved by Lloyd's Register Quality Assurance to BS EN ISO 9001:2008.

Britpart is renowned for quality parts at very competitive prices and takes pride in its excellent customer service, maintaining high stock levels with the aim of fulfilling orders promptly.

Distribution

Parts and accessories for Land Rover vehicles continually flow in and out of the massive state-of-the-art warehouse. Britpart's fleet of vans and trucks all sport the undeniably eye-catching Britpart blue and white livery. Between them they cover the length and breadth of the United Kingdom, including Northern Ireland, delivering directly to Britpart customers on a regular basis, adding to the personal touch that customers have come to associate with Britpart.

Global

When Land Rover finally severed its association with Santana Motor SA it was Britpart who bought up all the existing stock from the factory in Spain and shipped it to their UK headquarters in Shropshire. The shipment included everything from small components to body panels and new engines, along with all the original drawings and tooling. Some of the stock was found to be interchangeable with Land Rover parts and a proportion of the rest is gradually making the journey back home with the assistance of our partner in Spain, Britpart España, Estanfi Automoción.

Britpart's other partners around the globe include: Britpart France, Britpart Belgium, Britpart Brazil, Britpart USA and Britpart Poland.

Britpart is seeking to further expand its comprehensive customer base overseas and is continually looking for well established independent stockists of Land Rover parts to work closely with.

Service

Britpart has an enthusiastic and highly knowledgeable team so that you deal with people who have in-depth knowledge of the business. In addition to major government contracts, we successfully support individual parts retailers, supplying spares for Land Rover models old and new including Series, Defender, Range Rover, Discovery and Freelander.

The lively Sales operation boasts three highly trained teams; one each for Home Sales, European Sales and

Export Sales with technical experts and sales advisors in each, eager to answer the telephone and organise despatch of goods to their customers within the shortest possible time.

Handmade

The highly skilled team in the Trim Shop make a wide range of seats, seat covers, bases, backs and benches etc for Land Rover vehicles by hand.

Equally skilled is the team in the Lock Shop where a wide range of light engineering work is carried out.

In keeping with the Britpart philosophy, all products leaving the Trim Shop and the Lock Shop are produced to the highest standards and meet with the strictest safety regulations.

Quality Parts

Britpart hold in excess of 17,000 stock items from o-rings and oil seals to engines and exhaust systems. Customers can choose from Britpart quality parts, O.E.M. products and Land Rover Genuine Parts; all delivered promptly at competitive prices.

Everything required for servicing, repairing, restoring or even rebuilding any Land Rover can be supplied by Britpart, thus enabling customers to order all they need on just one order sheet making it easy to keep track of stock and take delivery.

Quality Accessories

Britpart have all the latest accessories you need to customise your Land Rover, whatever the model, to look great on the road and work better off it! From wheels to roof racks, Britpart have everything to ensure that no two Land Rovers need ever look identical.

Exterior Protection

Whether you are going off-road or just want some extra protection on the road for your Land Rover, our wide range of exterior protection is a must have to prevent damage from hidden dangers. We have many forms of exterior protection including chequer plate, A-bars, bumpers, light guards, dash cameras and much more! This section is where you will find protection from front to back and top to bottom for your Land Rover.

	Range Rover L322	

IMPORTANT NOTICE Please check local legislation before fitting a frontal protection device to a vehicle that is to be used on public roads.

Dash Camera **NEW**

DA5061 NEW
 Plug & play camera features 1,080 pixel resolution meaning important details such as vehicle number plates are more visible. An integrated shock sensor works together with a file locking function, to ensure vital recordings are always protected against overwriting. The camera automatically starts recording, when the vehicle ignition is switched on. Older files can be automatically overwritten, so recording never stops. A built-in battery provides backup power, so recordings can always be completed if the power fails. Camera mode allows the unit to operate as a digital camera, so should an incident occur, additional pictures can be taken. Full camera specifications can be found online at www.britpart.com/dash

Bumpers & Bumperettes

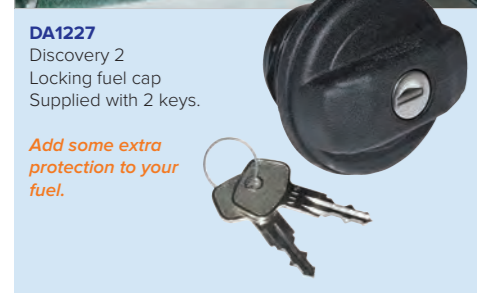

Defender

Mirrors

Photo courtesy of Christian Teasdel

Blind Spot Mirror **NEW**

DA6550R **NEW** Right hand side
DA6550L **NEW** Left hand side

Working closely with one of Europe's leading mirror manufacturers, MUD has created a retrofit mirror for the Defender that incorporates a wide angle convex mirror to eliminate potentially dangerous blind spots. The Blind Spot Mirror function offers a huge improvement in road safety, making lane changing manoeuvres safer whether you're in slow or fast moving traffic.

The surface area of the XL Defender Mirror Head measures 245mm x 140mm compared with the standard mirror glass area of 198mm x 124mm. The mirror area of the MUD Blind Spot mirror is 173mm x 127mm and the convex section is 52mm x 127mm. The convex section is fixed and not adjustable.

The MUD Blind Spot mirror is a straight swap for the original Defender door mirrors, using the same fixing method as the factory mirrors and even retain the same styling as the original Defender door mirror to ensure an OE factory appearance. The MUD Blind Spot Mirror is housed within a larger mirror head that in addition to providing a larger reflective surface area than the standard Defender mirror glass, features the convex wide angle mirror glass. The mirror insert can be flipped through 180 degrees within the mirror head so the wide-angle can be positioned at the top or the bottom of the mirror. The MUD Blind Spot Mirror has been fully homologated, E-marked and carries full EU Type Approval.

Standard Mirrors

Series	Part	Dimensions	Notes
DA2128	Mirror arm	7"	Standard
DA2130	Mirror head	7 x 5"	Standard
DA2301	Mirror glass	7 x 5"	Standard

Defender	Part	Dimensions	Notes
MTC5083	Mirror arm	7"	Standard
RRC8443	Mirror arm	11 1/2"	Large
MTC5084	Mirror head	5 x 8"	Standard
DA4034	Mirror head	6 x 10 1/2"	Large
MTC5217	Mirror assembly		Standard

DA4598 **NEW**
Heated mirror kit
See vehicle enhancement section for more details.

Unbreakable Mirrors

	Head Dimensions	Arm Length	Notes
DA4404	Flat mirror 204 x 140mm (8 x 5 1/2")	No arm	Flat with fixing kit
DA4405	Flat mirror 204 x 140mm (8 x 5 1/2")	170mm	Flat with fixing kit and short arm
DA4406	Flat mirror 204 x 140mm (8 x 5 1/2")	290mm	Flat with fixing kit and long arm
DA4407	Convex mirror 204 x 140mm (8 x 5 1/2")	No arm	Convex with fixing kit
DA4408	Convex mirror 204 x 140mm (8 x 5 1/2")	170mm	Convex with fixing kit and short arm
DA4409	Convex mirror 204 x 140mm (8 x 5 1/2")	290mm	Convex with fixing kit and long arm

Good visibility is imperative on today's highways and byways so these new high impact resistant mirror heads are an essential item.

- > Optical quality polycarbonate lens - will not shatter like glass or discolour in sunlight.
- > Strong, flexible polypropylene casing - will absorb hard blows without breaking.
- > Universal - can be fitted to either left or right of vehicle.
- > Lightweight - puts less strain on body fixings.
- > Hard lacquer coating on lens - will repel condensation and surface water.
- > Excellent reflectivity - superb daylight and night time vision.

Dirt D-fenders

Keep the side of your Defender cleaner!

DA1193	Defender - 90/110/130	Rear of front wheel
DA1198	Defender - 90/110	Front of rear wheel
DA1197	Defender - 90	Rear of rear wheel
DA1194	Defender - 110	Rear of rear wheel

Note - DA1193 & DA1198 will not fit Defenders with rock/tree sliders fitted.

DA1194

Reversing Camera Kits NEW

- DA6611 NEW**
Rear facing camera kit - includes monitor
Typically mounted under the number plate on a Defender and on the rear end door handle on a Freelander, Discovery & Range Rover Classic.
- DA6610 NEW**
Front facing camera kit - no monitor
An additional camera to add to DA6611 kit.
- DA6613 NEW**
Rear facing camera kit - no monitor
An additional camera to use on a trailer which can be added to DA6611 kit. Cable length is 20 metres.

Seeing exactly what is behind a Land Rover is not easy using conventional mirrors. This kit is a practical driver assistance device with the primary objective of helping the driver to see things that they may not otherwise see when reversing. The kit is engineered to the highest standards with a focus on making it simple to install, robust and discreet. One connection is made to the reversing light circuit and ground to the bodywork. A single cable is then fed through the vehicle from the back to the front to connect the camera to the 3½" slim line monitor. No other work is involved. When the vehicle is put into reverse gear, a sharp and vivid image is instantly displayed on the screen. The camera is the only external part and much like the vehicle it will be installed on it can be submerged in water, it can be blasted by a jet wash, sprayed with mud. Effectively there is very little that can be done to damage the camera, short of hitting it with a solid object. But even then it can withstand some abuse.

- > Waterproof rear view or reverse camera.
- > Small, discreet, MicroBlock™ colour camera.
- > Slimline 3½" LCD monitor.
- > Typically installed above number plate to include the rear bumper in the field of view.
- > Outstanding image quality both day & night.
- > Panoramic view.
- > Instant image on.
- > Single cable installation technology - easy to install.
- > IP68 rated so 100% water and dust proof.

Outstanding image quality

Parking Sensors

Reduce the risk of collision during reversing.

DA4511
These bumper* mounted sensors will detect the distance between your vehicle and any rear obstruction and warn the driver to any potential obstructions. An advanced parking solution for obstacle detection at the rear of your vehicle. Reduce the risk of collision during reversing and reverse parking manoeuvres with this kit.

As the reverse gear is engaged, a sound indicates that the reverse sensors are activated. Any obstacle at the rear of the vehicle is then detected and signalled to the driver through a progressive sound whose frequency increases when moving closer to the obstacle.

Enhance your safety through obstacle detection, even when objects are out of the driver's field of vision. Improve comfort through easy parking manoeuvres. Suitable for 12v cars, SUVs and light commercial vehicles.

- Kit contents include -
- 4 x Bumper fit sensors
 - 1 x Warning buzzer
 - 1 x Control unit
 - 1 x Wiring harness
 - 1 x Cutting tool
 - 1 x Fitting accessories
 - 1 x Installation instructions

Add an extra set of 'eyes' when reversing...

*Note - Not suitable for vehicles with metal bumpers.

Side Protection

DA7533
Rock slider/side steps - pair
Discovery 3 & Discovery 4
The best of both worlds with these fitted to your Discovery!
Rock slider - an essential purchase for any off road use. They prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain.
Side steps - users often fit side steps to enable easy access to and from the car - this is a problem when going off road as they bend, break and cause snagging. These are heavy-duty side steps made from 5mm steel plate with 50mm tube backed up by an additional 2 x 40mm tube supports. The joints are TIG welded for a smooth OEM finish.

Rock & Tree Sliders

DA7534 Aluminium finish
Discovery 3 & Discovery 4
These rock sliders (sill protectors) are manufactured from 6mm 5083 aluminium and come completely machined and drilled ready to fit. An essential purchase for any off-road use as they prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain. Attaches to your vehicle using 11 mounting points on the side and underneath and when the car doors are closed they are almost unseen, but you have the piece of mind that your car sills are safe from damage. These units require no additional drilling just unscrewing and unclipping of the plastic OEM parts. For more information & images of these rock sliders visit www.britpart.com/rock

DA7534B Black finish

For more side protection - see side & rear step section

Great protection for the side of your Land Rover and they replace the sill of your vehicle. These rock & tree sliders are a fully welded 3mm steel construction with heavy-duty chassis mounted brackets and zinc primed with a smart black powder coated finish.

Wheel Arch Kits

Replace any faded or damaged wheel arches with this OEM replacement wheel arch kit

- DA1059** Defender - all models 4 eyebrows and rivets
- DA1140** Discovery 2 Front/Rear & RHS/LHS

- Off-Road Wheel Arch Kits**
2.5" wheel arch kits. Wings need cutting for fitting.
- DA2364** Discovery 1/Range Rover Classic 3-door
 - DA2365** Discovery 1/Range Rover Classic 5-door

2" wider than standard enabling tyres up to 14" wide and/or wheel spacers to be fitted while being legal for MOT testing. Made from an unbreakable plastic - ideal for extreme off-road use.

- DA2366** Defender 90/110 - 1984 onwards

These two Discovery 2 wheel arches enable larger tyres to be fitted while still being legal as these arches cover the tyres when wider tyres are fitted. The 50mm ones are required for large off set wheels while the 75mm arches will cover the tyres when wheel spacers are used. They are virtually indestructible and all fixings are supplied with the kit. Up to 35" diameter tyres are ok with a 2" lift and these arches as just over 40mm is cut out of the wings when fitting them.

- DA1960** Discovery 2 50mm
- DA1961** Discovery 2 75mm

Underside Protection

Fuel Tank, Steering/Sump & Transmission Guards

Great protection from hidden dangers.

Sump guards
These guards from Britpart are manufactured from high-quality, hard-wearing and corrosion resistant materials to counteract any unforeseen obstacles your Land Rover may encounter whilst off-roading. All fixings are supplied and the guards fit into the vehicle's pre-existing holes. Each guard has holes at the front to allow for water drainage and also to help with ventilation for the cooling system.

- DA5507** Defender - 1985 - 2006 & 2007 onwards RHD
 - DA5507LHD** Defender - 1985 - 2006 & 2007 onwards LHD
 - DA5508** Discovery 1/Range Rover Classic RHD & LHD
 - DA2249** Discovery 2 RHD & LHD
- Powered coated steel Main plate - 5mm thick; brackets - 5mm thick
- Note** - For use with Discovery 2 winch bumper DA5645

Sump plate
DA7536 Discovery 3/Discovery 4
This sump plate protects the underside of the engine and allows the car to slide over objects, forward and backwards due to the rear lip. With a natural finish the plate is made from 6mm 5083 grade aluminium and has been water jet cut to a precise finish. Plate bolts directly into existing holes and bulkheads already in the chassis, using the standard Land Rover fixings.

Transmission Guards
DA5625 Defender - Td5
Reduce damage to your Defender 90. Made from galvanised steel, this transmission guard protects your 90's gear box and cross members from snagging and reduces damage to your vehicle. Bolts on and is easy to fit and importantly it is also easy to remove when your vehicle needs servicing. **Note** - Only fits with centre exhaust removed and pipe fitted.

DA7532 Discovery 3/Discovery 4
This transmission plate protects the underside of the transmission and allows the car to slide over objects. With a natural finish the plate is made from 6mm 5083 grade aluminium and water jet cut to a precise finish. Plate bolts directly into existing holes and bulkheads already in the chassis, using the standard Land Rover fixings and two additional fixings. **Note** - Can only be fitted when sump plate (DA7536) is also fitted.

An essential purchase for any off road use as they prevent damage to the underside of the engine and the intercooler at the front of the vehicle. Manufactured from 8mm 5083 aluminium with a smart silver or black finish and supplied completely machined and drilled ready to bolt directly to the 4 pre-drilled holes in the chassis with supplied galvanised fixings. The guard requires no additional drilling just unscrewing and unclipping of the plastic OEM parts. Fitting should take 5 minutes.

- Discovery 3 **DA7530** Silver finish **DA7530B** Black finish
- Discovery 4 **DA7535** Silver finish **DA7535B** Black finish

Fuel Cooler Guard

DA6540 Defender - Tdci
Protect the Defender's vulnerable fuel cooler with this easy to fit electro-plated guard.

Diff Guard

DA2250B Defender/Discovery 1/Range Rover Classic
Give your vehicle some extra protection with a diff guard. This guard is simple to fit (no drilling) and has the added advantage of having the fill plug accessible at all times. With electroplate finish.

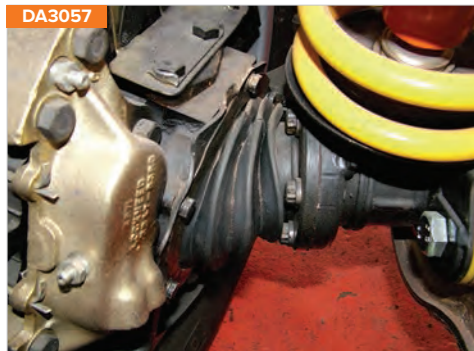

Universal Joint Silicone Sleeves

Suitable for Series, Defender, Discovery 1, Discovery 2 & Range Rover Classic. By adding one of these silicone sleeves you will reduce debris from building up in the universal joint which, in time, will increase the life span of the joint.
DA4810 Rear UJ silicone sleeve for 63mm diameter propshafts
DA4811 Rear UJ silicone sleeve for 51mm diameter propshafts

Swivel Housing Gaiter Kits

Permanent Protection!

- > Bond in place under existing flange.
- > Completely seals against dust, water and grit.
- > Moulded in high performance neoprene rubber.
- > No special tools required.
- > Proven tongue and groove for easy assembly.
- > Two year guarantee.
- > Kit includes two gaiters, metal straps, bonding agent, gloves and full instructions.

DA3056 Series
DA3057 Defender/Discovery 1/Range Rover Classic
DA3057GLUE

Additional bonding agent for DA3056 & DA3057
 For easier fitment of gaiter without dismantling the axle assembly.

Security Marking Kit

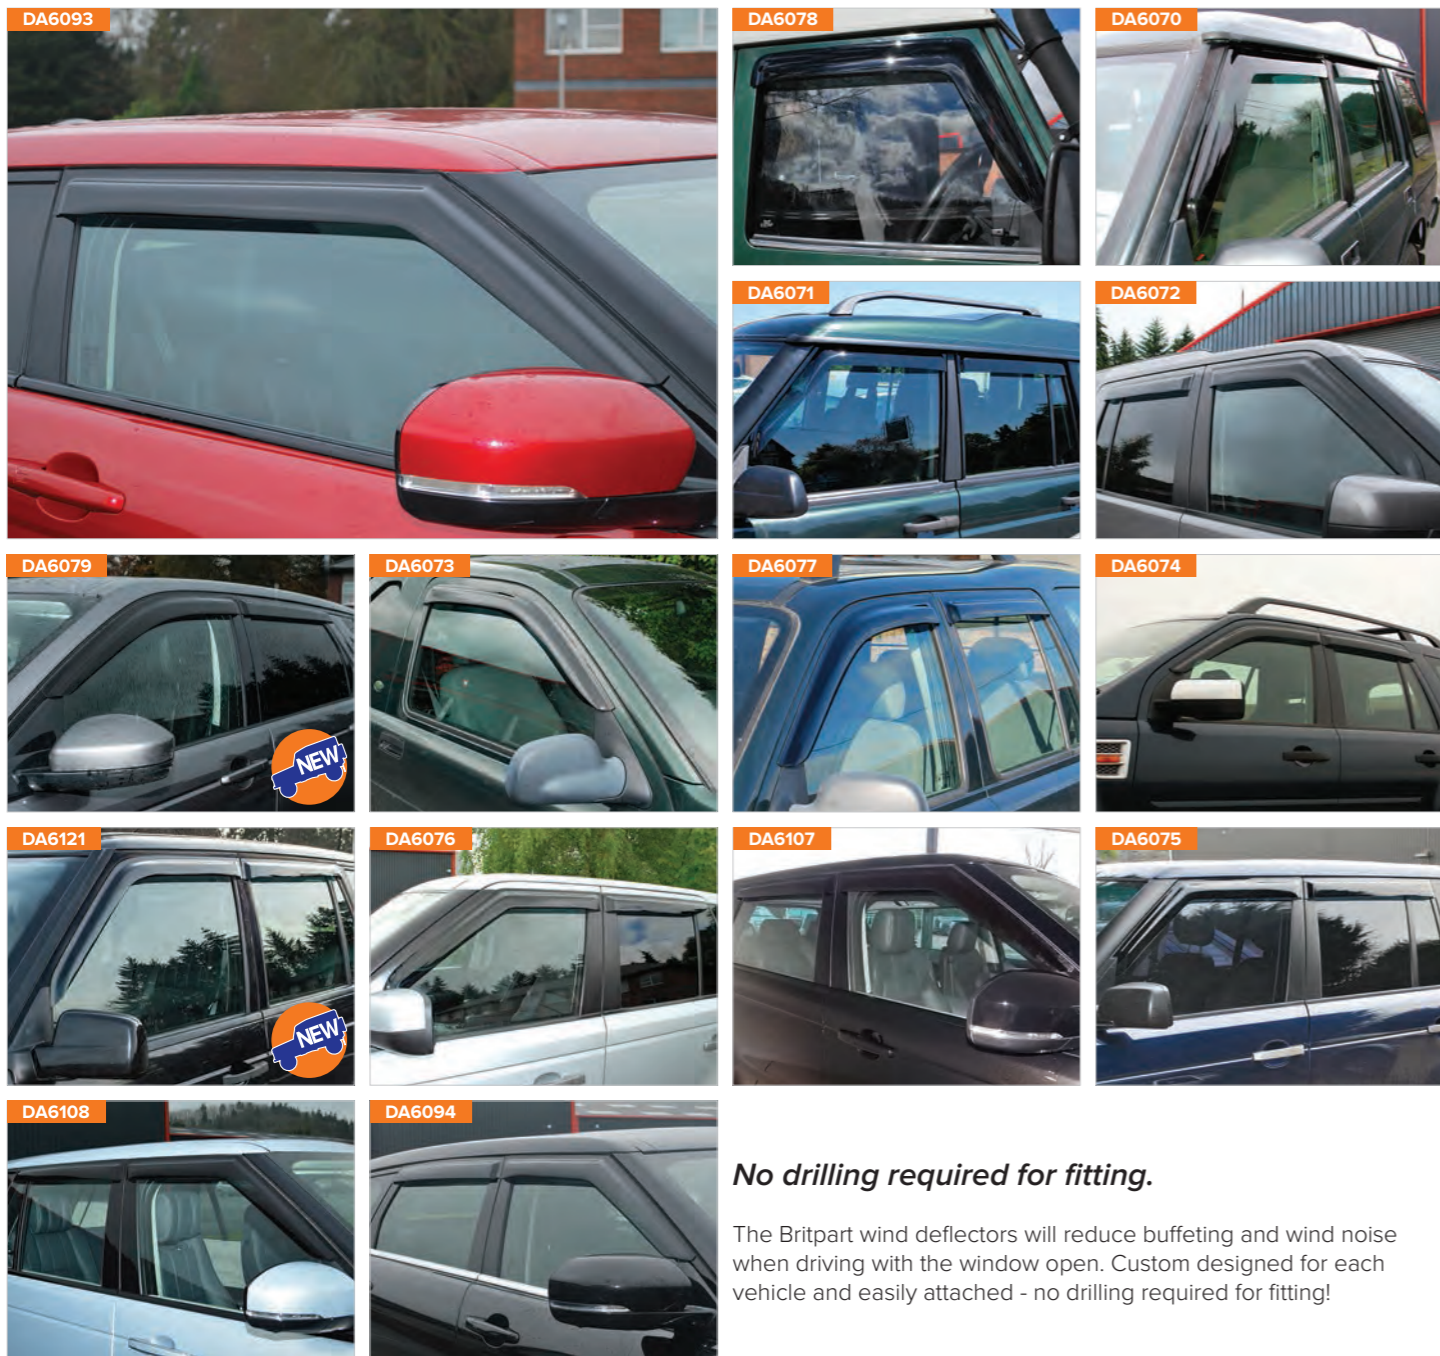

DA8533 NEW
 Help prevent your Land Rover from being stolen with this easy to use security marking kit. Full details of the kit can be found in the miscellaneous section or at www.britpart.com/security

Side & Rear Steps

Rock slider/side steps - pair
Discovery 3 & Discovery 4
The best of both worlds with these fitted to your Discovery!

Rock slider - an essential purchase for any off road use. They prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain.

Side step - users often fit side steps to enable easy access to and from the car - this is a problem when going off road as they bend, break and cause snagging. These are heavy-duty side steps made from 5mm steel plate with 50mm tube backed up by an additional 2 x 40mm tube supports. The joints are TIG welded for a smooth OEM finish. The other benefit of this rock slider/side step combo is that the outer 'bar' pushes away small trees and scrub from the bodywork of the vehicle. They can also be used to 'slide' around thick trees when grip is minimal. These units require no additional drilling just unscrewing and unclipping of the plastic OEM parts. Fitting should take 15 minutes each side. Grip tape supplied loose for optional fitment.

Cycle Carrier
VPLFR0091

- > The smartest, most elegant solution for loading and transporting a bike on the roof.
- > The self-adjusting and upright frame holder into which the bike automatically slides, makes bike loading easy.
- > Adjusting and securing is done comfortably and quickly, with a turning knob, at roof height.
- > Quick-release straps, adjustable for different wheel sizes, hold the wheels securely in place.
- > Light and convenient aluminium design.
- > Can easily be fitted on either side of the car roof.
- > Lockable - bike to bike carrier, bike carrier to load carrier.
- > Fits frame dimensions up to 100mm.

Front Runner

- > All aluminium construction, fully welded
- > Powder coated finish
- > Patented slat, with grooves to accommodate 8mm bolts
- > Modular design - allow accessories to be mounted and removed as need without drilling
- > Rail towards the rear, open in the front
- > Gutter mount stainless steel clamps

Roof Boxes
DA4332 Vista 540 - full width
540 litres
2,000 x 950 x 420mm (L x W x H)
Weight - 17kg
DA4331 Vista 380 - half width
380 litres
2,000 x 650 x 450mm (L x W x H)
Weight - 15kg
> Lock up struts - new improved design with side opening for ease of loading.
> Three point central lock system.
> 80mm width fixings to suit most roof bar sizes.
> UV resistant, high impact ABS.
> Load securing straps included.
DA4333 Triton 450
430 litres
1,970 x 830 x 380mm (L x W x H)
Weight - 18kg
> Premium roof box range with modern design for all kind of activities.
> Made of UV-resistant ABS plastic with gas struts for soft opening and closing of box.
> Three point central locking.
> Load securing straps included.
> Flexible attachment to the load bar.
> Fits both square bars and aluminium bars with C-slots.
> Unique quick attachments - the box is attached from the inside.

Mont Blanc

Britpart Expedition

These roof racks are manufactured from aluminium with a smart black powder coated finish. Fully welded, they are extremely strong, versatile and easy to use. The floor plank profiles are orientated longitudinally which results in a reduction in wind noise. There are nut channels on all the extrusions to allow for easy fitting of accessories.

DA3072 Defender 90
3 feet per side
Weight - 32kg
Dimensions - 2,050mm long x 1,500mm wide
Vehicle gutter to top of rack - 265mm
DA3070 Defender 110
4 feet per side
Weight - 38kg
Dimensions - 2,750mm long x 1,500mm wide
Vehicle gutter to top of rack - 265mm
DA3269 Defender 110 Double cab pickup
Defender 130 Double cab pickup
3 feet per side
Weight - 27kg
Dimensions - 1,600mm long x 1,500mm wide
Vehicle gutter to top of rack - 265mm

DA6529 NEW Discovery 1 & 2
Low profile
3 feet per side
Weight - 26kg
Dimensions - 2,050mm long x 1,500mm wide
Vehicle gutter to top of rack - 265mm
Note - Will only fit vehicles without factory fitted roof rails.
DA6537 Discovery 3 & Discovery 4
4 feet per side
Weight - 23kg
Dimensions - 2,300mm long x 1,260mm wide
Roof to top of rack - 120mm
Note - May need roof rail kit (CAB500120PVJ or CAP500090) to be fitted to vehicle prior to roof rack installation.

Refer to owners handbook for recommended maximum weight.

Safety Devices Explorer Roof Rack Range

- > Heavy-duty steel roof rack.
- > Explorer roof racks can be affixed with a system of detachable roof cross rails to the rainwater gutters or with aluminium clamps to fit directly on to the majority of Safety Devices' external roll cages.
- > A rain gutter mounted roof rack can be converted into a roll cage mounted roof rack with the appropriate fitting kit.
- > The standard pack includes a steel roof rack, fixing bolts and optional roof cross rails.
- > Roof racks are grit blasted, primed with a zinc enriched powder undercoat, and finished with a durable black powder coat.
- > Not compatible with a sunroof.
- > Tents can normally be affixed to the roof rack without a floor, although a marine ply non-slip floor is also available.
- > Additional roof cross rails are available to purchase for use without a roof rack for use as, for example, a roof bar, basic tent support, attaching a roof storage box or to spread additional load on the Safety Devices' roof racks.

Defender 110 and 130 Double Cab/Crew Cab Pick-Up
 2 roof cross rails as standard and can accommodate 2 additional roof cross rails.
 Not compatible with ladders.

DA4708	Short luggage rail	Gutter mount	1.6m x 1.4m	26kg
DA4731 NEW	Full luggage rail	Roll cage mount	1.6m x 1.4m	30kg
DA4709	Marine ply floor		1.6m x 1.4m	12kg

Refer to owners handbook for recommended maximum weight.

DA4711	Additional roof cross rail	4kg
	Gutter mount	
DA4717 NEW	Additional roof cross rail	4kg
	Roll cage mount	
DA4710	Roof ladder	6.5kg

Mounts to rain gutter and cross-member.
 For use with DA4702, DA4703, DA4705 & DA4706

Short luggage rail with rain gutter mount, ideal for side loaded tents.
 Long luggage rail with rain gutter mount, ideal for front or back loaded tents.

Discovery 2
DA4732 NEW
 Discovery 2 with roof rails
 Highlander' roof rack for mounting to the rain gutter.
 Full luggage rail which neatly follows the profile of the vehicle's roof. 4 lamp brackets at the front, 1 at the rear.
 Roof rack will also fit with factory fitted 'oversized' roof bars. Weight: 29kg. Roof racks are grit blasted, primed with a zinc enriched powder undercoat, and finished with a durable black powder coat. Will allow limited use of the sunroofs although cannot be opened fully.
DA4733 NEW
 Marine ply floor for DA4732 (1 floor with 2 'levels' plus all stainless and galvanised hardware for mounting).
 Weight: 19kgs.

Safety Devices - continued

- Safety Devices 'G4 Expedition' Roof Rack Range**
- > An 'all in one' rack without detachable parts and a luggage rail which completely surrounds the roof rack.
 - > The roof rack neatly follows the profile of the roof to provide two floor levels and fixes to the rainwater gutter only. This roof rack cannot be fitted to a vehicle where an external roll cage has been fitted.
 - > Includes 4 spotlight brackets at the front and 1 spotlight bracket at the rear.
 - > Heavy duty steel roof rack, grit blasted, primed with a zinc enriched powder undercoat, and finished with a durable black powder coat.
 - > Does not allow a sunroof to be opened.
 - > Not compatible with a roof tent.
 - > Standard pack includes a steel roof rack and rain gutter fixing bolts.

Defender 90 Station Wagon or Hard Top

DA4718	1.9m x 1.2m roof rack with full luggage rail for mounting to rain gutter. Dimensions refer to the usable loading area.	30kg
	Marine ply floor (two floor levels)	
DA4719	Upper section - 1,220mm (w) x 1,405mm (l) x 10mm (h) Lower section - 1,220mm (w) x 540mm (l) x 10mm (h)	12kg
DA4722	Ladder which mounts to roof rack and chassis. Only suitable for attaching to DA4718 & DA4720	8kg

Defender 110 Station Wagon or Hard Top

DA4720	2.6m x 1.2m roof rack with full luggage rail for mounting to rain gutter. Dimensions refer to the usable loading area.	40kg
	Marine ply floor (two floor levels)	
DA4721	Upper section - 1,220mm (w) x 2,128mm (l) x 10mm (h) Lower section - 1,220mm (w) x 540mm (l) x 10mm (h)	15kg
DA4722	Ladder which mounts to roof rack and chassis. Only suitable for attaching to DA4718 & DA4720	8kg

Load Securing System

BungeeClic Load Securing Starter Kit
DA5040
 > BungeeClic, a complete system for securing loads and objects.
 > It can be customised in a variety of ways to build the correct length ties needed for securing a variety of objects
 > It gives you all you need to build and adjust safe custom-length ties to suit your needs and requirements.
 > No more unsafe coupling or wrong lengths.
 > It can be used to secure loads at work, at home or out camping.
 > Min/max working load for all items - 0 - 80kg.
Kit Contents
 2 x J-hooks
 2 x Locking hooks
 1 x Straight connector
 1 x 90 - 135cm bungee cord
 1 x 60 - 90cm bungee cord
 1 x 30 - 45cm bungee cord

BungeeClic Additional Accessories
DA5041 BungeeClic J hooks - twin pack
DA5042 BungeeClic Locking hooks - twin pack
DA5043 BungeeClic Straight connectors - twin pack
 Straight connectors provide precision length for every job.
DA5044 BungeeClic Y connector - single pack
 Y connectors allow you to build netting shapes
DA5045 BungeeClic Wall mounts - twin pack
 The Wall mount offers solid and permanent anchoring; inside your Land Rover or behind any door.
DA5046 BungeeClic Adjustable hooks - twin pack
 The adjustable hooks let you quickly adjust and set the bungee cord the right length and position.
DA5047 BungeeClic 30cm cords - twin pack
 30cm extends up to 45cm
DA5048 BungeeClic 60cm cords - twin pack
 60cm extends up to 90cm
DA5049 BungeeClic 90cm cords - twin pack
 90cm extends up to 135cm
DA5050 BungeeClic 120cm cords - twin pack
 120cm extends up to 160cm

Customised in a variety of ways & used to secure loads at work, at home or out camping.

- Zu 44

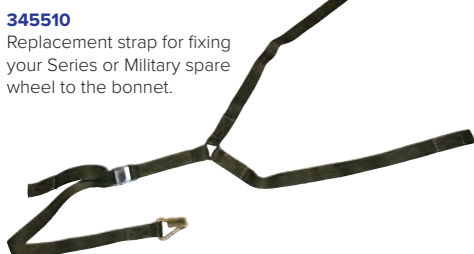

Spare Wheel Carriers

- DA2232** Defender - all models/Series
Swing away rear door mount
- DA2274** Defender - with half door tailgate
Swing away rear door mount
- DA2274CABLE** Spare cable for DA2274
- DA2215** Defender/Series
Fixed rear door mount

Spare Wheel Strap

Inner Tubes

- DA3000** 7.50 x 16
Uses TR15 (large) type valve
- DA3201** 205 x 16
Uses TR13 (small) type valve

Valve Caps

- LR027664** Red, white & blue Union flag Set of 4
- LR027666** Black, white & grey Union flag Set of 4

Enhance your wheels with a set of smart aluminium valve caps.

Tyre Monitoring & Repair

DA4512
This system is an advanced monitoring & alert system of tyre conditions. It monitors tyre pressure and temperature then relays the state of each tyre to a display unit. When any abnormalities are detected, the system will display the status of the affected tyre and sound an alarm to ensure you take action to remedy the problem. Keeping your tyres in good condition at the right pressure can extend the life of your tyres, reduce fuel consumption and improve handling.
Note - This system will only measure up to a maximum of 3.5 bar.

Air Compressors

DA2392
Double-pump air compressor
Air flow - 150ltr/min
It's no good being able to repair your tyres if you can't inflate them. Full details of these air compressors can be found in the off-road section.

DA2354
Single-pump air compressor
Air flow - 72ltr/min

Tyre Pressure Monitoring System

- Tyres that are at the right pressure will -
- > Improve fuel consumption
 - > Increase the tyre life span
 - > Help enhance vehicle handling & braking
 - > Reduce susceptibility to hydroplaning

System contents -
1 x Display
1 x Receiver
4 x Tyre sensors
3 x Display brackets
2 x 3M stickers
1 x Instruction manual

Tyre Repair Kit

DA2390 - Tyre repair* kit in travel case
How It Works
1. Find and remove the item that caused the puncture.
2. Apply rubber solution to the reamer tool then push the reamer into the puncture and work up and down until the reamer moves easily in the hole.
3. Thread one rubber tyre plug in the hook tool.
4. Push the rubber tyre plug into the hole until 1/2" of the tyre plug remains outside the tyre then turn the hook tool a quarter turn and pull out slowly.
5. Cut off the excess tyre plug as close to the tyre as possible.
6. If the puncture is too big have the tyre fixed by a professional.
*Recommended for off-road use only.

ARB Tyre Maintenance

DA8927 NEW Tyre Inflator
> Compatible with ARB air compressors.
> Easy to read dial with dual scale PSI/bar increments.
> Quality bronze Bourdon tube gauge design.
> Fully geared, solid brass precision movement.
> Protective rubber gauge guard.
> Air bleed button for deflating.
> 330mm stainless braided flexible hose.
> Clip on chuck.
> Incorporates 1/4 NPT-US standard made air fitting.
> Internal air shut off valve.

DA8930 NEW Speedy Seal Puncture Repair Kit
Coming in a compact, high visibility carry case, the Speedy Seal includes all the components necessary to repair tubeless radial or cross ply tyres, without removing the tyre from the vehicle or rim. A pencil type tyre gauge with dual chuck makes setting pressures a snap, while a spring steel insertion needle and hardened reamer tool allow fast tyre repairs.
> Lubricant for easier tool insertion.
> Additional accessories (valve core tool, spare valves and valve caps).
> 30 self vulcanising repair cords for complete air sealing.
> Allen keys.

DA8931 NEW E-Z tyre Deflator
The unique, patented design of the E-Z Deflator allows for removal of the valve core for rapid tyre deflation, while also providing accurate pressure reading via the simple movement of a sliding valve. Provided in a protective canvas pouch, the quality bronze Bourdon Tube gauge design ensures accuracy is not affected by fluctuations in temperature, humidity or altitude.
> Corrosion resistant brass/stainless deflator tool.
> Fully geared, solid brass precision movement.
> Protective rubber gauge guard.
> Easy to read dial with one PSI increments.

DA6253 Tyre Inflation Kit
The ARB tyre inflation kit for air compressors is specially sourced from Japan, providing a unique high-heat tolerant hose for the hi-output compressor (DA4190). The practical kit includes a dust resistant air chuck and an enclosed internal bearing system to prevent dirt ingestion.
> Suitable for camping, touring and off-road applications as well as everyday usage.
> Provides fast, accurate inflation.
> Kit includes
1 x high heat pressure hose.
1 x ARB air chuck with quick press fitting.
1 x ARB T-fitting for use with the ARB air compressor (DA4190) and an assortment of additional fittings to suit various camping and sporting gear such as air mattresses and footballs.

Smart looking, tough, high quality alloy wheels which are ideal for off-road use. Used for rally-road competition vehicles as well as the military these Blindo wheels are TÜV approved and manufactured in Italy.

- > Only prime aluminium is used.
- > Less silicon is added than cheaper alloy wheels.
- > Alloys are heat-treated for improved mechanical properties.
- > Metal is de-gassed to remove any small bubbles.
- > Low pressure cast to ensure improved metal density.
- > Once made each alloy is x-rayed to check for defects, then water tank pressure tested to ensure no leaks.

Heater Control Light Upgrade Kit

Restore the Range Rover P38's heater control unit back to full brightness with this Britpart kit. Full fitting instructions are included.

Britpart Lynx Eye LED Headlamps NEW

Right hand drive pair
Left hand drive pair
Standard 7" fitment for Defender, Series & Range Rover Classic. Durable polycarbonate lens & die-cast aluminium housing provide maximum protection

- General Specifications**
- > Lens material: Polycarbonate
 - > Housing material: Die-cast aluminium
 - > Mounting: Replaces PAR56 headlights
 - > Mounting connector: H4 and H4 to H13 converter
 - > Colour temperature: 6000-6500K
- Technical Specifications**
- > Low beam: 2.5 amps @12V DC
 - > High beam: 2.00 amps @ 24V DC
 - > Low beam: 1.25 amps @ 24V DC
 - > Row lumen output: 5600LM
 - > Effective lumen output: 3640LM

ECE LED Headlamps

- Features & Benefits**
- > ECE & ROHS compliant.
 - > LED sealed beam technology with polycarbonate lens and sealed electronics.
 - > Up to 50 x longer life than halogen headlamps, lowering life-cycle costs.
 - > Produces pure white light, nearly identical to daylight that is easy on the eye, unlike harsh blue HID systems.
 - > Includes built-in position lamp with optional wiring.
 - > Offers great forward vision, improved roadside coverage and highly controlled beam patterns, offering glare protection to oncoming traffic.
 - > Dipped/passing beam and main/driving beam functionality.
 - > Ultra-bright output for maximum night visibility.
 - > H4, 3-Blade connector system (main & dipped beam only).

Light Upgrade Kit

Convert your early Range Rover P38's standard orange indicator lights to the later, more stylish white indicator lights with this upgrade kit

- > Ultima - up to 120% more light on the road.
- > Xenon 130 - up to 130% more light on the road.
- > 100% Xenon gas and advanced filament technology produce exceptional night driving performance.
- > A longer beam pattern enables other road users to be seen more clearly and allows more time to react to potential hazards.
- > Better reflections from road markings and signs make for more comfortable and safer night driving.
- > Street legal and a simple upgrade from standard bulbs, requiring no changes to vehicle wiring.

Xenon Ultima Headlamp Upgrade

Xenon 7" universal fit headlamp upgrade kit includes Xenon Ultima. Suitable for Defenders, Series and Range Rover Classic. Xenon Ultima is the first auto bulb to put 120% more light on the road. The lamps have a complex surface to give a superior light distribution. They are E-approved, fully road legal and the kit includes headlamp units and xenon bulbs. 3 year warranty.

Work Lights

Exterior Lights

DA1146
3 watt LED exterior work light with smart matt black aluminium housing. Input voltage 10-30 volts. Waterproof to IP67 standards. 85mm diameter with mounting bracket. Incredibly bright and in most cases will not require a relay due to the 3 watt load.

Verdict
"Robust and gives a useful spread of light."
Neil Watterson, LRO Deputy Editor

DA4120
Hella Torero 5760 work light
Long-range illumination H3 work light with handle. Includes universal mount (swivel) with M10 mounting screw for upright or pendant mounting. Prism optics for long-range illumination. The housing is made of black plastic, with a prominent edge to protect the lens. The reflector of steel sheet is bonded to the glass lens. With switch, vibration damper and guard.

- > Rated voltage: 12/24 volts
- > Recommended inclination angle: 15° - 20°
- > Range: 40m
- > Light exit diameter: 120mm
- > Diameter: 152mm
- > Overall height: 239mm
- > Protection: IP5K4K
- > Suitable bulb: H3 (Halogen) not included

Part no. 12v - 606178

Inspection Lamps

DA5063 NEW
High Power Mechanics Headlamp
> 3W Cree LED provides 320 lumens of light output.
> Operating times: 2.5hrs (high); 8hrs (med) & 18hrs (low).
> Lamp adjusts through 50° to focus on work area.
> Tough & robust impact resistant aluminium construction, ideal for a workshop environment.
> Weatherproof design for outdoor use.
> Adjustable headstrap with padding for comfortable usage.
> 4 x AAA batteries included.

DA5064 NEW
MAGflex Ultra Bright LED Inspection Lamp
> Rechargeable and cordless.
> New technology strip LED provides 350 lumens light output while the torch provides 85 lumens.
> Multi-positioning for directional lighting.
> White light output simulates daylight.
> Optical lens provides wide angle uniform illumination.
> Magnet for hands free use.
> 2 x Integral hanging hooks.
> High power LED torch function.
> Anti slip comfortable grip.

- > Li-ion battery for faster consistent recharging.
- > Includes AC UK mains charger and 12v DC charging lead.
- > 3 hour operating time
- > 5 hour charging time.

DA5026
Professional LED Inspection Pocket Lamp
> Rechargeable and cordless for convenient use.
> High powered LEDs provides a bright light output.
> Anti-slip comfortable grip.
> Magnet for hands free use.
> LED torch function for focused light output.
> Precision reflector provides wide angle light output.
> Tough and robust polycarbonate lens for demanding conditions.
> Lithium ion battery for faster consistent recharging.
> Includes AC mains charging adapter with UK plug.

SEPTEMBER 2016

BRITPART
The quality parts for Land Rovers

Rajaz in Salt Planet

Iranian Modelled Land Rover
Khalil Sanjani, Star
by Hossein Farahani

Towing

This section contains all of the equipment needed to get you hitched up and towing with a wide selection of hitches and ancillary parts to suit all Land Rover models!

- All Models 54
- Defender 55
- Discovery 56 - 57
- Freelander 58
- Range Rover 59 - 60
- Series 58

Make Your Land Rover A Star!

Here at Britpart we are planning our next Land Rover themed calendar and we'd love to feature the pictures of proud Land Rover owner's vehicles – whatever model, age or condition of the vehicle.

We love to see pictures of Land Rovers in locations stretching from rural UK, right through to vehicles in a foreign urban environment - use your imagination. Winning entries will all feature in the next Britpart calendar and each one picked will win a great prize. So get out there with your Land Rover and camera - happy snapping. You can send us as many entries as you would like! **Good luck!**

Prizes

There will be 12 prizes awarded –

1 x first prize: £250 cash prize, 10 copies of the calendar with the winning image on the front cover and featured inside the calendar and a large Britpart hamper.

11 x second prizes: 5 copies of the calendar and a Britpart hamper.

Details on how to enter and full terms and conditions - www.britpart.com/calendar

All Models Towing Hitches

- 201691 Ball, jaw & pin - heavy-duty 4 bolt mounted (ball 3½ ton/jaw 5 ton)
- DA2123 Ball, jaw & pin (RTC8159/LR008244)
- DA5100 Tow hitch (3½ ton)
- KNB100640 Towing jaw (3½ ton)
- NRC2051 NATO Tow hitch

Ancillary Parts

- 67187 Pin universal coupling - heavy-duty (201691)
- DA2194 Replacement pin for DA2123
- ANR3635 50mm Tow ball cover
- 579408 7-pin trailer plug
- 7-pin to 13-pin adaptor
- DA5023 To use on vehicles with 7-pin towing electric sockets
- 13-pin to 2 x 7-pin adaptor - 12N/12S
- DA5025 Ideal for when vehicles with a 13-pin socket are required to tow caravan/trailer with twin 7-pin plugs.
- Universal towing electrics
- DA1126 12N Rear audible relay kit with pre-wired 2m cable
- DA2195 Replacement slider bracket - 1-pin
- DA2118 Replacement slider bracket - 2-pin
- RTC8831 Saddle slider - fits all Dixon Bates kits
- DA2123A Replacement chain, tag & clip
- DA2196 Replacement slider pin
- DA2197 Replacement slider pin 'R Clip'

- DA2605**
Autojaw Semi-automatic universal coupling
- > Self engaging / semi-automatic disengaging, simple one handed operation.
 - > No losable / stealable parts.
 - > Compact design for maximum ground clearance and minimum overhang.
 - > Minimum fixing point to towing point centre dimensions to minimise forces applied to both towbar and towing vehicle.
 - > No chains or wires.
 - > EC94/20 Approved (e11 005762).
 - > Compatible with 30, 40 & 50mm British standard eyes.
 - > Conforms to Road Traffic Act 1281 (1998).

DA5123 Lunar
DA5124 Almond
Evoque with adjustable armrests
DA5146 NEW Black
DA5147 NEW Lunar
DA5148 NEW Almond

Bulkhead Bars

DA1810 Defender OEM bulkhead removal bar kit
DA2351 Defender bulkhead reduction bar kit
Need more leg room and seat adjustment in your Defender?
These bulk head bars alleviate that problem without compromising strength. The bulk head bars allow for extra seat recline and travel on the seat base - giving you a more comfortable seating position and more space in the front foot wells. The bars create a rigid bracing for the front of the Defender tub as well as the added benefits of extra room in the vehicle due to the seats being more manoeuvrable, access to the rear of the Defender is now not compromised by a higher bulk head. Powder coated and supplied complete with all the necessary fixings and instructions.

Extended Seat Rails

> Ideal for the taller driver.
> A more practical and comfortable driving position.
DA2148
Give your Defender (including 2007 onwards model) seats 3" of extra slide with a pair of these seat rails. Ideal for the taller driver to give a more practical and comfortable driving position. One pair of rails is suitable for one seat.

Photo courtesy of James Profit

Glove Boxes

Neat storage solution for the Defender - 2007 onwards model - which utilises the available dashboard space. Ideal for storing all the usual small items you carry with you. Robust construction and easy to fit with all the necessary parts supplied. Suitable for both right and left hand drive vehicles.
DA2603 Normal interior finish fascia plate
DA2603CF Carbon fibre effect finish fascia plate

The highly skilled team in the Britpart Trim Shop make a wide range of seats and seat covers for Land Rover vehicles by hand. The material arrives in vast reams and has to be cut with great precision before being stitched together and then assembled into seat bases, seat backs, seat benches etc. In keeping with the Britpart philosophy, all products leaving the Trim Shop are produced to the highest standards and meet with the strictest safety regulations.

Retrofit Seat Heaters

DA5717
Enjoy comfortable seat heating in a matter of seconds with these retrofit insert seat heaters. Highly flexible, coated heating elements for seat base and back are placed between the upholstery and seat cover without altering the shape of the seats. The heater is connected to the 12V on-board power supply using a ready-made cable set with switches for the drivers seat and passengers seat with the heat output able to be set at two stages. Integrated temperature sensors protect against overheating. The seat heater can be fitted in any vehicle with a removable cover.

- > Complete set for two seats.
- > Extra comfort with 2 heating levels
Stage I = pleasant permanent heat & Stage II = heat-up.
- > Installation kit for driver's seat and front passenger's seat with four heating elements.
- > Pre-assembled cable set with switching relay and two illuminated switches for universal use.
- > Integrated temperature guard.
- > Heating elements made of extremely flexible coated wires.
- > For seats with removable covers.
- > Fitting materials & instructions.

Operating voltage - 12 volt; Output - Stage I: 44 watts & Stage II: 90 watts
Dimensions - Seat: 400 x 280mm & Backrest: 300 x 280mm
Test mark - e-approved to 95/54/EC (EMC guidelines for vehicles)

Off-roading? Got a working Land Rover?

Well the chances are your seats won't be in showroom condition, luckily Britpart have the answer - a Defender re-trim kit.

Sparco Seats

DA7301	Black leatherette
DA7302	Black/blue
DA7303	Black/grey
DA7304	Black/black
DA7305	Black/red
DA7306	Seat runners
DA7307	Mounting kit - removable
DA7308	Mounting kit - fixed

- > Lightweight and compact
- > High comfort
- > Tubular frame construction
- > High quality recline mechanism for smooth and easy adjustment
- > Compatible with 3 or 4 fixing point harnesses
- > Base mounted - 271 x 345mm

These Sparco seats are ideal for the Defender (excluding truck cabs*). Drawing on decades of racing history, Sparco has created a line of street car seats that offer the ultimate in comfort and performance. The ergonomic designs help cradle and protect the driver against even the most demanding lateral forces. The R100 is Sparco's latest incarnation of ground-breaking steel-model seats. It features redesigned bolsters for greater support and new padding configurations for improved comfort. It has been built with comfort and support in mind but it's lower side bolsters and slightly narrower steel frame allow it to fit into vehicles where fitting seats with larger side bolsters may be difficult. The seat features backrest harness slots so that it can be used with a race type harness or normal seatbelts. The seats can be reclined using the double adjuster lever. Made from a durable fabric, the R100 is available in single tone or duo-tone styles. Duo-tone styles feature contrasting side accenting and stitching to match any interior. The Sparco R100 range is designed to attach using Sparco vehicle specific seat mounts.

*Not suitable for vehicles with truck cabs fitted as they restrict the leg room in the vehicle.

Corbeau Seats NEW

Corbeau Sportline RRS Low Base Seats

A revised version of the RSS, the Low Base has been designed specifically for Defender owners. The RRS has up-to-the-minute styling, giving you the ultimate in comfort and safety. This steel-framed sports recliner has a high quality moulded foam cushion, with lumbar support to give maximum comfort whilst not compromising lateral support. With its ultra low side bolster this is the perfect application for any high rise vehicle. Fitted with a high quality single reclining and tilting mechanism for ease of adjustment. TUV Approved. Sold in pairs.

Seat Handle & Cover Kit NEW

DA5495 NEW
 A pair of Defender seat handles and covers

Door Stays

DA1203
 Does your Defender's rear door sometimes close on you unexpectedly?
 This neat and easily installed gas strut kit will solve that problem and replaces the original door stopper. The gas strut will hold the door in place when open - even with a spare wheel in place - and will assist in the opening of the rear door too with a smoother and more controlled movement. Complete with fittings and instructions.

Tyre Repair Kit

Don't get caught out with a flat tyre or two!

Pack and leave an easy to use Britpart tyre repair kit in your vehicle.*

DA2390
Tyre repair kit in travel case. See the wheels section for more details on the tyre repair kit from Britpart.

* Recommended for off-road use only.

ARB - continued

ARB Diff Lockers

- > Provides 100% traction on demand without affecting on road driveability or driveline wear.
- > Vastly improved traction means less reliance on momentum, thus reducing the likelihood of vehicle damage and environmental impact.
- > Easy, convenient operation allows the driver to concentrate on the terrain without leaving the comfort and safety of their seat.
- > Ultra durable and extremely strong - only the highest quality materials used in construction.
- > Incredibly simple yet effective design that employs minimal moving parts, thereby ensuring maximum reliability.
- > Thoroughly tested and proven design - trusted and used in over 80 countries around the world.
- > Easy installation and maintenance - no special tools, skills or additives required.
- > Two year warranty guarantees the Air Locker will be free of defects in materials.

Air Locker locking differentials allow you to tackle the toughest terrain. As the world's premier traction aid, ARB Air Lockers keep you moving in all conditions. Ultra durable and extremely strong - only the highest quality materials used in construction.

Notes - 1. If vehicle was manufactured during 1993, check spline count. **2.** Air Locker not available for vehicles equipped with high load option. **3.** Ring gear spacer required. Longer ring gear bolts (not supplied) are also necessary - (Land Rover part no. 576521). **4.** When an DA4191 Air Locker is to be installed in Range Rovers manufactured prior to 1980 (approx.), special carrier bearings (No. K11300/K1162) may also be necessary - Land Rover part no. RTC3426. **5.** Some vehicles have crown wheel bolts which cannot be reused and must be replaced. Consult service manual. **6.** P38A is most commonly found in traction control equipped vehicles. Identify P38A type diff by large 205mm [8.07"] flange diameter. P38A was not used on North American delivered Discoverys - use DA4193.

Ashcroft Transmissions

Features

- > A unique non-rotating annular piston locking actuator is designed to eliminate air leaks sometimes found with rotating seals.
- > The annular piston is also designed to eliminate the oil blow back in the air exhaust line.
- > The large piston area gives maximum hold-in force to reduce the possibility of jumping out of lock.
- > Locking ring gives full 6mm positive engagement with side gear, again reducing the possibility of jumping out of lock.
- > Gears have been redesigned for maximum strength and durability.
- > The lock ring is made from high spec 300m steel to provide ultimate strength and ability to withstand shock loads.
- > Locking actuator cage made from steel to withstand shock loading caused by power locking.
- > Locker body turned from billet 817M40T (EN24T) to give optimum strength.
- > Only change necessary to fit the locker is drill and tap the diff housing 1/4" bsp for the air feed fitting.
- > No changes to the axle case.
- > Requires on board air supply - not supplied.

Diff Lock Lever Kit

DA1178
Discovery 2
Early Discovery 2's were not supplied with a centre diff lock function for the LT230 transfer case although the vehicles still have the centre diff lock installed in the transfer case. To get the diff lock function to work it just needs connecting. The linkage is easy to fit, cable operated and very neat. You attach the existing high/low stud to this new lever assembly. This kit will only work on transfer cases with serial numbers starting with either 41D or 42D.

LT230 Cross Pin

DA1225
Ashcroft Transmissions cross pin
The standard LT230 transfer boxes have a two piece cross pin in the centre diff, this is two shafts with a cut out in the centre so they can overlap. This one piece heavy-duty cross pin is much stronger.

Photo courtesy of Jo Pritchard

Detroit

Detroit Locker

- > 100% locking differential
- > Legendary traction
- > Ultimate performance

The legendary Detroit Locker began the revolution in performance differentials and still leads the industry today as an Eaton brand. The Detroit Locker is the most durable and dependable locking differential available.

The Detroit Locker maximises traction by delivering 100% of the torque to both drive wheels. It is engineered to keep both wheels in a constant drive mode, and has the ability to automatically allow wheel speed differentiation when required.

No other performance differential has the reputation for delivering traction in mud, snow, rocks and on the track. The choice of professional racers and off-road enthusiasts around the world! The durability of the Detroit Locker is unmatched!

DA5701	Series 3/Defender/Discovery 1/Range Rover Classic	10 spline	Rear
DA5704	Defender - Salisbury axle Detroit Locker	24 spline	Rear

Detroit Truetrac

- > Smooth operation
- > Performs open until needed
- > Fully automatic limited slip

The Detroit Truetrac was the first helical gear differential ever introduced into the automotive aftermarket as an Eaton brand. It remains the leading helical gear-type limited slip differential in the industry. Detroit Truetrac's proven helical gear design eliminates the need for wearable parts, resulting in maintenance free traction.

Recognised not only for its toughness but also its smooth and quiet operation. Engineered to work efficiently in front and rear axles, semi-floating (C-clip axles) and transfer cases. Power transfer is so smooth, it literally goes unnoticed by the driver - even in front wheel drive axles.

Proven design, low cost and effective performance, all make the Detroit Truetrac limited slip differential the ideal choice for a wide variety of vehicle applications.

DA5710	Series 3/Defender/Discovery 1/Discovery 2/Range Rover Classic	24 spline	Front
DA5711	Defender - Salisbury axle	24 spline	Rear

"The choice of professional racers & off-road enthusiasts around the world."

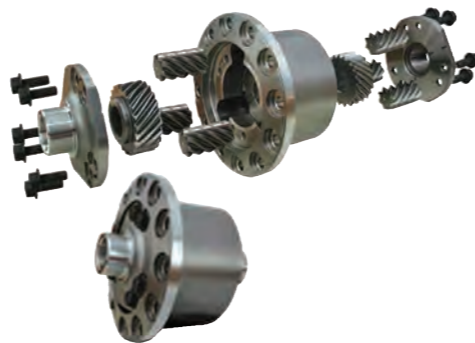

IMPORTANT

When fitting a metric diff centre with metric bearings into an imperial casing you will require the additional following parts. Diffs went from imperial to metric in approximately 1983, take a look at one of the heads of the four large journal end cap bolts, if '8.8' is on the head it is metric, if not then it is imperial. Parts are required for fitting to both Truetrac or Detroit lockers.

DA5712	Spacer ring
DA5713	Imperial bearing sleeves
RTC3095	Bearings. 2 x bearings are required
576521	Longer bolts x 10

Fitting a Detroit Truetrac to the rear of a late Defender 110 will require the spacer ring DA5712. Ten longer bolts are needed too 576521 is a pack of 10.

"Recognised for its toughness as well as its smooth & quiet operation."

For first aid & travel kit contents details
www.britpart.com/safety

Emergency Equipment

First Aid & Travel Kits

DA5031
Compact First Aid Kit
Lightweight, compact carry case. Great for people on the move and ideal for treating minor injuries. Contents are CE certified.

DA5032
Standard First Aid Kit
Comprehensive range of essential items in a handy case. Contents are CE certified and are in conjunction with DIN 13164.

DA5033
Essential Emergency Travel Kit
Essential items for emergencies on the roadside. Compact carry case. Ideal size to store in front of the vehicle for easy access.

DA5028
European Travel Kit
Includes essential items when travelling to Europe. All products are manufactured to UK required standards where applicable.

DA5029
Glovebox Travel Kit
Ideal size to fit into your glove compartment, contains essential everyday items for in & around the vehicle.

Emergency Hammer

DA6500
Life Hammer - The Original
> Double-sided steel hammer for shattering windows quickly and easily for a safe and quick exit from any vehicle.
> Razor sharp blade cuts through seatbelts to ease escape.
> Fluorescent button allows hammer to be located in the dark.
> Installation mounting bracket ensures hammer is accessible when you most need it.

Fire Extinguishers

STC8138AB
> 2kg kit.
> Long-life - 100% polyester resin coated fire extinguisher.
> Safe handling & crash proof fastening.
> Readiness to operate displayed by manometer.
> Precision brass valve.

STC8529AA
> 1kg kit.
> One-handed operation fire extinguisher.
> High rating.
> Checkable & re-chargeable.
> With crash-tested bracket.
> Attractive design.
> Controlled discharge.

Recovery Kits

With a recovery kit you have the peace of mind carrying a purpose-built recovery bag filled with a selection of items that will come in handy the next time you get stuck.

DA8932 NEW
ARB Premium Recovery Kit
> 8,000kg snatch strap
> 4,500kg winch extension strap
> 12,000kg tree trunk protector
> 9,000kg snatch block
> Recovery damper
> Winch pack storage bag
> Bow shackles and gloves

DA8928 NEW
ARB Essentials Recovery Kit
> 8,000kg snatch strap
> 12,000kg tree trunk protector
> 9,000kg snatch block
> Snatch pack storage bag
> Bow shackles

DB1015
Britpart Recovery Kit
> Wheel chocks
> 9,000kg snatch block -
> 8,000kg tow strap
> 8,000kg snatch tow sling
> Bow shackles
> Tree strap
> Winching gloves
> Winching blanket
> Winch kit bag

Fuel Storage

Defender 90
DA4547
Defender 90 - Td5 & Tdci - up to 8A
DA4548
Defender 90 - Tdci - from 8A
> 30 litres* plastic flow tank
> Lightweight
> Supplied as kit
> Easy to install & use
> Requires no pumps or added fillers
> Does not interfere with storage or clearance
> Compatible with standard Defender fuel filler cap *approximately

The best way of getting more fuel into your Defender without using valuable space or complex pumping systems!

Long Range Fuel Tanks

Defender 110
DA4545
Defender 110 - up to 1999 (pre-Td5 models)
> Rear arch metal spare fuel tank - right hand side
> 45 litres
> Supplied with all the necessary fittings to install and use
DA4546
Defender 110 - 1999 onwards (Td5 & Puma models)
> Rear arch metal spare fuel tank - right hand side
> 45 litres
> Supplied with all the necessary fittings as well as a replacement filler neck and specifically engineered bulkhead fitting for the balance pipe, having these makes the fitting of the tank quicker and easier as well as it working better too.

Note - Both above tanks are not suitable for use in a Defender 130. Additional bracket required for 7 seater.

DA4546KIT NEW
The long range fuel tank DA4546 will require this additional bracket when fitting to a 7-seater Defender.

Jerry Cans

DA2166
Jerry can - 20ltr
DA2170

DA2171
Jerry can - 10ltr stainless steel
DA2172
Jerry can stainless steel spout
DA2182
Jerry can holder for 20ltr cans

Don't get caught short!

Jacks

Hi-Lift

Rugged & Highly Versatile Jacks

The Hi-Lift jack is a rugged, highly versatile jack that puts you in command of situations requiring lifting, pushing, pulling, winching, and clamping. Although light in weight and easy to manoeuvre, the Hi-Lift jack offers a rated lifting capacity of 2½ tons (2,114kg).

Accessories

- DA2174** Off-road base plate - Alleviates jack sinkage on soft surfaces - suits both models
- DA2243EYE** Jacking eye - Spare jacking eye
- DA2244** Jacking point adaptor - Allows the use of the jack with the standard jacking points on a Defender
- DA2248** Fix-it-kit - The maintenance kit contains all the key components for servicing all Hi-Lift jacks
- DA4350** 4XRAC - Heavy-duty mounting system for the serious off-roader
- DA4351** Loc-Rac - Conveniently mounts and locks your Hi-Lift jack. Includes lock and suits all models
- DA4352** Jack protector - The jack protector vinyl bag protects your jack from the elements - one size fits all
- DA4353** Lift mate - Designed to provide a lift point from most wheels for quick and easy lifting. Lifting capacity is 5,000lbs/2,273kg
- DA4354** Off-road kit - The Hi-Lift winching kit includes a winch attachment, winch tensioner, tree strap, d-ring shackle, Hi-Lift gloves and gear bag. Winch time is reduced significantly using the winch attachment and tensioner together.
- DA4355** Bumper lift - Designed to fit curved steel bumpers. Rugged design of the bumper lift has a lifting capacity of 3,000lbs/1,361kg
- DA4356** Neoprene jack cover - This jack cover offers a level of mud and dirt protection for the main lifting mechanism of the jack when not in use. It zips on easily over the foot of the jack and provides a tight fit.
- DA4357** Adjustable tube jack mounts - small set - For use on tubes from 1 to 2" in diameter, which works on many roof racks. It can also be used on ATV/UTV bars, bumpers and roll cages.
- DA4358** Adjustable tube jack mounts - large set - For use on tubes from 2 to 3" in diameter that will work on most vehicle bull bars and roll cages.

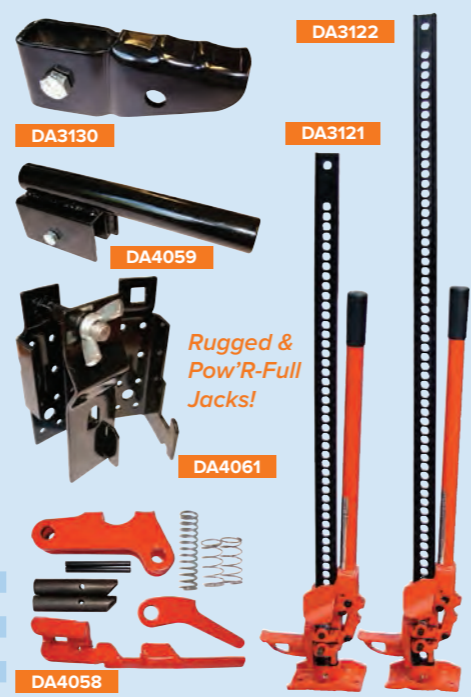

Jackall

Built with a patented 'Safety Link', the Maasdam Jackall is the 'Jack with More!' Larger base for greater stability. 'Safety Link' mechanism that prevents abuse, misuse and makes operations safer. Jacks come with a lifetime warranty and are built to current ANSI/ASME specifications. When safety and dependability matter most, continue to rely on Jackall.

Features & Benefits

- > Patented 'safety link' mechanism which prevents abuse and misuse.
- > Heavy ribbed, extra large base which provides strength and greater load stability.
- > Cast components assures long life, trouble free operation.
- > Hot roll-formed, alloy steel beam which is strong and reliable.
- > Steel handle locks against beam for convenient storage.
- > Powder coated through and through which reduces scratching, greater corrosive resistance.

- DA3121** 48" Jack (4ft) - 8,000lbs capacity
- DA3122** 60" Jack (5ft) - 8,000lbs capacity
- DA3130** Top clamp
- DA4058** Maintenance kit
- DA4059** Jacking point adaptor
- DA4061** Mounting kit jack rack

- DA2243** 48" Jack (4ft)
- DA3120** 60" Jack (5ft)

Specifications

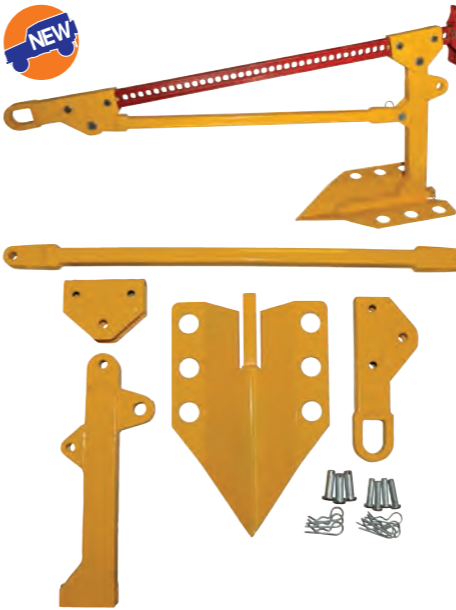

- > Approximate weight: 30lbs (14kg).
 - > 4,660lbs (2,113kg) rated capacity.
 - > Climbing pins of specially processed steel with 125,000psi tensile strength and 100,000psi yield.
 - > Steel bar is manufactured of specially rolled extra high carbon steel with 80,000lbs minimum tensile and carbon 0.69 to 0.82.
 - > Steel handle of 14-gauge high-yield structural tubing with minimum yield of 55,000psi - 5/16" diameter x 30" long.
- Features
- > Every jack comes complete with an adjustable top clam clevis for use in clamping and winching.
 - > For speedy disengaging, lifting unit automatically drops away when load is removed.
 - > 4½" (11cm) long lifting nose for positive contact with load.
 - > Safety bolt is designed to shear at 7,000lbs (3,175 kg).
 - > Steel bar can be reversed for extra long life.
 - > Low pickup of 4½" (110mm).
 - > 28" square base plate.

- DA1004** Double incline land meter Carbon fibre effect

Lift Rod Kit

DA7531
Fully adjustable suspension lift rod kit
Discovery 3/Discovery 4/Range Rover Sport - 2005 - 2013

"The ease of changing the ride height is what separates these rods from others in the marketplace."

These adjustable rods replace the plastic and rubber parts Land Rover supply on the vehicle. Made from aluminium with an industrial heavy grade rubber bushing, the aluminium parts are anodised black to help with corrosion protection and blending in when in the garage for work.

The lift rods have two settings; standard and off-road. With the vehicle set to normal driving height the shortened rods will give you off-road height. If you select off-road height the vehicle will be in the 'super extended' position as standard if you use the 'shortened' settings. The ease of changing the ride height is what separates these rods from others in the marketplace.

No tools are required and should take no more than 2 minutes to do all four rods.

Access to the front is over the front wheels and for the back is through the rear wishbones (blanket required!)

Note - If run for a long time in off-road position then wheels may need realigning.

Raised Air Intakes

Other

If your likely to be driving your Land Rover in circumstances which could mean wading deep water or driving in very dusty conditions then you should consider fitting a raised air intake to your vehicle.

NRC6920

This version from Britpart is a classic mushroom-top snorkel for Defender. Featuring heavy-duty metal pipe work, cyclone pre-cleaner and a durable attractive matt black finish.

- DA2225 Defender - 300Tdi/Td5
- PHD500340 Defender - 2007 onwards
- NRC6920 Raised air intake cleaner for DA2225 & LR008383 Inside diameter - 64mm

Safari

Pioneered in Australia in the early 1980's, Safari Snorkels were born out of a need to protect 4WD engines from the hazards of dust and water commonly encountered in touring and off road applications.

Safari snorkels are manufactured to the highest standards in durable, UV stable, cross linked polyethylene material, using stainless steel hardware where appropriate. Each system includes quality fixtures and fittings, which offer superior sealing, presentation and long-term durability.

In arguably the best, if not toughest environment, Safari Snorkel Systems are thoroughly researched, tested and tooled for each model of Land Rover. The Safari Snorkel delivers a continuous and cooler supply of air for maximum engine performance. It is positively sealed as well to ensure the best protection against deep water crossings and dust.

Model	Year Range	Snorkel fitment side
Discovery		
DA3015	Discovery 1 - 200Tdi - 1990 - 1994	LHS
DA3018	Discovery 1 - V8 - 1990 - 1994	LHS
DA3020	Discovery 1 - 300Tdi (non-EGR)	LHS
DA3022	Discovery 1 - V8 - 1994 - 1999 (non-ABS)	LHS
DA3025	Discovery 1 - 300Tdi (non-EGR)	LHS
DA3026	Discovery 1 - V8 - 1994 - 1999 (ABS)	LHS
DA3023	Discovery 2 - Td5	LHS
DA3021	Discovery 2 - V8 - 1999 onwards	LHS
DA3027	Discovery 3 - TdV6 SE/Discovery 4 - TdV6	RHS
DA2374	Stainless steel air ram grille. Shown attached to air ram - grille only. Will not fit DA3069 snorkel.	
DA3141	3" replacement air ram for DA3024	
DA3142	3 1/2" replacement air ram for DA3025, DA3026, DA3027, DA3027LH, DA3069	
Note	Fitment from seated internal view - RHS - right hand side and LHS - left hand side.	

Safari snorkels are manufactured to the highest standards in durable, UV stable, cross linked polyethylene material.

Batteries

Optima Batteries

With its patented SpiralCell® Technology, Optima batteries offer 15 times the vibration resistance and up to twice the life of ordinary batteries. The Optima is like no other battery found in today's market. Optima's unique patented SpiralCell® design offers the best technology by providing a strong and clean power source that far surpasses any of today's traditional lead acid batteries. With Optima as your choice, you can count on a longer lasting battery.

Yellow Top

Demand more from your vehicle? Then get more from your battery. Optima Yellow Top batteries are made for the extremes. If your vehicle is designed to take the abuse of off-road driving, you need increased performance and reliability from your battery. Optima batteries combine patented SpiralCell® Technology to deliver that performance. The deep cycle characteristics of this technology coupled with its extreme resistance to vibration provides performance vehicles with the repetitive power they need, packaged in a spill-proof compact design.

If your vehicle is fitted with high drain accessories such as additional lighting, tracking devices, ICE systems, winches, hydraulics etc, then this ultimately demands more from your battery. Optima Yellow Top batteries provide the extra performance and deep cycling capability that your vehicle demands.

RedTop

Optima Red Top batteries are built to withstand the abuse 4x4's experience on and off-road. SpiralCell® Technology immobilises the internal components of the battery, enabling Optima batteries to withstand incredible amounts of vibration.

Vehicles modified for improved engine performance demand more from a battery. Optima batteries withstand the high engine bay temperatures associated with these performance vehicles. The sealed construction makes the battery spill-proof, even if you install it on its side!

This prevents external gassing and leaking which can damage engine components and reduce battery performance.

If your battery is used in applications that demand extra reliability endurance and performance, or if you just take pride in getting the best performance out of your vehicle, Optima Red Top batteries deliver the performance you demand.

Red Top Batteries

Voltage - 12v
Capacity - 50Ah
Cold Cranking Amps (CCA) - 815
DB1019 Top terminals
DB1021 Top & side terminals

Input voltage 220 - 240VAC, 50 - 60Hz

Output voltage 14.4V, 14.7V, 13.6V/Supply, 15.8V/Recond

Charging current 7A

Ripple Max 150mV rms, 0.3A

Ambient temperature -20°C to +50°C, output power is reduced automatically at higher temperatures

Charger type Eight step, fully automatic switch mode with pulse maintenance

Batteries 12V lead-acid batteries (Wet, MF, AGM, Calcium/Calcium and GEL)

Battery size 14 - 150Ah (14 - 225Ah maintenance charging)

Dimensions 191mm long x 89mm wide x 48mm high

Insulation IP 65

Weight 0.8kg

Supply mode allows the charger to be used as a power supply if you need to disconnect batteries from the vehicle. It is fully protected from producing voltages that can damage the vehicle's electronics. It is also non-sparking and features reverse polarity and short circuit protection.

Alternator Upgrade Kits

200Tdi alternator upgrade kits. Kits include uprated cable.
DA1195 Defender - 200Tdi Upgrade the 45A alternator to 100A
DA1196 Discovery 1 - 200Tdi Upgrade the alternator to 100A

Microprocessor Controlled Dual Battery Management System

DA1174

This fully automatic Microprocessor Controlled Dual Battery Management System separates the starter battery from auxiliary battery if the vehicle has stopped and links them while the car is running. All systems are equipped with a 200A power relay. For emergency situations all systems are equipped with the manual override function (link). This manual linking function (called load sharing) is very helpful for jump starting or when using high current appliances such as an electrical recovery winch, power inverter or compressor. The kit includes a 4.7m wiring loom with sealed automotive plug, battery and crimp terminals for easy installation. The battery monitor is installed in the vehicle (dash) and informs the driver about the charge level of both batteries, the charging voltage from the alternator or an additionally installed solar system and the relay link status. The system offers low battery alarm on both batteries and a link failure alarm. Includes a manual link for 30 and 120 minutes with automatic return.

Functions

Display of Battery Voltage (Energy Level)

LED indicators:

- Green: Batteries are in the safe working range
- Yellow: Check batteries
- Red: Batteries should be charged

The LED's show the energy level if all loads are switched off:
12.6V = 100% / 12.4V = 75% / 12.2V = 50% / 12.0V = 25%
11.0V = flashing and beeping indicates low battery situation
This function is called by pressing the display button for about 30 seconds.

Display of Charge Voltage while charging

LED indicators:

- Red: >14.5V: High loading of batteries, may be present at cold ambient temp. for a longer time.
- Yellow: >14.0V: Proper charge mode.
- Green: <14.0V: Save charge mode, no damage to batteries.

Bi-directional Automatic Battery link

While the engine is running the main and auxiliary batteries are linked together for parallel charging from the alternator (green LED linked is on). If the engine is stopped, the two batteries will be disconnected automatically with some delay. Appliances such as fridges, lights, compressors, inverters are now safely fed from the auxiliary battery. With the additional charge by solar equipment, battery charger or generator is sufficient for charging, the starter battery will be charged automatically with auxiliary battery together (green LED "link" lights).

Manual Battery "link"

In an emergency situation (defective or empty main battery) or in case of higher power consumption the two batteries (main & auxiliary) may be connected together by activating the link button (red LED manually linked is on). After a lapse of time of 30 minutes (or immediately after activating the auto button), the system returns to the automatic mode. When using an electric winch, the battery connection can be activated for 120 minutes by pressing the link button twice. In this mode sounds a beep every 30 seconds to remind of this status (auto return after time expired). The load sharing function with the manual battery connection reduces the load on the alternator, the wiring and the batteries in the use of the winch.

Alarm functions:

Low battery alarm

If the battery voltage of one or both of the batteries, is for a longer period below 12V, the sound low battery with "Beep" and the LED "Low Battery" of the corresponding battery (main and / or auxiliary) flashes. With the display button, the "Beep" is switched off. The blinking LED "Low Battery" is reset if the battery voltage is exceeding 12V.
Link failure alarm

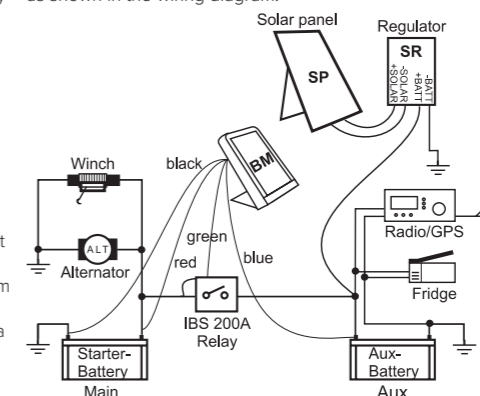

The monitor monitors the charge on both batteries. When fitting charge (from alternator, solar, charger) no charge to the other battery is detected, the link error alarm with flashing green LED "linked" and the "Beep" sounds. If this error occurs, check immediately the wiring of the power cables to (relay, battery terminals, crimp contacts, control relays). After bug fixes, alarm will automatically reset.

Deactivation of automatic and manual battery dual link function

Is there a problem with the auxiliary battery (aux) as short circuit of cells, short circuit or defective battery housing, leading to damage of the generator (alternator). In an emergency situation the battery system can be operated in the vehicle in the basic configuration (alternator, starter battery without additional charge to auxiliary battery). By pressing the link button for 6 seconds (until the sound of the beep), the link is deactivated. In this mode, no manual and automatic battery connection is possible. This feature can solve the battery problem of the auxiliary battery by pressing the auto button for 6 seconds to be reset. Now the system is working again with all the functions.

Winch application

Connect an electrical recovery winch to the main battery as shown in the wiring diagram.

Specifications

Supply voltage 4 - 16V
System voltage 12V
Measuring range (sense wire blue) 8 - 16V
Display range (battery voltage) 11.0V - 12.8V
Alarm level main and aux 12.0V
Display range (charge) 13.0V - 14.5V
Accuracy +/-1%
Consumption monitor 1mA
Consumption max. display active (30 sec) 20mA
Isolator link-on/off threshold 13.1V/13.0V
Consumption on-state (relay) 0.6A
Relay continuous load current 200A
Relay current inrush 500A
Relay contact material Silver (AG SnO2)
Free combination of batteries possible? Yes
Operating temperature -40°C - +80°C
Housing ABS black
Sealing level IP40
Size, dimensions 100 x 65 x 24mm
Weight 800g
Cabling

Red - Supply/sense (main battery)
Black - GND (main battery)
Blue - Sense (aux battery)
Green - Control relay (open collector)

Protected against

Wrong polarity & against overload of solenoid driving circuit on PC board with SMD electronically security devices, no fuses have to be replaced.

Winches

BRITPART
PULLING POWER

If you are serious about off-roading then a winch is an essential piece of kit. They are indispensable when getting yourself and others out of tricky situations.

The Britpart Pulling Power range of powerful and reliable electric winches all feature a planetary gear system for fast line speed, free spooling, power in & power out and low electric current. Now with the larger winches you have a choice of having the traditional steel cable fitted or Dyneema rope.

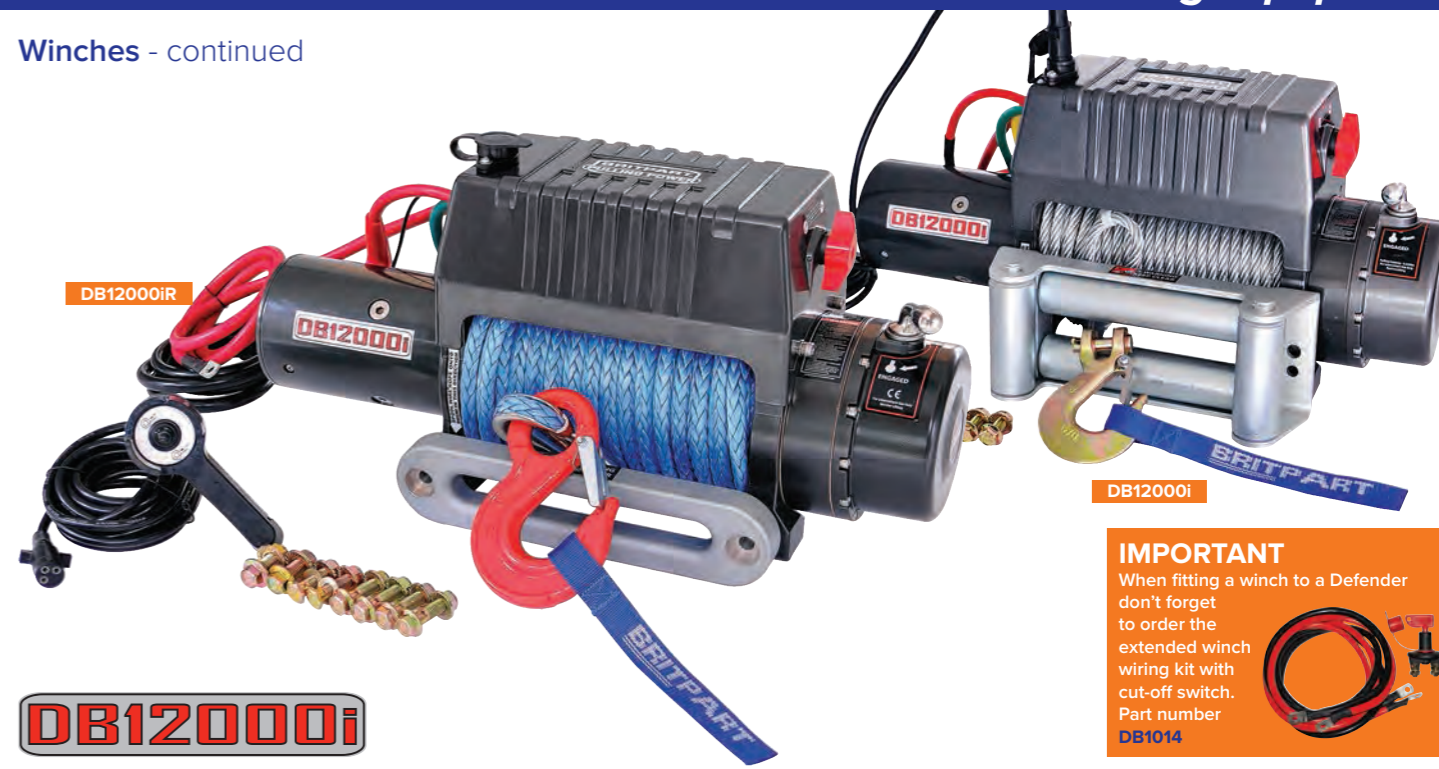

A full range of winching equipment is also available from Britpart - including; safety gear, bumpers, chocks, hooks, shackles & ropes.

Together with the winches you'll be able to **'Get to where you want to go!'**

24 month
Guarantee
BRITPART on all Britpart Winches

Standard Galvanised Bumper

Tubular Bumper

Tamper Proof Nuts & Bolts

Ensure your precious accessories remain firmly on your Land Rover by using a set of these tamper proof nuts and bolts. Ideal for securing your winch and front bumper. Each set contains either 4 nuts or bolts and 1 key.

- DA7330 NEW M6 nut set & key
- DA7331 NEW M8 nut set & key
- DA7332 NEW M10 nut set & key
- DA7333 NEW M10 x 110 bolt set & key
- DA7334 NEW M10 x 35 bolt set & key

Winch Bumpers

Tubular winch bumpers

- > Stylish tubular steel space-frame construction for strength
 - > Extremely close fitting for maximum approach angle
 - > Compatible with many steering guards
 - > Built-in high-lift jacking points
 - > Integral rock guard
 - > Supplied with full fitting kit
- Note** - Grille will need modifying
- DA5609** Defender - air-con
Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches
- DA5622** Defender - non air-con
Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches
- DA5604** Discovery 1
Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches
- Note** - Grille needs trimming for fitment to air-con & automatic vehicles

Standard winch bumpers

- > Heavy-duty steel winch bumpers
- DA5620** Defender - non air-con Black
Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches
- DA5681** Defender - non air-con Galvanised
Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches
- DA5623** Defender - air-con
Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches
- DA5643** Defender - air-con
Suitable for Warn 9000 and 9.5 Series winches
- DA5621** Discovery 1/Range Rover Classic
Note - For vehicles without air-con and/or without transmission oil coolers fitted
Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches
- DA5645** Discovery 2
> One piece bumper manufactured from 5mm steel with wrap around sides to protect the wings
> Fixed to standard mounting points with provisions for 2 swivel recovery points and 2 Hi-Lift jacking points
Note - Grille needs trimming to fit winch
Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches

A range of winch bumpers to suit your Land Rover

Discreet winch bumpers

- > Suitable for any low line winch
 - > Made from 6mm and 8mm steel
 - > Discreetly fits behind the existing bumper
 - > Bolts directly onto the front cross member using existing holes
 - > Modifications to bumper are required, includes instructions
 - > Excludes fairlead
- Note** - Low line winch needs to have a removable solenoid. Use DB8000 or DB9000 - solenoid needs to be removed and relocated.
- DA7537** Discovery 3 - TdV6/Discovery 4 - TdV6/Range Rover Sport - TdV6
- DA7538** Range Rover Sport - 3.6 TdV8, 4.2 V8 Supercharged, 4.4 V8

Defender Bumper Fitting Kits

- DA1171K NEW**
Easier fitment plates which replace the standard fitted spring clip plates. With stainless steel bolt set.
- DA1171**
Easier fitment plates which replace the standard fitted spring clip plates. Without bolt set.
- ALQ710020K NEW**
Tapping blocks & stainless steel bolt set
- DA1269 NEW**
Tapping blocks & bumper bolt kit
- DA1268 NEW**
Bumper bolt kit
- DA5621K**
Discovery 1/Range Rover Classic Replacement fitting kit for winch bumper - DA5621

Number Plate Bracket

- DA5699**
Universal number plate mounting bracket 405mm wide x 110mm deep. Number plate not included.

Winch Accessories

Fairleads

255mm Mounting holes			
DB1003	Hawse fairlead	Steel	215mm aperture
DB1004	Hawse fairlead	Steel	130mm aperture
DB1315	Hawse fairlead	Aluminium	205mm aperture
DB1317	Hawse fairlead	Stainless steel	205mm aperture
DB1316	Roller fairlead	Stainless steel	180mm aperture
DB1307	Roller fairlead	Zinc coated	180mm aperture
DB1341	Roller fairlead	Zinc coated	105mm aperture
125mm Mounting holes			
DB1005	Hawse fairlead	Steel	80mm aperture

Ropes & Strops

DA3032	Tree strop	1.5t SP	3m x 90mm
DA3033	Tree strop	1.5t SP	4m x 90mm
DA3034	Tree strop	1.5t SP	6m x 90mm
DB1007	Tree strop	4t SP	1.6m x 120mm
DA2246	Tow strap	2t WLL	5m x 60mm
DB1006	Tow strap	8t WLL	9m x 60mm
DB1011	High elasticity tow sling	8t WLL	9m x 60mm
DA3028	Rope - polypropylene	8t MBL	5m x 24mm
DA3029	Rope - nylon	12t MBL	5m x 24mm
DA3030	Kinetic recovery rope - octoplat	12t MBL	5m x 24mm
DA3031	Kinetic recovery rope - octoplat	12t MBL	8m x 24mm

Shackles & Pulleys

DA3160	Swivel recovery eye - stainless steel - 36mm diameter & shackle (3.25 tons)
Note - Not suitable for standard Land Rover bumpers	
DA3160A	Replacement shackle for DA3160
DB1009	Shackle - 1.4 ton
DB1353	'D' shackle - 1.4 ton
DB1012	Shackle - 4.7 ton
DB1322	Swivel shackle
DB1323	Non-forged jate ring
DB1329	Forged jate ring
DB1008	Pulley hook - SWL loads - Pulling - 1,500kgs / Lifting - 750kgs
DB1002	Snatch block
High quality tempered steel. Maximum head load - 9,000kgs.	

DA7335 NEW
 Dynaline Shackle Pair
 Minimum breaking load - 5,830kg
 Weight - 40g each
 Manufactured from 8mm Dyneema SK78 fibre.
 The lightweight, easy and safe way of joining ropes and strops. Due to the much lower kinetic energy being stored, using this Dynaline shackle is much safer in the event of a rope or strop failure. Can also be used to attach ropes to standard towing eyes without scratching the paintwork. See how easy it is to use this shackle at - www.britpart.com/DA7335

Winching Accessory Kits

Britpart Pulling Power winching recovery kits come with all the basic items needed to ensure your winch can be used to the best effect. There is a choice of a starter or professional kit depending on your needs.

- DB1015**
 1 x DB1000 Wheel chocks (pair)
 1 x DB1001 Winch kit bag
 1 x DB1002 Snatch block - 9,000kgs
 1 x DB1006 Tow strap - 8 ton, 60mm x 9m
 1 x DB1007 Tree strop
 1 x DB1010 Winching gloves
 1 x DB1011 Snatch tow sling - 8 ton
 2 x DB1012 Alloy bow shackle - 4.75 ton
 1 x DB1016 Winching blanket

- DB1017**
 1 x DB1001 Winch kit bag
 1 x DB1002 Snatch block - 9,000kgs
 1 x DB1006 Tow strap - 8 ton, 60mm x 9m
 1 x DB1007 Tree strop
 1 x DB1010 Winching gloves
 2 x DB1012 Alloy bow shackle - 4.75 ton

- DB1017P**
 1 x DB1001 Winch kit bag
 1 x DB1002 Snatch block - 9,000kgs
 1 x DB1007 Tree strop
 1 x DB1010 Winching gloves
 2 x DB1012 Alloy bow shackle - 4.75 ton
 2 x DB1329 Jate rings

Safety Equipment

DA2037	Universal battery isolator switch
DA2037KY	Replacement isolator switch key for DA2037
DA3156	Winch In Safety - A5 guide from Land Rover
DB1000	Wheel chocks - pair
DB1010	Gloves - for protection winch operation
DB1016	Winch blanket - manufactured from heavy-duty vinyl, the blanket will absorb most of the recoil in the unlikely event of the cable breaking. It's also very useful to kneel on in the mud!

Winch remote control
DB1308 12 volt remote
DB1308-24V 24 volt remote
 Operate your winch from a safe distance with this wireless remote control
 > High frequency circuit using SMD design for reliability
 > The transmitter uses FM technology for frequency stability and greater control distance
 > Receiver output is protected against voltage spikes

Winch with safety in mind

Other Essential Winching Accessories

DB1309 'Dyneema Bowrope'
 12 strand synthetic fibre replacement winch rope - 11mm x 28m
 Breaking point - 25,800lbs
 > For use with DB9000C, DB9500i and DB12000i winches
 > Very light > Very strong > Easy to handle
 > Easily spliced > Does not curl > Floats
 > Highly visible > Compact > Does not kink
 > Less effort in use > Safety in use

DB1328 Replacement winch cable with hook - 30.5m x 9.5mm
 Galvanised aircraft cable with break force - 14,400lbs
DB1001 Winch bag - a heavy-duty bag
DB1014 Extended winch wiring kit - 1 x red, 1 x black wire, each 1.8m in length with end connectors and cut-off switch for Defender vehicles

DA6541 NEW Pull yourself out of trouble with this heavy-duty ground anchor. This anchor utilises a Hi-Lift jack (not included).

DB1314 Ground anchor set - 600mm pins
DB1318 Ground anchor bag set - 2 x Pulling Power bags
Note - ground anchor not included (DA1314)

Performance Equipment

Make your Land Rover even more special by upgrading from its standard spec to something a bit more unique. An extensive selection of braking equipment to air filters and tuning boxes means that there is something to suit every Land Rover to help improve its performance.

Braking

Anti-squeal shims	104
Brake discs - Britpart Performance	104
Brake discs - EBC	105
Brake hose kits	107
Brake lubrication	104
Brake pads - DTEC	107
Brake pads - EBC	105 - 106
Handbrake conversion kits	108

Engine

Air filters - Britpart Performance	110
Air filters - K&N	111
Aluminium header tanks	112
EGR blanking & silicone hose kits	109
EGR blanking kits & tubes	108
Electric fan kits	113
Filter guards	109
Intercoolers - performance	111
PSI power tuning products	114
Silicone hose kits	112
Tuning box	114
Tunit	114
Turbo boost box	115
Upgrade chips	114
Weber carburettors	115

Exhausts

Double 'S' stainless steel exhausts	116 - 117
Exhaust fitting kits	116
Front down pipes	115
Stainless steel exhaust	115
Utility link pipes & rear silencers	117

Braking

Britpart Performance Brake Discs

- > Slotted design to increase braking efficiency by reducing dust, debris, water and gas on the disc.
- > To improve brake cooling, reduce weight and to offer an escape route for dirt and gasses these performance discs are drilled with rows of holes.
- > Excellent upgrade for your Land Rover to aid braking, especially under a heavy load.
- > Ideal for off-road use.
- > Manufactured to British Standard BS1452 Grade 220 and DIN1691 GG20.
- > Supplied in pairs.

Quality performance brake discs.

Anti-squeal Shims

DA1141

Universal self adhesive noise dampening shims. The shims are manufactured from wolverine and cut to shape and applied to the backing plate of the brake pads prior to fitting to help eliminate any noise issues (should the pad be unshimmed). When used in conjunction with Mintex CeraTec silicon based lubricant, most brake noise related issues will be eradicated. Pack quantity 4.

Brake Lubrication

DA2389

75ml Cera-Tec Advanced Lubricant Mintex Cera-Tec is an advanced non-metallic universal lubricant that provides many benefits over traditional copper-based grease.

- > Non-metallic content
- ABS and ESP friendly.
- > Operates to a high temperature (1,000°C).
- > Non-conductive.
- > Free of copper and acid.
- > More effective at reducing any brake squeal.
- > Protects against corrosion and dirt.
- > Neutral colour prevents any visible residue or staining.

EBC Ultimax Heavy-duty Brake Pads

- > New AF42/66 friction material which completely eliminates brake judder and produces a high friction long lasting brake pad.
- > Unique powder coat finish to both pad and back plate gives lifetime resistance to corrosion and prevents moisture ingress.
- > Unique Brake-In surface coating provides instant brake efficiency on installation and conditions the brake rotor removing glaze, black spotting etc from disc surface.
- > All pads feature centre line slot which prevents heat expansion cracks and reduces brake noise.
- > All pads feature edge chamfers which have major technical benefits;
 - Significant reduction in brake noise
 - Prevents 'edge lifting' under left and right extremities of pad which can cause corrosion ingress and eventual pad de-bond
 - Can extend pad life by virtue of improved pad efficiency
- > Most pads in the Ultimax range features factory fitted noise reduction shims.

EBC Green Stuff High Performance Brake Pads

- > 100% British design and manufacture.
- > Superb gloss powder coat paint finish to reduce corrosion.
- > Unique engineering finish with noise reduction slots and edge chamfers.
- > Extra high friction compounds for better stops, these pads will improve your stopping power by up to three vehicle lengths.
- > Special compound ingredients that prevent "Outline Etching" eliminating brake stiction onto the rotor in damp conditions.
- > Unique "Brake-In" surface coating to accelerate pad bed in after installing new pads which also guarantees brake efficiency from installation.
- > Super quiet braking with rubber-steel-rubber noise reduction shims on the reverse, this dampens all possible noise.
- > Extra heavy duty compound lasts longer than low cost standard pads.
- > Fully ECE R 90 approved and legal for road and off road use.

For full range of EBC brake pads - see overleaf

EBC Yellow Stuff Performance Race Brake Pads

- > High friction compound which is effective from cold up to high heat.
- > Effective brake upgrade for heavy-duty braking.
- > Long lasting powerful brakes.
- > Shims, edge chamfers and slots for silent braking.

EBC Yellowstuff brake pads are British made and contain Aramid fibres. These are man-made high performance fibres, used widely for their light-weight, high strength, abrasion resistance and thermal stability. These properties provide advantages over cheaper steel fibre based products. Not only high in friction from first application when brakes are cold but extremely effective at higher brake temperatures as encountered in faster driving and towing/trailing. These pads are a favourite with the military and are used on armoured vehicles in several countries to handle the higher loads and heat and offer a good brake upgrade. Fitted with shims chamfers, centre slots and the unique EBC Brake in coating for fast bedding in of new brakes these pads are also long lasting and silent in operation.

EBC Brake Discs

- > Sold in pairs.
- > 100% British cast and machined high quality product.
- > Wide aperture slots that draw cool air under the pad surface.
- > Slots that expel all dirt dust and debris from the braking area.
- > Blind drilled dimples that eliminate cracking common with through drilled sport rotors whilst helping maintain perfect pad contact.

IMPORTANT BRAKE INFORMATION

For exact change over points with vehicle applications please contact your local Britpart distributor with the full chassis number for the correct application. These references are intended as a guide only.

EBC BRAKES

Handbrake Conversion Kits

Driving off-road you'll know how easy it is for the standard Land Rover hand brake to get bunged up with dirt and once the mechanism gets clogged up it doesn't work as efficiently as it should. Britpart now offer a solution to that problem - a drum to disc conversion kit. These kits use powerful callipers whose mechanism is sealed to prevent the access of mud. Parts are supplied coated with a tough corrosion resistant coating of gold zinc passivate to ensure a long life. Fitting is easy requiring only simple tools. Full fitting instructions are included as well as advice on adjustment and use.

Defender/Discovery/Range Rover Classic

The disc transmission brake uses a state of the art monster sized mechanical calliper designed for agricultural vehicles and earth moving equipment - so using it on a Land Rover is easy work for it. The mechanism is sealed so it will not seize up due to ingress of mud or water and it uses special 'sintered' pads which are resistant to abrasion from mud as well as providing greater friction against the disc than a standard pad. The disc has been specially designed for Land Rovers and manufactured from tough 10mm thick steel. It has a smaller diameter than a standard drum and so does not dangle below the transfer box which helps it to protect it from whatever you are driving over. The calliper mechanism sits in a well protected area at the top, away from most of the mud and water.

DA5513
Defender 90 &110
For anything post 1993 (300Tdi, Td5 & Puma) you need to change the cable - NRC5088.

DA5526
Discovery 1/Discovery 2/Range Rover Classic
Will not fit a Borg Warner or LT95 transfer box.

XDISC
Replacement disc for DA5513 & DA5526

XPAD
Replacement pads for DA5513 & DA5526

Series DA5537 Series 1, 2 & 3
This will fit any Land Rover fitted with a standard Series transfer box, including those fitted with PTO's, under or overdrive units. The new brake replaces the original transmission brake drum. It is supplied with a new adjustable actuator rod which connects from your original handbrake lever, direct to the calliper, reducing the amount of slack in the linkages. The disc transmission brake uses an industrial open-frame calliper with simple adjustment and easy cleaning. The new calliper is mounted on a laser cut steel backplate with a folded gusset for added strength and incorporating a built in skid plate to protect the disc which is manufactured from robust 10mm thick mild steel plate and which bolts directly to your original gearbox output flange with six new bolts (supplied). The system is very light weight, offering a saving of almost 10kg compared to an original drum brake.

Beef Up Your Land Rover's Handbrake!

Filter Guards

- > Extends engine life
- > No vehicle modification needed
- > Added protection for stop & go driving and towing
- > Improves fuel economy
- > Cleans engine oil for 50,000 miles
- > Does not effect your Land Rover's warranty

Added protection for your engine!

Britpart Filter Guard removes potential engine damaging metal particles from your oil. Clean oil works better than dirty oil with reduced friction and less wear. Britpart's Filter Guard is an inexpensive way of removing the harmful contaminants that conventional oil filters can miss. The contaminants are fine metal particles which act like an abrasive on the fast moving parts in your vehicle's engine - dramatically shortening engine life. Filter Guard works by magnetic filtration technology resulting in cleaner oil which your engine will thank you for by running better now and in years to come. The Filter Guard will never clog or restrict the all important oil flow. **Note** - Filter not included with Filter Guard. Please check that there is sufficient room for the addition of the filter guard.

Part Number	Filter Guard (diameter x height)	Thread/Insert
DA6080	95mm x 30mm	3/4" x 16
Fits filters - AEU2218L & ERR3340

Britpart Performance Air Filters

A breath of fresh air for your Land Rover

- > A range of performance filters tailored to fit your Land Rover.
- > Maximum breathing efficiency for your engine means more power or better fuel mileage.
- > No compromise on quality - the engine gets more air but the dirt particles are trapped by the quality filters.
- > No need to replace as easy cleaning means maximum performance guaranteed.

- > Easy fit, directly replaces standard air filter.
- > Ideal for use in hot dusty conditions to reduce engine wear.
- > Compatible with snorkels, ideal for use in conjunction with other performance modifications.
- > Filters don't need pre-oiling and if the filter gets dirty there is no need to use a cleaner to clear the dirt on the filter - just use air, water or detergent.

"Breathing efficiency for your engine means more power or better fuel mileage"

- > Easy high performance add-on.

Intercoolers - Performance

DA4635
Discovery 3 - 2.7 TdV6
Range Rover Sport - 2.7 TdV6
The original Land Rover intercooler design can have problems due to the blocking up of the core with mud when the vehicles are used off road, as the intercooler is mounted at the lowest point in the front of the vehicle. This intercooler is designed to be easier to clean and less prone to blockage due to the courser, less dense fin design whilst dramatically improving flow, performance and economy, even without any further tuning. Tests have shown a minimum improvement in fuel economy of 12-15%. Power and throttle response in the lower and mid-range engine revs particularly are noticeably improved. The intercooler is designed to be simple to install without major modifications to the vehicle. The performance intercooler makes full use of the space available behind the bumper. It is designed with an integral fan cowl extension to ensure no loss of cooling efficiency and is supplied with mounting brackets and fitting guide.

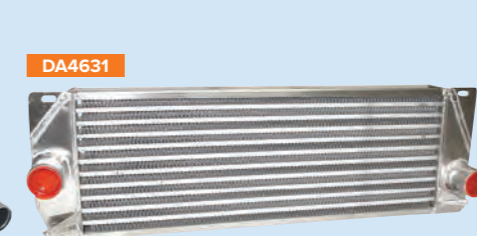

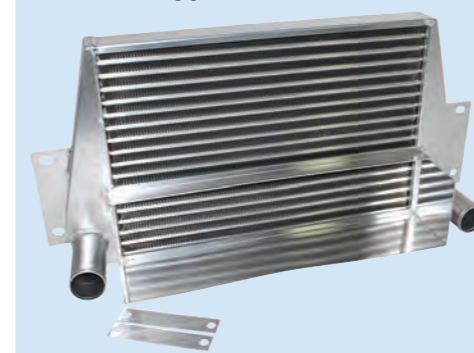

Defender comparison - performance vs standard

Increase Engine Power & Reduce Fuel Consumption

DA4630	Defender 90/110 - Td5 - 1998 - 2006 inc. air-con vehicles	60mm deep x 300mm high
DA4634	Defender 90/110 - 2007 onwards inc. air-con vehicles	60mm deep x 300mm high
DA4631	Discovery 2 - Td5 Automatic/manual with transmission oil cooler - 1999 - 2004	60mm deep x 235mm high
DA4632	Discovery 2 - Td5 Manual without transmission oil cooler - 1999 - 2004	60mm deep x 300mm high
DA4633	Range Rover P38 - DSE	60mm deep x 280mm high

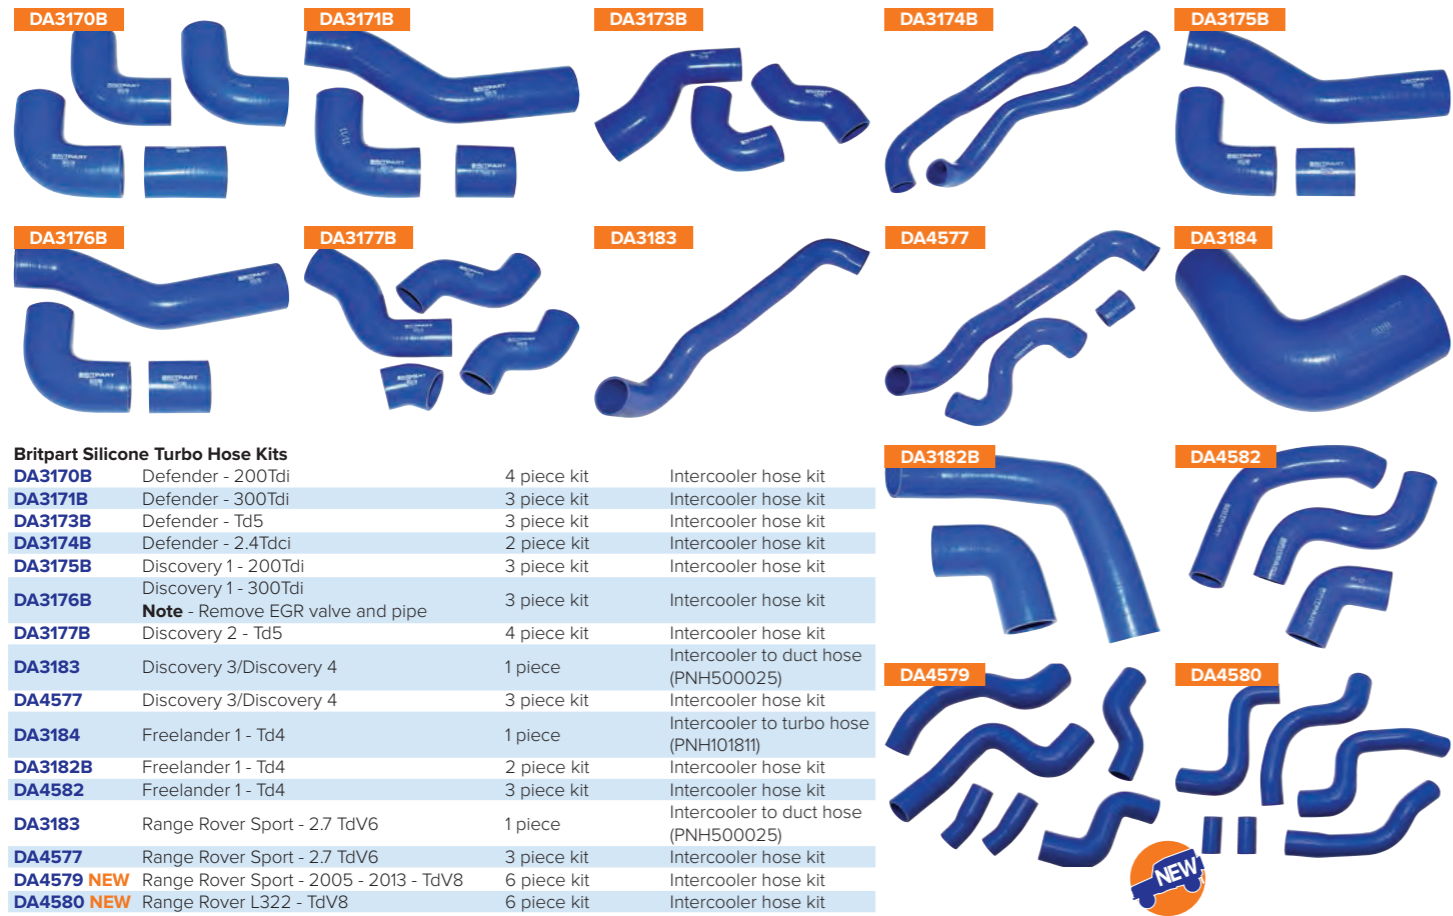

Note - Dimensions for main intercooler body only. If you have a winch fitted please check clearance before fitting.

This intercooler is designed to be easier to clean and less prone to blockage.

> Quality silicone hoses are designed to operate at a higher temperature than the original hoses.
 > Will not rot or perish like rubber hoses.
 > Fit with both standard and performance intercoolers.

Will not rot or perish!

Aluminium Header Tanks NEW

This is a direct replacement for the original plastic tank which is prone to splitting. TIG welded by hand and manufactured from high specification lightweight non-corrosive alloy, this tank also aids cooling. Tank uses original pressure release screw cap and is a straight fit with no modifications required. Ideal for motorsport, overland or just to improve the look of your vehicle's engine bay.

Electric Fan Kits NEW

Revotec Electronic Fan Conversion Kits
 > Custom engineered to fit and cool your Land Rover perfectly.
 > Supplied complete with all necessary fittings and fixings to complete an electronic fan conversion on your vehicle. Kits include mounting brackets or shroud, 35mm Revotec electronic fan controller designed for Land Rovers with an extended loom, earth wire kit and bolts & fixings.
 > Engineered to fit without any permanent modifications and utilising original radiator mountings.
 > Easy to install with basic hand tools.
 > Latest fan and controller technology used together for the ultimate cooling package.

DA8970 NEW	Range Rover P38	15.2" High power suction fan

Custom engineered to fit and cool your Land Rover perfectly

Air Conditioning Fans
DA8971 NEW Defender
 This is a direct replacement to the vehicles original air conditioning fan. Kit contains - 1 x 10" blowing fan.
DA8972 NEW Discovery 2
 This is a direct replacement for OEM Part No. JRP100000. Kit contains - 1 x 12" high power blowing fan, 2 x anodised brackets & 1 x fixing kit.

Electronic Fan Controller
DA8973 NEW
 > 35mm
 > To fit extended loom
 > Negative earth housing. Fits directly in to a radiator top or bottom hose for direct water contact.
 > Supply Voltage: 12v
 > Space in hose approx: 35mm
 > Overall length approx: 65mm
 > Material: Aluminium
 > Relay Rating: 30 AMPS
 > Wire Length: 2500mm
 Kit contains - 2 x hose clamps, relay, cap, 3 x cable ties, fitting instructions.

Fan Override Switch
DA8974 NEW
 3-way rotary switch for use with a Revotec fan controller enabling the fan to be manually controlled either on, off or automatic. Perfect for 4x4 applications such as wading. This product must be used with a Revotec electronic fan controller. Kit contains - Black anodised mounting bracket kit. Position decal. Sealed 3m wiring loom and connection diagram.

PSI Power Tuning Products

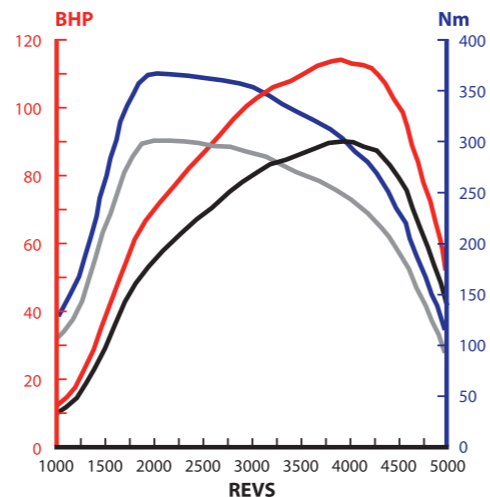

Improves torque
Improves m.p.g

The Power Box houses a digital microprocessor which intercepts the fuelling signals being transmitted from the ECU to the fuel pump; it then modifies them to ensure the exact amount of diesel required for enhanced performance. Such efficient use of the fuel optimises consumption, reduces smoke emissions and there is less engine stress, enhancing engine life in many cases. The Power Box improves torque enabling the vehicle to change gears earlier and hold higher gears at lower speeds, making driving more pleasurable. The unit fits using the original manufacturers plugs; these existing plugs are opened and the Power Box is secured in between. Full fitting instructions are included with every unit.

Features

- > Plug-in unit
- > No intervention with the original ECU
- > TUV approval
- > Compact size
- > Shock resistant & waterproof
- > Competitively priced

Standard	121Hp	90Kw	300Nm
With PSI	158Hp	118Kw	374Nm

Performance for Defender - Td5
Standard 121Hp 90Kw 300Nm
With PSI 158Hp 118Kw 374Nm

Benefits

- > Can be removed prior to sale or used as a selling point
- > Traceless
- > Peace of mind
- > Quality product which is legal & safe
- > Unobtrusive in interior of vehicle
- > No worries off road
- > A good investment

Turbo Boost Box

DA4667

The Td5 engine fitted in Defenders and Discovery's is one of the most 'tunable' engines available and it responds well to modifications including a PSI power tune box, larger intercooler, EGR removal kit and decat pipes. However the turbo will only boost to 14.7psi in standard form and this will quickly limit the potential from the modifications you have made. The ECU will cut fuel to the engine if it detects an over boosting situation, but there is a solution.

Turbo Boost Box! This intelligent box allows the Td5 engine to run with a higher boost pressure after adjusting the waste gate in accordance with the instructions. This allows increased turbo boost pressure without the engine going into limp home mode. You will feel the benefits of fitting the Turbo Boost Box as soon as you drive. At the lower rpm's the vehicle will feel more responsive whilst at the same time giving you a much smoother spread of power through the rpm range. An added benefit is a reduction of exhaust smoke.

You will feel the benefits of fitting the Turbo Boost Box as soon as you drive!

Fitting the Turbo Boost Box is an easy 3 wire installation. The box is manufactured from extruded aluminium and easy to fit as it uses the original Land Rover connectors. The box is 99% water resistant - ideal for most off-road uses. This product must be fitted by a competent mechanic in accordance with the included instructions, incorrect waste gate adjustment can lead to engine damage.

Weber Carburettors

DA3049

Part of the conversion kit

DA3049

V8 4-Barrel conversion kit including manifold
The Webcon 4 barrel replacement carburettor kit is a direct replacement for the twin Stromberg or SU carbs fitted to the Rover V8. Calibrated to work perfectly on the 3.5 and 3.9 engines, the Webcon kit is the most complete on the market and features a Webcon modified Weber 4 barrel 500cfm carburettor, intake manifold, air filter and every single nut, bolt washer, gasket and hose that could possibly be needed. The kit adds up to 20bhp at the wheels and transforms the driveability and economy. Starting becomes instant either hot or cold and with no balance adjustment to worry about with twin carbs, the engine is simply superbly smooth as a V8 should be.

ERC2886W

ERC2886W

Series - replacements for the Zenith 36IV
Available for LHD, RHD, with or without fuel shut off solenoid, the Weber range of carburettor kits to replace the Zenith 36IV offer the optimum balance of power and economy together with the legendary quality and reliability of Weber. Shipped as complete turnkey solutions, all kits are supplied with every nut, bolt, washer and gasket required and comprehensive, easy to follow instructions ensure that installation can be carried out with no specialist carburettor knowledge.

- DA3049AF Replacement air filter for DA3049
- DA3049KD Weber kick down kit for use with DA3049 on automatic vehicles.

DA4538

DA4538

Twin choke performance carburettor kit for Land Rover 2.25ltr engines.
The kit is fitted with Webcon's new Sync Link kit allowing synchronous opening of the Weber 32/36 DGV throttle butterflies. This greatly enhances low speed driveability and torque, essential for off-road driving. This kit will fit all engines fitted with a tubular exhaust manifold. If the original exhaust manifold is still fitted, a simple 4-hole blanking plate will need to be fabricated to block the aperture left when the OE intake manifold is removed.

- DA2126 Series carburettor - to replace Solex use also STC541 adaptor
- DA2126A Choke cable for DA2126
- DA2206 Service kit for DA2126 & ERC2886W

Tuning Box

DA4507
Tuning box for the Defender - Puma 2.2TdcI
Power increases by 27bhp (20kw)
Torque increases by 71Nm

The 2011 onwards 2.2 Tdci model Defender has new style piezo injectors and requires specialised tuning solutions. It is currently not possible to remap the ECU through the OBD port. This substantial new tuning unit is designed to plug directly into the wiring loom and requires no modification to the vehicle. Contained in waterproof housing so can be safely located in the engine bay.

Photo courtesy of Per Olav Stenberg

Tunit

DA4437
Freelander 2 - 2.2 Td4 - 2007 onwards
Power improvement - before / after
Power - HP 152 / 177
Power - Kw 112 / 130
Torque - Nm 295 / 325

Tunit Diesel Performance - The Diesel Tunit has been forged from many years of experience to bring a world class unbeatable range of diesel performance solutions.

Tunit Features - Tunit possesses many advantageous features not seen in other tuning solutions such as chips, eprom serial reprogramming (flashing) or other types of fixed map devices. It is interchangeable between vehicles and able to be upgraded. External to the ECU or 'Plug and play' as it is often called means no interference with the original manufacturers engine equipment. Its option to adjust power and performance provides easy manual adjustment for the novice or finer electronic alterations for the more dedicated tuner.

Fuel Savings - Tunit has become advantageous in reducing fuel costs for a variety of applications; not just improving performance but now helping with saving fuel costs.

Installation - The Tunit is normally connected to original plugs on the vehicle and can either be self-installed or by a professional mechanic.

Upgrade Chips

DA4497 Range Rover P38
Replacement ECU chip to improve power and economy on the GEMS engine 4.0 and 4.6 in the Range Rover P38. Fitting this chip will increase economy by approx 15% and power by 10%. Once fitted, it helps makes a big difference to the driveability of the vehicle by improving throttle response and mid-range pull.

No trade off between fuel economy and increased power!

Accelerate technology
Limitations and restrictions exist which prevent your vehicle from achieving optimal performance. The manufacturer's emissions test is extremely rigorous due to inclusion of all parts of the driving cycle, especially warm up and full load operation, which is where problem emissions are at a maximum. To meet these they compromise performance and efficiency of the engine - this chip helps redress that balance.

Off roaders in the driving seat
Your requirements are met through a stable and predictable idle quality, good engine braking and an engine which has plenty of midrange torque. Perfect idle control for hill descents and winching, with no possibility of stalling. Total reliability ensures you never lose control.

Greater expectations
By comparison we know climate conditions and fuel quality your vehicle experiences and can therefore improve efficiency by reducing fuel consumption and optimising the engine to get its best performance on full load, which is less than 10% of the time.

Exhaust Systems

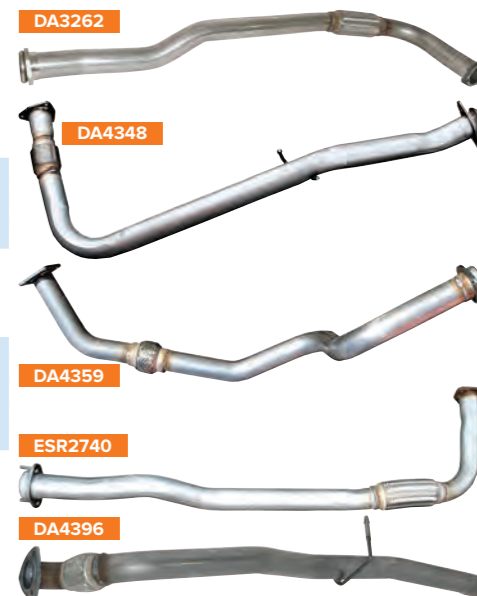

Stainless Steel Exhaust

DA3340
Discovery 4
3 litre diesel with DPF

Front Downpipes

- DA3262 Defender 300Tdi - downpipe less cat Equivalent to ESR2297

Double 'S' is recognised as one of Europe's leading manufacturers of stainless steel automotive components with a wide selection of systems for off-road.

Using only the finest austenitic and ferritic stainless steels and employing the latest in CNC mandrel and empty tube bending, measuring and inspection equipment, means increasingly high levels of product quality.

All Double 'S' exhaust systems carry a lifetime guarantee. Double 'S' will replace or repair any part of their Stainless Steel Exhaust Systems found defective through corrosion during the period that the system remains the property of the original owner. Provided that the system is inspected by a garage or exhaust fitting centre annually to ensure that the rubber and other mountings are in good condition.

These stainless steel exhaust silencer replacement pipes are designed to directly replace the front silencer in your exhaust system. Once replaced the pipe will give your vehicle more power or reduced fuel consumption with only a small increase in cabin noise. CNC mandrel formed for a perfect fit with laser cut flanges, the pipes have a sateen finish, deep lustre appearance. Quick and easy to install.

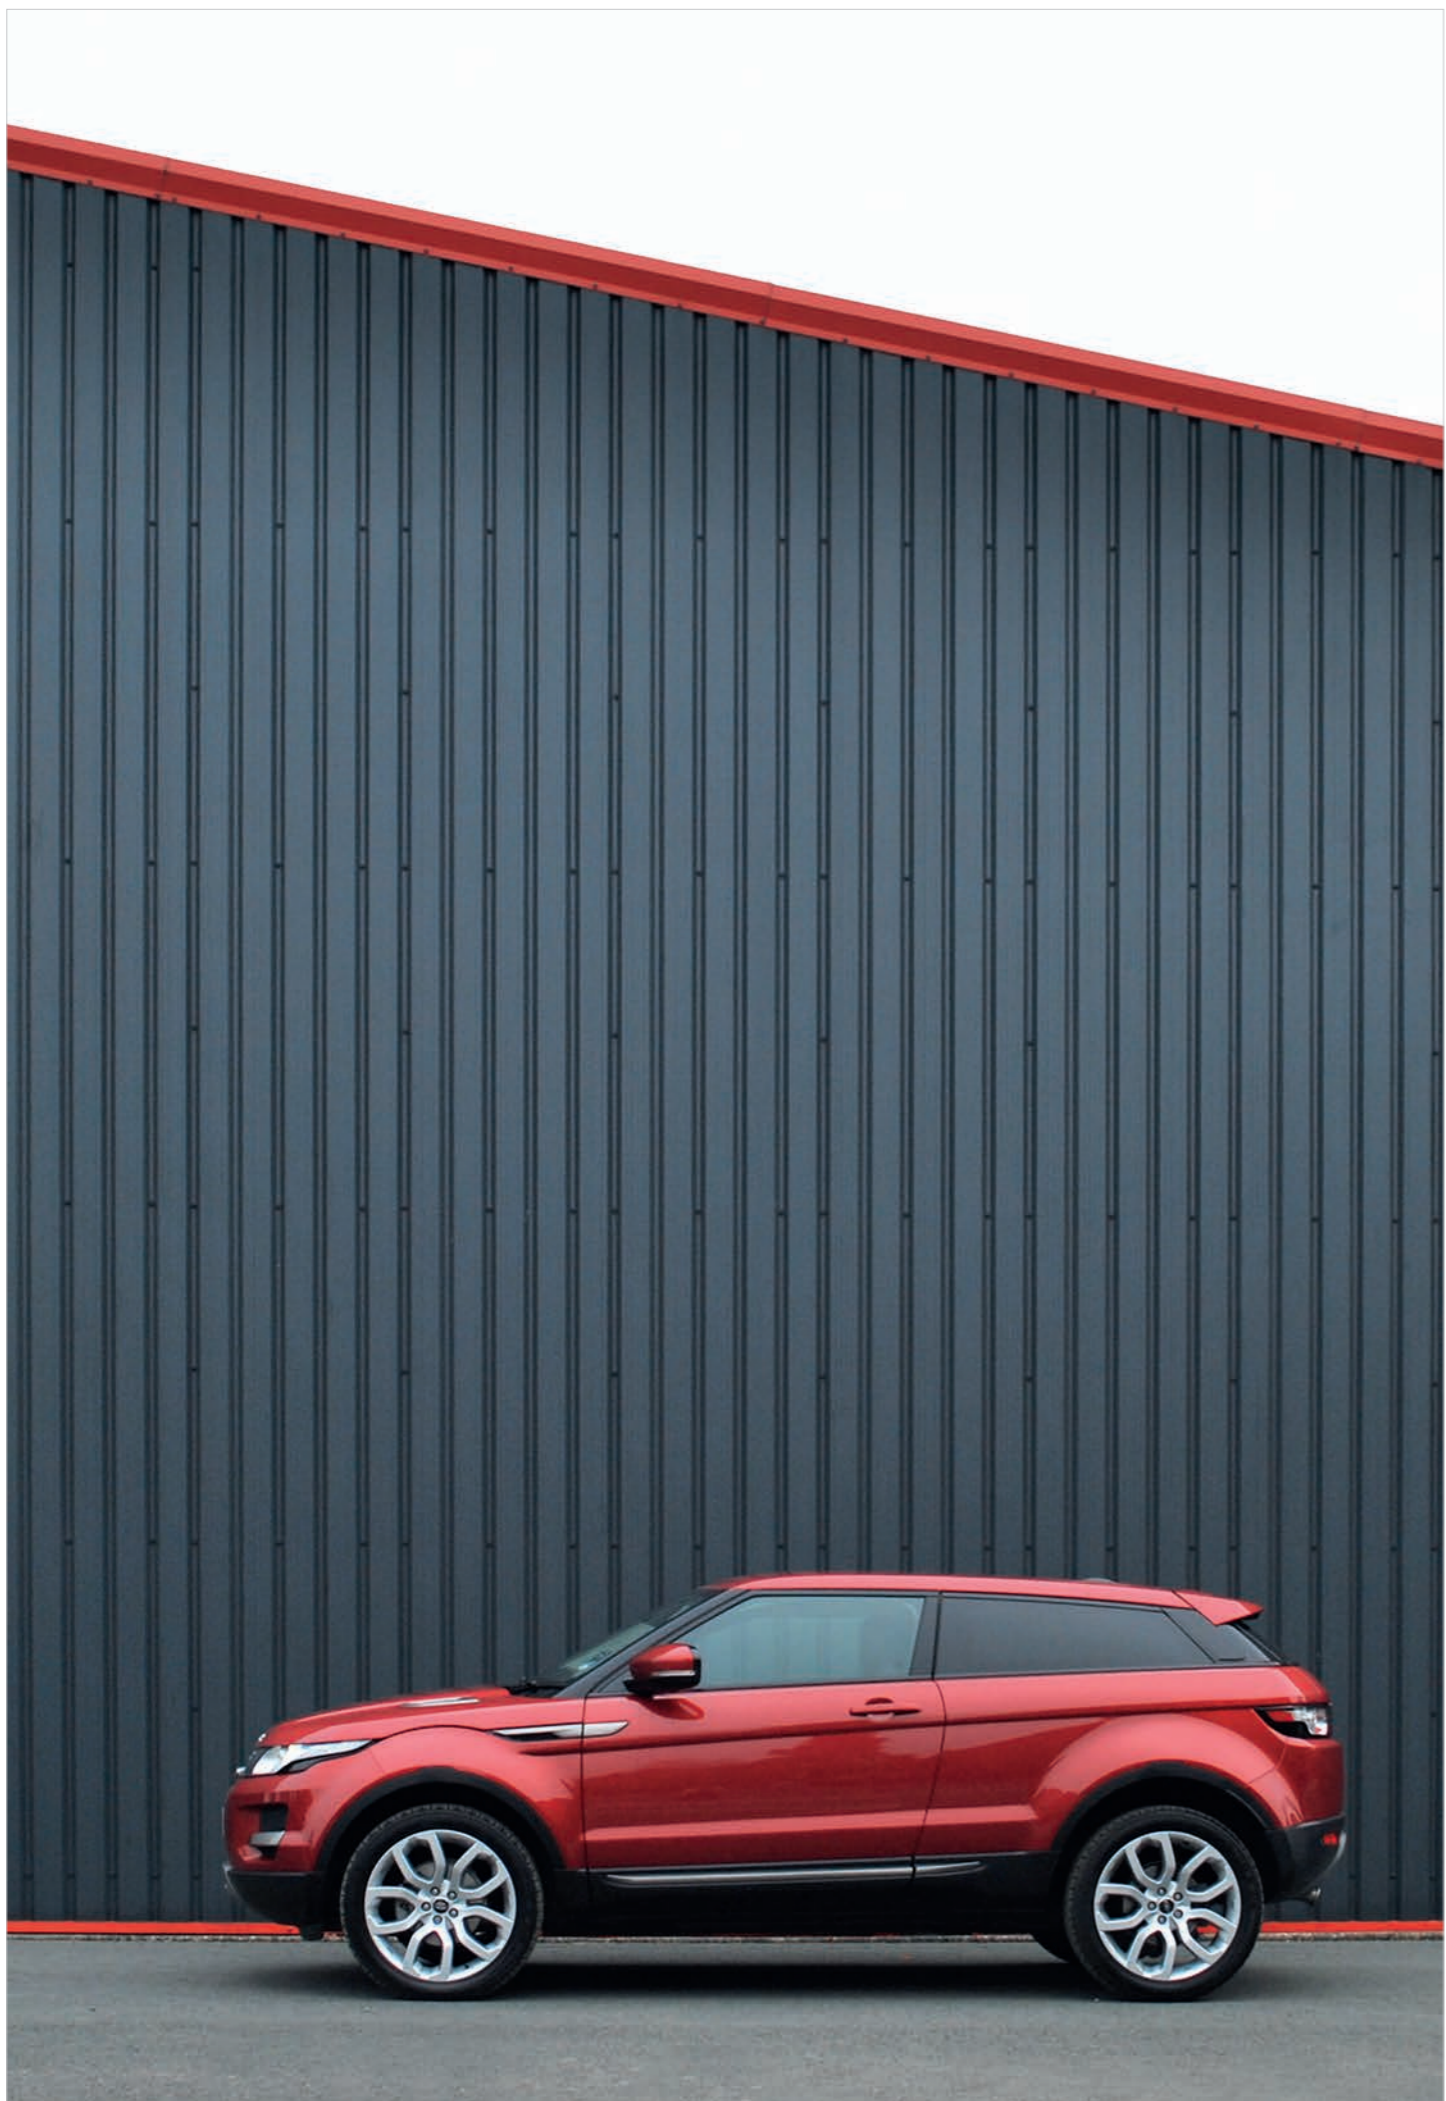

Reduced fuel consumption

Quick and easy to install with more power

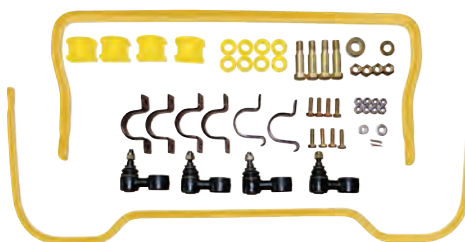

Suspension & Axle Equipment

Upgrade your shock absorbers or springs for improved ride quality and reliability. Britpart have plenty of suspension and axle equipment to meet your specific requirements to ensure a smoother ride!

DA1129KIT
Fitting kit for all fulcrum brackets

DA1129ULTRA
Fulcrum bracket with high articulation for Defender
Discovery 1
Range Rover Classic

DA1129ULTRA

One of the major factors limiting the rear suspension movement on vehicles fitted with an A-frame is the standard ball joint. We have developed this part to provide significantly more articulation than the standard and most aftermarket joints. Others claim more articulation yet in reality they offer very little over the standard 30°. This exclusive ball joint offers 45° movement in all directions. It is easily adjustable with a regular hex spanner and has a grease nipple for convenient regular maintenance. It is supplied fitted ready to bolt to your Land Rover.

Castor Corrected Swivel Housings

'3 degrees of additional castor'

DA3203
Defender - from LA up to WA
Normally the only way to correct the castor angle on a beam axle vehicle is to fit castor corrected radius arms or go through the lengthy process of repositioning the brackets on the axle. Something which takes considerable time and skill. Britpart offer you an alternative. These castor corrected swivel housings come as a handed pair. They are a direct replacement for vehicles normally using the FRC7065 swivel housing but they have the mounting holes positioned to give 3 degrees of additional castor. The swivel housings are from the OEM supplier and then machined to our specification.

Kit contents - Swivel housings; swivel pin bearings; gaskets; seals; plates; shims; joint washers; swivel pin uppers - non-ABS & swivel housing grease sachets.

Bush Kits

Front bush kits include bushes for radius arms and panhard rods.
Rear bush kits include bushes for top & bottom links.

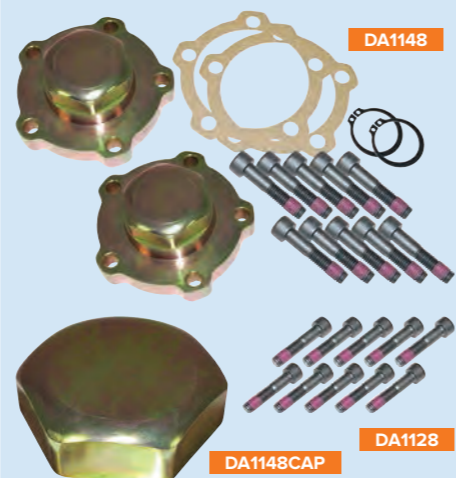

DA1242	Range Rover Classic - up to 1985	Front bush kit
DA1243	Range Rover Classic - up to 1985	Rear bush kit

DA1249	Defender from 9A768937	Rear bush kit

Heavy-Duty Drive Flanges

These heavy-duty drive flange kits have been engineered to outperform many of the inferior products available on the market. Manufactured from 5140 steel, they are much stronger than an OE drive flange. Complete with hex head bolts and screw on caps with integral seal.

DA1148	Defender - from LA/Discovery 1 - from JA Range Rover Classic - ABS and front from JA	Pair
DA1149	Defender - up to KA	Pair
DA1148CAP	Replacement drive flange cap with rubber seal for DA1148 & DA1149	Single
DA1128	Replacement drive flange bolt set for DA1148 & DA1149	Qty 10

Panhard Rods

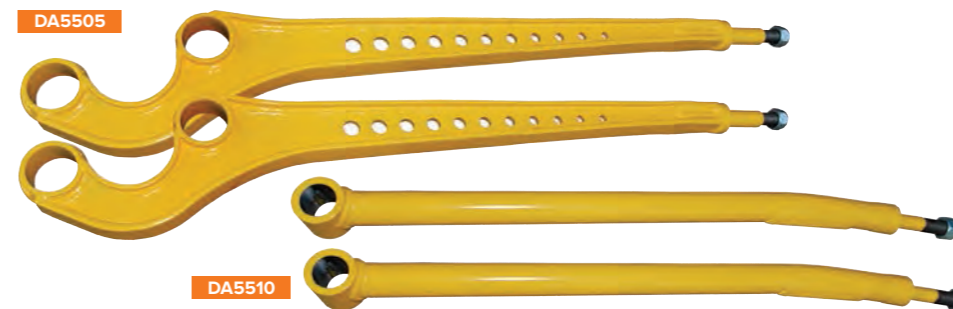

If your Land Rover has raised suspension it is wise to use an adjustable panhard rod to correct the axle position which will in turn maintain and restore the steering geometry.

DA1130
Defender Td5 & 2007 onwards
Complete with yellow polyurethane bush set

DA1110
Defender - up to 2002
Discovery 1
Range Rover Classic
Complete with yellow polyurethane bush set

Radius Arms

> Designed for Defender/Discovery 1/Range Rover Classic with an extended 1 to 3" lift.
> Front radius arms correct castor alignment which in turn ensures safe driving.
> Rear radius arms provide full rear axle articulation.
> Fitting the radius arms will contribute to much better off-road capability for your vehicle by fully utilising your spring and shock absorber set.
> Zinc passivated with a yellow heavy-duty powder coating finish to complement each component and the Britpart coil springs.

DA6323L	Defender/Discovery 1/Range Rover Classic*	Single shock turrets	Front	2" Lift
DA6324	Defender/Discovery 1/Range Rover Classic*	Twin shock brackets - kit	Rear	

Sometimes off-road conditions can be serious enough to test the standard equipment on your Land Rover to its maximum. One of the critical components that takes most of the abuse is the suspension system. When using the standard single shock absorber configuration it is not unknown for the shock absorber to break the factory fitted turret mount. These shock absorber turrets from Britpart give you confidence that your vehicles suspension will tackle the terrain you take it through with greater ease.

The single shock absorber turret is manufactured from heavy-duty steel and replaces the existing turret mount which is susceptible to corrosion by allowing a build up of dirt inside which is hard to clean thoroughly. The new design is harder wearing and easier to clean.

The twin shock absorber turret is manufactured from the same quality steel as the single shock absorber turret but allows for the fitment of an additional shock absorber. The benefits of having extra shock absorbers fitted to your Land Rover is that any extreme force encountered is divided between the two shock absorbers for a more comfortable ride for you and your passengers. Using twin shocks is also beneficial when carrying loads both on and off-road as it improves the load carrying ability of the vehicle. An additional benefit is that when changing shock absorbers there is no need to remove the turrets.

*Note - Rear brackets involve some welding to fit. Fitting shock absorber brackets may require some vehicle modification, please ask distributor for full details.

DA6337

DA6337
 Defender/Discovery 1/Range Rover Classic*
 Long travel rear shocker absorber mounting kit

The standard pin and eye shock absorbers don't have the necessary articulation for extreme off road conditions and the answer is to use pin and pin shock absorbers. If you use our Cellular Dynamic Plus 5 shock absorbers they offer better articulation. Laser cut, jigged and computer welded with zinc plated and powder coated finish. To be used in conjunction with DC6000LL. **Note** - On Defender Td5 the fuel filter must be moved.

Adjustable Ball Joint

ANR1799A
 Defender/Discovery 1/Range Rover Classic
 An adjustable A-frame ball joint
 Single

Dislocation Cones

These clever products ensure your springs relocate correctly when using your Land Rover in extreme conditions. Manufactured from stainless steel. Use in conjunction with spring retainers.

Turret Rings

DA6338
 Defender
 Discovery 1
 Range Rover Classic
 These robust & heavy-duty front shock absorber turret rings are made to replace the existing standard turret rings.

Spring Spacer Blocks

Defender/Discovery 1/Range Rover Classic
 These 50mm spring spacer blocks are manufactured from 6mm plate with a powder coated finish. The spacers fit between the axle and the spring seats on the front and rear to give you that extra 50mm of lift you need.
DA6344 Front pair
DA6345 Rear pair

Discovery 2
 These 40mm spring spacer blocks are machined from high quality aluminium and anodised deep blue.
DA6341 Front pair
 With this kit you are able to retain the standard springs and shock absorbers. Use in conjunction with DA6342.
DA6342 Rear pair

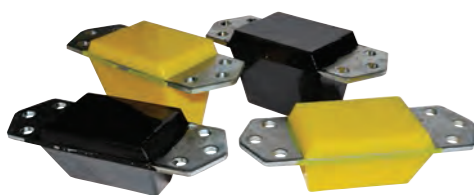

Lift Rod Kit

DA7531
 Discovery 3/Discovery 4/Range Rover Sport - 2005 - 2013
 These adjustable rods replace the plastic and rubber parts Land Rover supply on the vehicle. Made from aluminium with an industrial heavy grade rubber bushing, the aluminium parts are anodised black to help with corrosion protection and blending in when in the garage for work.
 The lift rods have two settings; standard and off-road. With the vehicle set to normal driving height the shortened rods will give you off-road height. If you select off-road height the vehicle will be in the 'super extended' position as standard if you use the 'shortened' settings. The ease of changing the ride height is what separates these rods from others in the marketplace.
 No tools are required and should take no more than 2 minutes to do all four rods. Access to the front is over the front wheels and for the back is through the rear wishbones (blanket required!)
Note - If run for a long time in off-road position then wheels may need realigning.

Bushes

Defender & Discovery 1	Front	Standard	Black
ANR4188PY	Front	Standard	Black

- > Better handling
- > Better stability under braking
- > Prolong tyre life
- > High quality polyurethane material
- > Last longer (up to 10 x rubber equivalent)
- > Easily fitted

Powerflex bushes offer improved performance, safety and prolong tyre life. Engineered to be the best, Powerflex bushes are an answer to soft ageing and failing rubber suspension bushes and provide improved suspension mountings. No special tools are needed and comprehensive fitting instructions are included.

Shock Absorbers

BRITPART XD

Britpart have developed this range of remote reservoir shock absorbers for users wanting the extra benefits of a remote reservoir shock absorber on a vehicle that is used both on and off-road. The remote reservoir allows the shock to remain cooler under more extreme conditions and hence reduces the possibility of fade. Unlike most remote reservoir shock absorbers on the market the Britpart XD remote reservoir shock absorbers use conventional rubber bushings instead of ball joints. This is because ball joints have a very short life span when used on a road vehicle and are more suited to an all out competition vehicle.

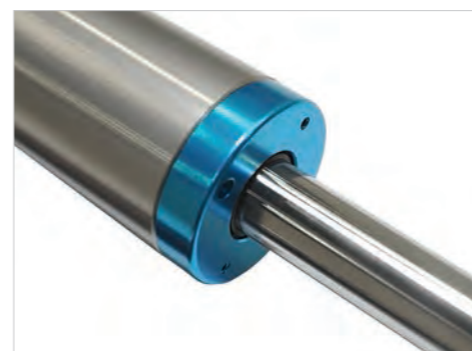

Britpart XD Remote Reservoir

Nitrogen filled remote reservoir shock absorbers with zinc plated steel body and anodised fittings.
Note - Will require extra fabrication to fit.
 Defender 90 & 110/Discovery 1/Range Rover Classic

DC8001	Rear pair	717mm	463mm

Air Suspension Compressors

At last, a cost effective and easy way to replace the OE air suspension compressor. These compressors are a direct replacement fit for the OE compressors that were fitted by the factory. They are made in Japan by Hitachi. By using the original brackets and pipes they are easy to install. The relay, which is included, must be changed. No need to reprogram the ECU (fault codes may need to be cleared).

- > Direct replacement fit
- > Cost effective
- > No need to reprogram the air suspension ECU
- > Uses all original mounting & pipework

The Britpart Cellular Dynamic Shock Absorber represents a significant advance in Land Rover suspension systems. It features a cellular foam insert instead of a normal nitrogen gas or air, this is to stop the oil from boiling. The foam takes up less room which means more room for oil, 50% more, which offers maximum heat dispersion. This heat dispersion translates to a very subtle but controlled ride that will not fade no matter how hard you push them. They are ideal for a driver who needs more control to complement performance improvements or to enhance a standard vehicle. The unique design ensures ride comfort and cornering ability is maximised and of course they are superb off-road.

Notes
 *Terms & conditions apply
 ** Dimensions are +/- 5mm
 *** The Plus 5" Cellular Dynamic Shock Absorbers are specialist suspension products and to install them additional fabrication work or brackets may be required. Please ensure that they are fitted by a competent expert.

Nitrocharger Sport shock absorbers introduces advanced dual-stack deflective disc technology that continuously adapts to the terrain, offering rapid response improvements to ride quality, handling and control. Available in the UK only.

- Features**
- > Interactive, multi-stacked rebound and compression valving systems ensure optimal damping performance in all conditions.
 - > Vehicle specific fine tuning for superior handling and ride performance.
 - > Piston rod "slip ring" provides more consistent and uniform damping performance.
 - > Triple lipped oil seal with gas retention check valve design virtually eliminates contaminant damage and gas loss.

Springs

Air Lift Kits

Adjustable Air Helper Springs - The load and towing problem solver

Air adjustability is the difference! Stiff steel factory suspensions must compromise between ride comfort and load hauling capacity. Smooth ride suspensions can't carry heavy loads; heavy springs ride rough, especially when the vehicle is unloaded. Air Lift adjustable air springs solve these problems by allowing you to tune your suspension under all load and road conditions. Just add air when towing or hauling and then remove air for a softer ride when unloaded.

Features & benefits of Air Lift 1000

- > Improve ride, handling and stability by reducing roll, sway and "bottoming out"
- > Fits open coil springs, front or rear
- > Up to 1,000lbs of levelling capacity
- > Tough long-lasting moulded polyurethane construction
- > Quick connecting easy-to-use engineered polymer air fittings

Castor correction wedges - pair
Large pin - 16mm

Can be used to correct castor or diff pin angle on leaf sprung vehicles by 3 degrees.

Old Man Emu NEW

- > Manufactured from state of the art micro-alloyed spring steel for superior strength and durability.
- > Double scragged before and after shot peening to reduce spring stress and enhance spring life.
- > Exceptional resistance to sagging and corrosion.
- > Springs are designed for each vehicle to match the spring to the specific applications.
- > Springs formed on computer controlled, precision mandrels to ensure manufacturing consistency.
- > Spring end configurations designed to exact specifications, guaranteeing perfect fitment to your vehicle.
- > Durable, hard wearing black powder coat.
- > Designed and manufactured in Australia.

Notes

Caution - Due to altered gearbox mounts on models after 1998 any lift above OE ride height may cause front driveline vibration that can only be rectified by fitting of a front double cardan propshaft. On vehicles fitted with an OE inner helper coil such as fitted to some 110 and 130 models. The inner coil must be retained with Old Man Emu coils. Important: DA8922 has reduced spring rate from OE to provide improved ride quality for light loads. Available in the UK only.

Springs - Air

Air springs can be susceptible to air leaks due to the fact the rubber seals dry out. Why not firm up your suspension and replace them with these quality air springs from Britpart?

Springs - Leaf

For many years Land Rover road springs have been difficult to obtain to the correct OE specification. To remedy this, Britpart commissioned the same Spanish factory that produces our Santana parabolic springs to reproduce a comprehensive range of springs for Land Rover Series vehicles. The springs are constructed from the correct grade alloy steel 60SiCr8, heat treated consisting of hardening & tempering and set as Land Rover engineers specified and therefore will give years of service with the correct ride comfort.

"Quality you would expect from an OEM supplier..."

Springs - Parabolic

The Britpart range of high quality OEM parabolic springs are made to the exacting specifications as fitted to Santana specification vehicles. Manufactured in Spain to the standard and quality you would expect from an OEM supplier. The correct grade alloy steel 60SiCr8 is used, heat treated consisting of hardening & tempering and springs are shot peened before painting. These parabolic springs will bring a comfortable ride and improved handling to your Series vehicle.

Note - Includes 'U' bolts and nuts.

Springs - Lowered Coils & Kit

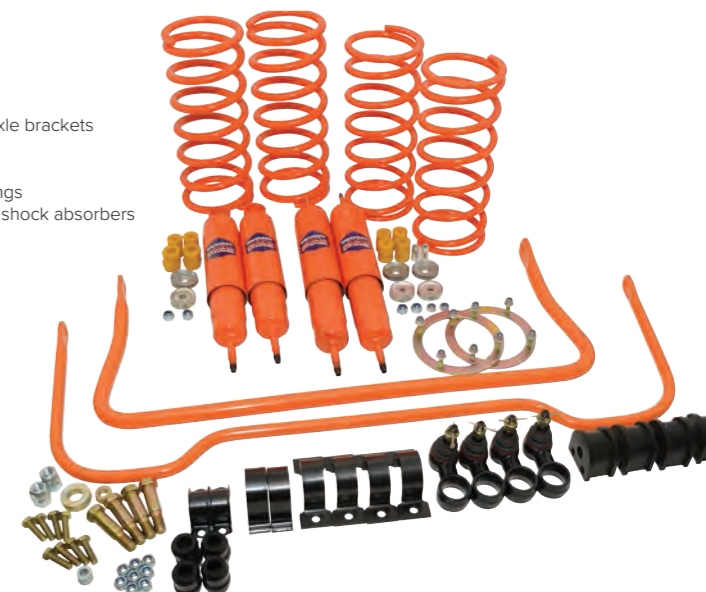

Reduce the ride height of your Land Rover by 1" (25mm). By lowering your vehicle it will help reduce body roll as well as giving your vehicle a more sporty squat stance and improve handling. The springs are designed in line with the standard spring rate specification and are finished in powered coated orange paint to match the anti-roll bars and shock absorbers.

Springs - Britpart Coil

Britpart Performance - Lifted Springs

Britpart performance springs are high quality, versatile and competitively priced - the right choice when replacing the old sagging original springs.

Developed by one of the world's top spring manufacturers these high quality, powder coated yellow springs have been designed with the needs of today's Land Rover owners in mind. Britpart performance lifted springs have the added benefit of improving your vehicles approach and departure angles which in turn allows you to overcome more obstacles when off-roading.

As Land Rovers are often working vehicles as well as the family car, uprated springs must offer the ability to carry loads, handle off-road terrain and provide a good ride on road. The progressive springs offer a compliant ride when lightly loaded, but firm up as the load increases.

Note - Spring quantity 1 = 1 pair

The right choice when replacing the old sagging original springs!

Britpart Performance - Standard Height Springs

Britpart yellow springs are designed for the enthusiast who wants a performance spring without having to raise the vehicle. They offer a firmer ride with less body roll, ideal for a vehicle with uprated performance or one used for carrying heavy loads. The springs are designed to offer full articulation off-road with a compliant ride. Developed by one of the world's top spring manufacturers these high quality, powder coated yellow springs have been designed with the needs of today's Land Rover owners in mind.

Air Spring Conversion Kits

Does the complexity of having air suspension on your Discovery 3 worry you?

DA5034

Discovery 3 coil conversion kit with module. This comprehensive kit contains everything you need to convert to conventional coil spring suspension. Kit comprises four strut units and module to prevent the air suspension lights from being illuminated.

Discovery 2

It is a sad fact that it's likely the air suspension on your Discovery 2 will fail - probably at the most inconvenient time possible. You then have a choice to make. Do you replace it with a new air spring system which is comfortable but not so comfortable on your wallet or replace with an equally comfortable but much more affordable and reliable coil spring system? Britpart have the complete kit for air to coil spring conversion making your decision that little bit easier.

DA5136	Standard ride height	Rear kit - black springs

Range Rover P38

The EAS (Electronic Air Suspension) System found on Range Rover 4.0 and 4.6 vehicles can present expensive, recurring maintenance problems. If you've had an air spring failure before, you know this first hand. Britpart now has a coil spring conversion kit for Range Rover 4.0 and 4.6 that makes switching to coil springs seamless and error-free. Conversion to coil springs provides a better, maintenance-free ride that will save you significant money over time. The EAS Override Module suppresses all typical false dashboard display errors and buzzers seen when converting to coil springs. Any mechanic or Range Rover owner can install this coil spring conversion kit without having to go to a Land Rover dealer or Autologic-equipped repair shop to eliminate false dash warning light errors.

The kit features:

- > Detailed step-by-step instructions.
- > The EAS Override Module overrides all typical computer errors seen when converting to coil springs.
- > Eliminates the need for a costly shop visit.
- > Aluminium spring perch adapters.
- > Britpart custom made coil springs provide standard ride height and maximum articulation.
- > Affordable alternative to expensive, recurring air suspension failures.
- > Trip computer compatibility - maintains operation of your vehicle's trip computer.
- > Kit provides everything needed to complete a professional installation.

DA4364	Defender 110	Heavy-duty	Plus 5" shock*

Full Suspension Kits

DA4288C	Defender 90 - up to 1994/Range Rover Classic - up to 1986	Narrow bush	Light-duty	40mm lift
DA4288CMD	Defender 90 - up to 1994/Range Rover Classic - up to 1986	Narrow bush	Medium-duty	40mm lift
DA4288CHD	Defender 90 - up to 1994/Range Rover Classic - up to 1986	Narrow bush	Heavy-duty	40mm lift
DA4365	Defender 90 - up to 1994/Range Rover Classic - up to 1986	Narrow bush	Medium-duty	Plus 5" shock*
DA4289C	Defender 90 - 1994 onwards/Discovery 1/Range Rover Classic - 1986 onwards	Wide bush	Light-duty	40mm lift
DA4289CMD	Defender 90 - 1994 onwards/Discovery 1/Range Rover Classic - 1986 onwards	Wide bush	Medium-duty	40mm lift
DA4289CHD	Defender 90 - 1994 onwards/Discovery 1/Range Rover Classic - 1986 onwards	Wide bush	Heavy-duty	40mm lift
DA4366	Defender 90 - 1994 onwards/Discovery 1/Range Rover Classic - 1986 onwards	Wide bush	Medium-duty	Plus 5" shock*
DA4299C	Defender 110 - up to 1994	Narrow bush	Heavy-duty	40mm lift
DA4367	Defender 110 - up to 1994	Narrow bush	Heavy-duty	Plus 5" shock*
DA4300C	Defender 110 - 1994 onwards	Wide bush	Heavy-duty	40mm lift
DA4368	Defender 110 - 1994 onwards	Wide bush	Heavy-duty	Plus 5" shock*
DA1234	Defender 90/Discovery 1/Range Rover Classic - with axle brackets			1" lower

*Note - The Plus 5" Cellular Dynamic Shock Absorbers are specialist suspension products and to install them additional fabrication work or brackets may be required. Please ensure that they are fitted by a competent expert. Open and closed dimensions - DC6000LL - 765-455mm & DC60001LL - 750-440mm.

Propshafts

Propshaft Kit

DA6355

Defender/Discovery 1/Range Rover Classic

- > 300Tdi & Td5 models only
- > Double cardan extreme use front propshaft with flange and fitting kit.
- > For vehicles with L230 transfer boxes.
- > Ideal for use with lifted vehicles.
- > Helps to reduce driveline vibration where diff and transfer flanges are not in-line.

Note - Flange must be fitted to transfer box.

Propshaft Spacer Kit

DA6339

Defender/Discovery 1/Range Rover Classic

15mm propshaft spacer kit machined from billet aluminium and anodised deep blue. When suspension lift kit is fitted it increases the distance between the transfer box flange and the diff flange. This increased distance can cause the propshaft to run out of spline travel. Fitting this 15mm prop spacer helps return the propshaft to its normal operating length therefore allowing full spline travel which also helps reduce the characteristic "binding" of the yokes when a propshaft is over extended.

Wide Angle Propshafts

If your Land Rover has raised suspension or been modified for extreme axle articulation then the joints on the existing propshaft will become strained. This will cause the propshaft to lock up or vibrate and wear the universal joints prematurely. Dropping the axle further away from the chassis is great for looks, articulation and off-road performance - a neat solution is to fit a wide angle propshaft. This allows drivetrain angles of up to 32 degrees which reduces vibration, universal joint 'bind-up' and premature wear on the joints. These wide angle shafts have greasable universal joints which are more desirable where longer life is required.

DA6350	Front	Defender - from MA - 300Tdi & Td5/Discovery 1/Range Rover Classic - 1986 - 1991	FRC8386
DA6352	Front	Defender - up to LA (1993)	FRC8390/FRC5566
DA6351	Rear	Defender 90 - 4 cylinder	FRC8392
DA6353	Rear	Defender 90 - V8 - up to 2007 & diesel from MA	FRC8393
DA6354	Rear	Discovery 1 - 1989 - 1994 & V8 from 1997	FRC8387
DA6356		Replacement heavy-duty universal joint for wide angle propshafts	
DA1123		Nut & bolt kit - each kit contains 4 nuts - for transfer box end & 4 nuts & bolts - for diff end. Enough nuts & bolts to make propshaft repair out in the field. Suitable for DA6350; DA6351; DA6352, DA6353 & DA6354.

Vehicle Diagnostics

Finding and rectifying common electrical faults in your Land Rover has never been easier with the Lynx diagnostics tool from Britpart.

Lynx Diagnostics Interface 138 - 146

Calibration Tools 142

Lynx Diagnostics Interface

What is Lynx?

Finding and rectifying common Land Rover electrical faults has never been easier. Britpart have worked closely with Omitec to design and build a highly advanced Land Rover diagnostic tool. As well as the multi-model professional version, a single Land Rover model home use version is available too.

The Lynx interface is Windows® based and when running diagnostics on a Windows laptop or Windows tablet, far more information can be displayed to the user than on a hand held device. Being Windows based there is familiarity and flexibility with the interface and navigation is much more intuitive.

Your complete Land Rover diagnostics tool!

What does Lynx do?

- > Read fault codes
- > Clear fault codes
- > Read live data
- > Record & play back live data
- > Test actuators
- > Special functions - see coverage chart
- > Programming - such as alarm settings, key fobs etc.
- > Service reset

What do you get with Lynx?

- > Windows compatible software
- > Vehicle Communication Interface box (VCI)
- > USB to VCI lead
- > VCI to OBD II lead
- > Quick start booklet
- > Activation form
- > Unlock code booklet
- > Carry case with foam insert

More about Lynx

As Lynx is Windows based, the system is future proofed due to your laptop or tablet's hard disk drive which allows for 'many more' numbers of updates compared to hand held devices. Lynx is powered by Omitec who build the T4 – Official Land Rover diagnostics tool. Live data can also be displayed using graphics; making it easier to read time based events. Live data can be recorded for a comparison, a great advantage over hand held diagnostic tools as they do not usually have storage memory. The Windows based tool allows simultaneous access to the vehicle diagnostics and consultation of circuit diagrams and other technical information. Lynx will also allow you to access the internet if you are connected to it whilst diagnosing a vehicle and other such programs you might need to use in a garage environment. Lynx is supplied in a hard wearing carry case with foam insert to protect it when not in use. For the enthusiast home user, using Lynx will mean no more trips to your local main dealer to clear any faults on your Land Rover.

For the workshop and home user...

What do I need?

Multi-model professional version

Unlocked for all Land Rover models in Lynx range. See overleaf for full Lynx model coverage.

DA6431	English
DA6431ESP	Spanish
DA6431GER	German
DA6431FRA	French

Single model home user version

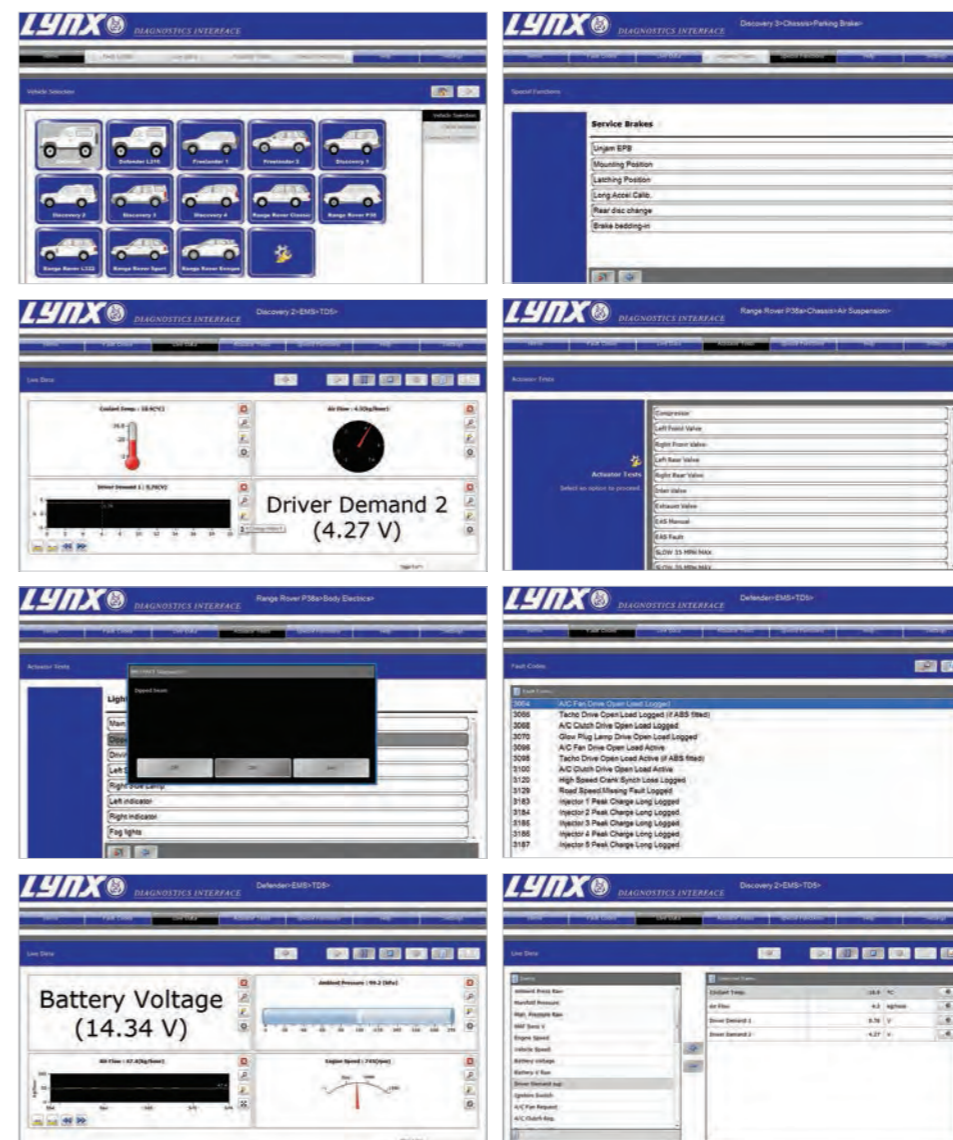

Unlocked for one Land Rover model only. Upgradable for extra Land Rover models at a later date.

DA6430	English
DA6430ESP	Spanish
DA6430GER	German
DA6430FRA	French

DA6434 Home user additional Land Rover model unlock code

Extras

DA6432	14CUX lead - for use with hot wire V8 Efi vehicles
DA6433	Upgrade lead - power cable for use with firmware updates
DA6433EU	Upgrade lead - European 2-pin power cable for use with firmware updates

See Fuzz Townshend, from Car SOS, using the Lynx at home and in a workshop at www.lynx-diagnostics.com

Now compatible with Windows 10

Software updates available online

View live data with intuitive interface

www.lynx-diagnostics.com

System Requirements

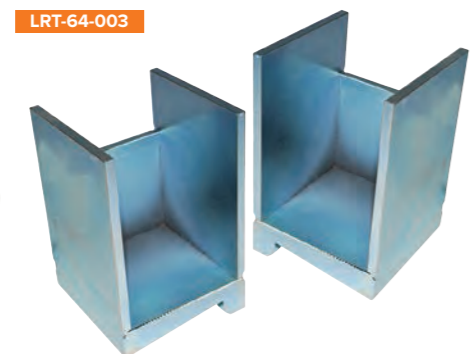

*Microsoft Windows based PC or tablet with - Microsoft Windows XP, Windows Vista, Windows 7 & Windows 8.1 & Windows 10 operating system. USB socket. 500MB available hard disk space (minimum). 1024 x 768 screen resolution (minimum). Administrative rights - only required for software installation.

Swivel Housing Kits

Corroded, worn or leaking swivel housings?
These ten swivel housing kits from Britpart are a convenient way to ensure you have all the quality parts needed to replace a Land Rover's swivel housing.

Discovery 1 - up to JA32850 - with 12mm seals Range Rover Classic - from 1985 up to JA624516 - with 12mm seals	DA3163	DA3163P	DA3163G
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; shims; joint washers; swivel pin upper & swivel housing grease sachet			
Discovery 1 - up to JA32850 - with 8mm seals Range Rover Classic - up to JA624516 - with 8mm seals	DA3164	DA3164P	DA3164G
Contents - Swivel housing; swivel pin bearing; gasket; oil seals; plate; shims; joint washers; swivel pin upper & swivel housing grease sachet			
Discovery 1 - JA32851 onwards - non-ABS Range Rover Classic - JA624517 onwards - non-ABS	DA3165	DA3165P	DA3165G
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; shims; joint washers; swivel pin upper - non-ABS & swivel housing grease sachet			
Discovery 1 - with ABS Range Rover Classic - with ABS	DA3166	DA3166P	DA3166G
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; shims; joint washers; swivel pin kit - upper - ABS & swivel housing grease sachet			
Defender - up to KA930455	DA3167	DA3167P	DA3167G
Contents - Swivel housing; housing and bush; thrust washer; swivel pin bearing; joint washers; seals; shims; swivel pin upper & swivel housing grease sachet			
Defender - from LA up to WA	DA3178	DA3178P	DA3178G
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; shims; joint washers; swivel pin upper - non-ABS & swivel housing grease sachet			
Defender - XA onwards - non-ABS	DA3179	DA3179P	DA3179G
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; joint washers; swivel pin kit & swivel housing grease sachet		NEW DA3179PG OEM kit	
Defender - XA onwards - with ABS	DA3180	DA3180P	DA3180G
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; joint washers; swivel pin kit & swivel housing grease sachet			
Series 2	DA3169	DA3169P	
Contents - Swivel housing; swivel pin; railko bush; thrust washer; swivel pin bearing; o-ring; lock washer; locker; shims; oil seal; retainer for oil seal; joint washers & swivel housing grease sachet			
Series 2A/Series 3	DA3181	DA3181P	
Contents - Swivel housing; swivel pin; railko bush; thrust washer; swivel pin bearing; o-ring; lock washer; locker; shims; oil seal; retainer for oil seal; joint washers & swivel housing grease sachet			

Note Kit is for one side only. For full details of each kit list - www.britpart.com/swivelkits
Blue part numbers - full kit with swivel housing; **Red 'P' part numbers** - repair kit without swivel housing;
Green 'G' part numbers - full kit with swivel housing & OEM seals

DA3203
Defender castor corrected swivel housings
These are a direct replacement for vehicles normally using the FRC7065 swivel housing but they have the mounting holes positioned to give 3 degrees of additional castor. Full details in the suspension section.

Air Suspension Compressors

Ready Made Brake Pipe Sets

- > Easily fitted
 - > Will not rust
- Copper nickel brake pipe sets manufactured in the UK. Each kit is complete for a specific Land Rover model. Pipes are cut to the correct length, fitted with solid brass unions and marked clearly to indicate the correct location on the Land Rover. Pipe fitting clips and brass in-line connectors are supplied where necessary. More brake pipe kits available on request.

DA7440
Brake pipe bending tool. Can be used with all the brake pipe kits.

Brake Pipe Sets

DA7443	Series 1	RHD	80 inch
DA7442	Series 1	RHD	86 inch

Anti-squeal Shims

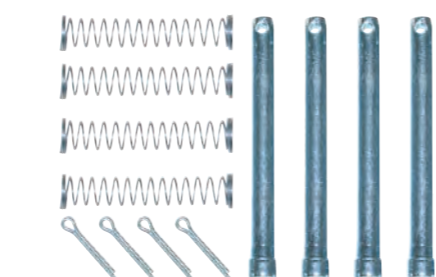

DA1141
Universal self adhesive noise dampening shims.

The shims are manufactured from wolverine and cut to shape and applied to the backing plate of the brake pads prior to fitting to help eliminate any noise issues (should the pad be unshimmed). When used in conjunction with Mintex CeraTec silicon based lubricant, most brake noise related issues will be eradicated. Pack quantity 4.

IMPORTANT BRAKE INFORMATION For exact change over points with vehicle applications please contact your local Britpart distributor with the full chassis number for the correct application. These references are intended as a guide only.

XD Brake Pads

- > Manufactured to OEM specifications ensuring long life and low noise in a TS16949 & ISO14021 approved factory.
- > Asbestos, lead & CR6 free material.
- > The XD Brake Pad range meet all official legislation for quality and safety and are compliant with European ECE R90.
- > All XD Brake Pads are produced with an underlayer material designed to dampen vibrations to prevent noise and to reduce heat transfer to the brake fluid.

The Britpart range of XD Brake Pads gives you the opportunity of fitting a much higher quality brake pad than the price would indicate. Britpart has tested many different brake pads over the last 5 years and have found this brake pad specification offers Land Rover owners the best possible performance at this price level.

The XD Brake Pads are manufactured to an exact tolerance using only the best European friction materials to OEM specifications ensuring long life and low noise. All raw materials are analysed in-house using a fully equipped quality laboratory with, for example, an atomic absorption device. After analysis the raw materials are mixed and pressed using several different methods to achieve the best brake pad for each application. Each part number is tailored to the application it is intended for. The XD Brake Pad range has been thoroughly tested on dynamometers and noise measuring rigs before being put through their paces on test tracks and extended operations tests to ensure a perfect and effective operation every time.

All pads are covered by the worldwide Britpart warranty and Britpart recommends they are fitted with the Britpart standard or performance brake discs.

XS Brake Pads

Best possible combination of long life, pedal feel and noise suppression.

The exact performance material specification of production line brake pads.

The Britpart range of XS Brake Pads offers you the opportunity to have the exact factory production line specification of brake pad at an affordable price. These pads offer the best possible combination of long life, pedal feel and noise suppression.

All the pads in the range use the same friction material specification that your Land Rover was originally made with.

The XS range of pads are all produced in one of the world's premium brake pad facilities where production procedures are carefully monitored to ensure a consistently good product.

The facility has both in-house testing and access to OE testing facilities to ensure all pads meet the exact specification required. Britpart XS Brake Pads are ideal for high mileage or heavy-duty applications.

XS Brake Discs NEW

XS Brake Disc

- > Exact OEM specification.
- > Low noise.
- > Installation ready - no need for cleaning before use.
- > Anti-corrosion coating which provides a long lasting clean appearance, ideal for today's open rims.
- > Disc run out - $\leq 0.08\text{mm}$
- > Unbalance requirement - $\leq 150\text{g}\cdot\text{cm}$
- > Coating - 5*20µm NA paint
- > Salt spray test - 120 hours

Electrics

Electronic Conversion Kits

ETC5835K
The Britpart electronic conversion kit replaces the existing points and condenser with a new reliable electronic module. For 4-cylinder petrol engines the Britpart electronic ignition module has been developed to work with the standard ignition coil and provides service free and accurate ignition timing. The kit can be easily fitted to standard points type 45D4 distributors. We'd recommend fitting a new coil at the same time - PRC9858. Also available a new distributor with points to which this kit can be fitted - ETC5835.

ERC4536K

This electronic conversion kit is for V8 points and has built in dwell adjustment with rpm protection when not running.

Programmable Wiper Relay

AMR2341DELAY

Fed up with your Defender's intermittent wipers not being intermittent enough? Does it drive you mad when you give the screen a quick spray and it wipes for ages?

Fit this new relay in place of the standard AMR2341 to your vehicle to solve this problem. Once fitted you press the stalk down so that the wiper wipes and then back off again, now count/ wait till you want another wipe, switch the stalk down and

leave it on, this timing will now remain constant till you set another timing the same way or turn off the ignition at which point the relay reverts to a standard 6 second wipe interval. Another bonus is that the wipers will now only wipe once following a short burst of washer fluid or 3 times after a long burst. This will work on all Defenders with the latching intermittent wiper stalk PRC7370 or AMR6106 HA onwards (stays down when pressed) but it will also work on 300Tdi and Td5 although on post 2002 Td5s the relay AMR2341 is located behind the speedo. Will not work with early stalk PRC3900 up to GA models.

Heating

Heater Blower Motor Kit & Resistor Kit

DA4178
Range Rover Classic - 1990 - 1994 - 200Tdi with air con
Discovery 1 - 200Tdi with air con
Atlantic British has developed this all inclusive kit designed and engineered to replace failed heater motors. The kit includes heater blower motor, blower wheel, motor mounting bracket and mounting screws, heater assembly seals, nylon ties, solder, shrink tubing (for soldered connections) and complete instructions. **Note** - When replacing the heater blower motor the vehicle's resistor must be upgraded to DA4178RESISTOR.

DA4178RESISTOR
The air con blower motor resistor controls the speed of the blower motor and the force of the airflow out of the dash vents, it features a thermal-sink aluminium mounting plate that dissipates circuit heat effectively.

Heater Matrixes

Series - early models

Automatic Transmission Filter Conversion & Service Kits

Degradation in oil can lead to judder, noise and a deterioration in gear change quality. ZF recommend oil and filter changes after 50,000 to 75,000 miles on automatic gearboxes to ensure optimum performance.
This is an easy change filter conversion kit for all vehicles using the ZF 6HP26 automatic transmission - Discovery 3, Discovery 4, Range Rover Sport - 2005 - 2013 and Range Rover L322 models. From the factory a fluid and filter change on this transmission is a very lengthy process. The sump and filter are normally one piece and fitting involves jacking the engine up and unbolting the mounts, plus the removal of the exhaust. **The fitting of this kit is far easier.** Once the fluid has been drained from the transmission simply remove the bolts from the old unit. Cut the old plastic sumps filter tube with a hacksaw. Slide the old sump out and remove the other end of the sawn off filter tube. The new separate filter can then be fitted and the new sump pan slides into place and is bolted up with the new gasket supplied. Once secure the transmission can be filled as per manufacturer's instructions. The new sump pan also has the added benefit that it is manufactured in durable steel rather than the plastic of the original item - LR007474. Also see DA6085 & DA6085G in service kit section. 7ltrs needed for oil change.

Damper Kit

Diff Coupling Shaft

DA2352
Freelander 1 - up to 2006 4-cylinder
Not all viscous coupling problems are the fault of the unit itself, sometimes the damper is at fault, this kit prevents buying the whole coupling, just to replace the damper.

We are now able to offer a cheaper alternative!

DA2355
The Range Rover L322 - 2002 onwards, suffer from a common problem with the coupling shaft spline wearing between the front propshaft and front differential, thus losing drive to the differential. The problem relates to the coupling shaft, the differential itself is not affected. Currently the only solution offered by Land Rover is to replace the propshaft and the whole complete front differential assembly - a very expensive option! Using this new coupling shaft will enable you to replace just the propshaft and coupling shaft and leave the differential in place, therefore reducing both time (the differential need not be removed from the vehicle) and cost.

DA4500
Service kit for 4-speed gearbox. Kit comprises of oil screen, seals, o-rings and sealing washer.

CV Joint Kits

Britpart has put together these boxed kits to help the fitter have all the necessary parts to do the job in one hit, saving time and money trying to find the necessary parts to do the job. These kits are also helpful to pass over the trade counter instead of having to hunt for the individual parts. One kit does one CV joint.

URB500060B NEW	Freelander 1 - 2.0 Tcie	Clutch kit - Borg & Beck - plate, cover & bearing
DA5558	Freelander 2 - 2.2 diesel	Clutch kit - plate, cover & concentric slave cylinder
LR008556	Freelander 2 - up to AH999999	Clutch kit OEM - plate & cover
DA5559	Freelander 2 - BH000001 onwards/Range Rover Evoque	Clutch kit - OEM - plate, cover & concentric slave cylinder

Dual mass flywheel conversion kit
The flywheel conversion kit can be used to replace the dual mass flywheel using a solid metal flywheel and a heavy duty clutch kit. The one piece flywheel will not break up like the dual mass one so it is highly likely you will never need to change it again which means - lower cost, ease of fitting & potentially eliminating any future flywheel failures.

Note - This kit will make the gearbox more audible in the car at tick over and the kit doesn't include the release bearing - UUB000070.

DA6250	Freelander 1 - 2.0 Td4	Dual mass flywheel conversion kit - solid mass flywheel, replacement clutch cover & replacement clutch plate
DA6250G	Freelander 1 - 2.0 Td4	OEM dual mass flywheel conversion kit - solid mass flywheel, replacement clutch cover & replacement clutch plate
DA6251	Service kit for DA6250	Plate & cover

Diff Overhaul Kits

DA5035

DA5039 Front diff overhaul kit
4 bearings & 3 main oil seals
Discovery 3/ Discovery 4/
Range Rover Sport - 2005 - 2013

DA5035 Rear non-locking diff overhaul kit
6 bearings & 3 main oil seals
Discovery 3/ Discovery 4/
Range Rover Sport - 2005 - 2013

DA5038 Rear locking diff overhaul kit
5 bearings & 3 main oil seals
Discovery 3/ Discovery 4/
Range Rover Sport - 2005 - 2013

Diff Rebuild Kit

DA7211 Freelander 2
Rear diff rebuild kit
Customers may report excessive noise, either humming, a rumble or high pitched whine coming from the rear diff. This OEM kit will repair the pinion tail bearing which may cause the noise.

Rear Diff & Carrier

DA1216HD

DA1216HD NEW Freelander 2
Re-manufactured diff with heavy-duty input nose bearing.
DA1241 Range Rover Evoque - EH000001 onwards

Series			
NRC4642G	Series SWB		Richards chassis
NRC4356	Series LWB		Richards chassis

Marsland Chassis

Chassis have bolt on gear box crossmember as standard with anti-roll bar brackets front and rear. The main legs are in pressed pieces as original made from 2mm steel with 3mm stiffeners fitted and spotwelded internally for added strength where outriggers and suspension mounting points are fitted, effectively giving you 5mm of material where most needed. Bolt on rail for rear tub mountings and LH & RH steering damper bracket welded on as standard. All tapped holes re-drilled and tapped, excess galv removed with riv nuts fitted for front & rear mud flaps, power steering pipe clips and step. Rear suspension upper link bush (A-frame) fitted with new M16 bolt and sleeve to fit old level bush.

Important
This page is a selection of the chassis' that we do. Please enquire if the chassis you require is not listed here.

Richards Chassis

All Richards chassis are manufactured in the UK, using locally sourced materials and locally based machine shops. They are located close to the steel city, Sheffield, and therefore optimise the use of local steel, ensuring that all their chassis are formed from 2.5mm British steel which are all galvanised as standard. All profiling is done 'in house' using their own laser machine, enabling them to have greater control over the quality of parts used and the materials that they are formed from. The chassis are made using 2.5mm side rails which are 25% heavier than the standard 2.0mm rails. Overall this gives a small increase in the vehicle weight but has a massive effect on the long term durability of the chassis. Bolt on crossmembers are not supplied with Richards chassis but are available separately - see DA5300 above.

Swivel Housing Grease

STC3435 370gm bottle
STC3435S 370ml sachet

- > Formulated for all Land Rover models with ball type swivel housings.
- > Lubricates swivel pins and housing seals, protects spheres.
- > A semi-fluid grease designed to withstand shock loading in oscillating joints.
- > Reinforced with solid lubricants, highly resistant to water and salt corrosion.
- > Better lubrication while driving, less leaks while standing.
- > One shot gives 'filled for life' protection.

Hylomar Sealants & Compounds

RTC3347 Hylomar Universal Blue - gasket & jointing compound - 100g
Non setting universal jointing compound that is resistant to fuels, coolants and lubricants. Use on gaskets and machined metal surfaces. High temperature capability up to 250°C with unlimited assembly time. Easy disassembly for service maintenance and allows for differential thermal expansion of components. Excellent vibration resistance.

RTC3254 Hylomar 101 Silicone Sealant - gasketing, sealing & bonding compound - 85g
Engineering grade which forms any size or shape of gasket instantly and remains flexible and will not shrink. Bonds to metal, glass, ceramics, plastics, fibres and wood. Resists most solvents. Electrical insulator. Maximum constant operating temperature 250°C with neutral curing. Ensure surfaces are free from oil and grease.

STC4404 Hylomar 607 Silicone Sealant - 300ml
Engineering grade with excellent gap filling properties. Forms any size or shape of gasket instantly and remains flexible and will not shrink. Bonds to metal, glass, ceramics, plastics, fibres and wood. Resists most solvents. Good fluid resistance - not petrol or diesel. Electrical insulator with maximum constant operating temperature 250°C. Neutral curing. Tolerant of some oil and grease, ensure surfaces are clean.

STC4600 Hylomar 3400 Anaerobic Gasket Compound - 300ml
Excellent resistance to automotive fluids including fuels with an operating temperature -40°C to 150°C. Machined metal to metal surface only, not suitable for pressed steel. No gap filling. Latest generation anaerobic gasket compound. Single part product. Suitable for K-series engines. Ensure surfaces are free of oil and grease.

DA6441 Hylosil 100 Series Instant Gasket - 85g
Engineering grade amine curing RTC silicone sealant with a proven performance in aftermarket applications. Non corrosive. Forms any size or shape of gasket instantly. Remains flexible, will not shrink. Bonds to metal, glass, ceramics, plastics, fibres and wood. Resists most solvents. Electrical insulator. Ensure surfaces are clean and dry before use.

Bearing Grease

DA2391 Multi-pack of bearing grease 10 x 20ml sachets

Bulk Nut & Bolt Sets NEW

Save time and effort with these packs of 100 of the more common Land Rover nuts and bolts.

Automatic Transmission Fluid Change Kits

Degradation in oil can lead to judder, noise and a deterioration in gear change quality. It is recommended that oil and filters are changed after 50,000 to 75,000 miles on all 5, 6 & 8 speed automatic gearboxes to ensure optimum performance.

DA6085 Britpart pan with Ravenol oil
DA6085G ZF pan with ZF oil
Automatic transmission fluid change kit for vehicles with either a 6HP26 or 6HP28 ZF 6-speed automatic gearbox. Ideal for high mileage vehicles and towing vehicles. Kit comprises of pan assembly, transmission fluid, screws, sleeve & plugs.

DA6106 Britpart pan with ZF oil
Automatic transmission fluid change kit for vehicles with ZF 8HP70 8-speed automatic gearbox. Ideal for high mileage vehicles and towing vehicles. Kit comprises of pan assembly, transmission fluid, screws & plug.

Suitable for -
Discovery 4
Range Rover L322 - 2010 - 2012
Range Rover Sport - 2010 - 2013 & 2014 onwards

Suitable for -
Discovery 3 & Discovery 4
Range Rover Sport - 2005 - 2013
Range Rover L322

Also see DA2142 & DA2142G in transmission section.

Castrol Classic Oils

Castrol Classic Oils, total care and protection for your classic vehicle.

For much more information on each product and images visit www.britpart.com/castrol

A conventional multi-grade engine oil of good all round performance for pre-1980 modern classic cars.

DA6260 Classic XL 20W-50 1 gallon tin
DA6261 Classic XL 20W-50 1 litre tin

Mineral based, multi-grade, crankcase lubricant. Designed to facilitate running-in of new and reconditioned diesel and petrol engines.

DA6262 Running In Oil No. 2 1 gallon tin

Castrol R40 provides the ultimate in lubrication.

DA6263 R40 1 litre bottle

Originally specified grade for Series steering boxes and relays.

DA6264 EP140 Extreme Pressure API GL4 1 litre tin

Extreme pressure multi-purpose gear oil for hypoid and non-hypoid applications.

DA6265 EP90 Extreme Pressure API GL4 1 litre tin

Lead replacement fuel additive for use with lead-free fuel. Protects engine against valve seat recession under all driving conditions.

DA6266 Valvemaster Lead Replacement Additive 250ml bottle

Castrol Valvemaster Plus provides an octane boost to unleaded fuel, reducing pinking, knocking or the need to retune.

DA6267 Valvemaster Plus Octane Boost 250ml bottle

Transmission fluid for automatic gearboxes, incorporating additives to provide wear, oxidation and corrosion resistance.

DA6268 TQF 1 litre tin

A special, rubber compatible grease for use on hydraulic brake and clutch components where hardening or swelling of rubber must be avoided. Useful in assembly of rubber components for brake, clutch and suspension units.

DA6269 Red Rubber Grease 500g pot

Castrol Classic Oils Merchandise

Drink your tea in a nostalgic way with this large tin mug.

DA6270 Castrol Tin Mug

Use either to decorate your workshop or study or to accurately measure lubricant quantities shown in imperial measures in vehicle handbooks.

DA6271 Castrol Pouring Jug Half pint
DA6272 Castrol Pouring Jug Pint
DA6273 Castrol Pouring Jug Quart (two pints)

Smart green baseball cap with embroidered Castrol logo.

DA6274 Baseball Cap One-size fits all

Never forget to change your oil with this self-cling window sticker with Castrol logo on one side and Change Due boxes on the other.

DA6275 Window Service Sticker 3" diameter

Touch Up Paint Pens

The best you can get without repainting!

- > TUPP single stage paint pen is ergonomic, light and easy to use.
 - > It allows quick, one-step repairs of small scratches and nicks that may appear on any painted surface.
 - > It will meet the highest colour matching expectations.
 - > The patented valve mechanism and gravity action of the paint pen will give you an even flow of all components assuring the same particularities and brightness of the original finish.
 - > An edged polyester fibre tip allows accuracy and can be removed to be cleaned or replaced.
 - > The paint pen has a closed opaque container preventing accidental spills, hardening of the paint and colour change due to light exposure before the application.
- The Pen** - Paint is held in a barrel and automatically dispensed through a fine felt tip, providing the user unparalleled control over their painting instrument.
- The Paint** - High quality urethane paint is used which is the same as your vehicles manufacturer. The paint provides the user with a much closer colour match than other companies which primarily use lacquer paints.
- The Results** - The best you can get without refinishing the damaged areas.
- More details and FAQs can be found at www.britpart.com/paintpens

Ravenol Workshop Consumables

Much more information on each of these Ravenol products at www.britpart.com/ravenol

Engine Oils

Transmission Oils

DA6289 1 litre
DA6288 5 litres
SFE Super Fuel Economy 5W-20
Ravenol SFE 5W-20 is suitable for all petrol and diesel engines requiring a 5w20 grade fuel economy lubricant, and is especially developed to meet the requirements of the latest generation of Land Rover and Jaguar vehicles fitted with 5.0L V8 units.

STC4863 1 litre
ATF 5/4 HP Fluid
Ravenol ATF 5/4 HP Fluid is primarily designed for use in ZF 4HP-series (4HP20, 4HP22, 4HP24) and 5HP-series (5HP18, 5HP19, 5HP24, 5HP30) automatic transmissions.

DA6291 1 litre
DA6297 4 litres
DA6292 5 litres
FO 5W-30
Ravenol FO 5W-30 is a fuel economy engine oil, special product for modern gasoline and passenger car diesel engines.

STC50531 1 litre
ATF JF506E Fluid
Ravenol ATF JF506E is primarily designed for use in JATCO JF506E 5-speed automatic transmissions used in Land Rover Freelander.

DA6376 NEW 1 litre
DA6377 NEW 5 litres
FLJ SAE 5W-30
Ravenol FLJ SAE 5W-30 is a universal, fuel-saving, specially-composed motor oil for modern petrol and diesel engines both with and without turbochargers, for use in automobiles and vans with extended oil change intervals.

TYK500010 1 litre
TYK500010-20L 20 litres
VSG 75W-90 Gear oil
Ravenol VSG 75W-90 is suitable for use in both synchromesh and non-synchromesh gearboxes as well as being perfectly suited for use in highly stressed axle drives and differentials. Used in many high performance and motorsport applications as well as for road use in cars, light commercials and trucks where maximum protection and fuel economy are desired.

DA6378 NEW 1 litre
DA6379 NEW 5 litres
VMO SAE 5W-40
Universal synthetic low friction motor oil especially developed for pump-jet diesel engines. Moreover, this lubricant is suitable for gasoline and diesel engines in passenger cars and vans with and without turbo charger. Due to the specific composition Ravenol VMO SAE 5W-40 is suitable for use for several of the latest OEM requirements.

TYK500030 1 litre
MTF-2 75W-80 Gear oil
Ravenol MTF-2 SAE 75W-80 is ideally suited to ensure smooth and efficient operation of modern transmissions subject to very high mechanical and thermal loads of gear oils, even at the longest oil change intervals.

DA6368 NEW 1 litre
DA6369 NEW 5 litres
TSi SAE 10W-40
TSi 10W-40 is suitable for year round use in modern petrol & diesel cars. For use in turbo & non-turbocharged vehicles, multi-valve & direct injection diesel engines and is catalyst-compatible. Due to the specific high quality composition of TSi 10W-40, meets and exceeds the requirements of many leading OEM's, it also carries manufacturer approvals.

TYK500050 1 litre
TYK500050-4L NEW 4 litres
TYK500050-20L 20 litres
ATF 6HP Fluid
Ravenol ATF 6 HP Fluid was developed specifically for use in the latest ZF 6HP-series transmissions, 6HP19, 6HP21, 6HP26, 6HP28, 6HP32, 6HP34, also for 5-speed automatic transmission 5HP-series. It is backwardly compatible for all earlier versions of ZF 4.

DA6380 NEW 1 litre
DA6381 NEW 5 litres
Turbo-C HD-C SAE 15W-40
It is perfectly suited as all-season motor oil for the mixed fleet. It can be used in the commercial vehicle sector for operation and extended oil change interval (up to 45,000 kilometres are possible) according to manufacturer's specifications.

IYK500010 1 litre
Transfer Fluid TF-0870
Ravenol Transfer Fluid TF-0870 was developed for use in active transfer case (Active Transfer Case) and provides a stable viscosity even under the highest loads.

DA6372 NEW 1 litre
DA6373 NEW 4 litres
Ravenol ATF Dexron D II
It was developed for the use in automatic transmissions, hydro steering mechanisms, converters and power transmissions and can be used as a universal ATF (Automatic-Transmission-Fluid) for all vehicles and working machines.

LR002748 1 litre
ATF T-IV Fluid
Ravenol ATF T-IV Fluid was primarily developed for use in the latest Aisin Warner and Toyota transmissions found in many modern European and Japanese vehicles, and it's versatile formulation means it can also be used to replace older T, T-II and T-III fluids where required, as well as fulfilling many other manufacturer requirements.

STC4862 1 litre
ATF Dexron IIIH
Ravenol ATF Dexron III H was primarily developed for use in automatic transmissions with electronically controlled converter lockup clutch, but also suitable for use as a universal ATF and power steering fluid, especially where Dexron III is the required specification, and is backwards compatible for Dexron II applications.

LR003156 1 litre
EPX SAE 80W-90 GL
Ravenol Getriebeoel EPX SAE 80W-90 GL 5 is compatible with all brand-name transmission oils. In case of changing to Ravenol EPX SAE 80W-90 GL 5 flushing is not necessary. It can be used in manual transmissions, axle drives, distributor and intermediate transmissions in vehicles and working machines.

LR019727 1 litre
Multi-disc locking differentials semi-synthetic lubricant
Ravenol MDL multi-disc locking differentials was developed specifically for use in lamella limited slip differentials.

Power Steering

STC50519 1 litre
STC50519-20L NEW 20 litres
SSF Power steering fluid
Ravenol SSF Fluid is a special hydraulic fluid formulated using the latest synthetic technology blended with special ashless additives. It is designed for use from -40°C to +100°C and is therefore recommended for the latest developments in the vehicle market. Ravenol SSF Fluid is a special hydraulic fluid formulated using the latest synthetic technology blended with special ashless additives.

Coolants

DA6293 1.5 litres
DA6294 5 litres
OTC Organic technology coolant concentrate
Ravenol OTC Organic Technology Coolant Concentrate is an eco-friendly 1.2- Ethanediol (monoethylene glycol) based silicate, borate, nitrite and phosphate-free coolant for cooling circuits in combustion engines which provides maintenance-free corrosion and frost protection.

Grease NEW

DA4960 NEW 400g
DA4961 NEW 5kgs
Ravenol multi-purpose grease Ravenol Mehrzweckfett OML is a lithium based multi-purpose grease with oxidation and corrosion protective additives.

Diesel System Cleaner NEW

DA4962 NEW 300ml
Ravenol Diesel System Cleaner is a fuel additive for all diesel engines which cleans the fuel injection system and restores the full power of the engine, whilst increasing operational safety and improving fuel economy. It is a cleaning agent for electronically and mechanically controlled fuel injectors which allows for combustion with a low degree of soot and reduced particles whilst preventing rattling noises and rough idling.

www.britpart.com/ravenol

Ravenol the renowned German Manufacturer is one of the most technically innovative companies in the lubricants industry.

Ravenol prides itself on the special formulations, unique design and its exacting manufacturing processes that are individually tailored to suit customer needs.

This is why the demand for Ravenol product is growing worldwide.

In the advanced in-house laboratories products are carefully developed to meet and exceed the requirements of the major automotive manufacturers and to comply with all current and future regulations.

Across the globe, Ravenol has earned an enviable reputation for innovation and technical excellence.

Ravenol have developed an extensive range of products meeting and exceeding Land Rover requirements resulting in quieter running engines with improved fuel economy and smoother gear changes.

Whichever Land Rover/Range Rover model you drive, wherever and however you drive it, Ravenol have developed a lubricant to meet your specific requirements.

We at Britpart not only recommend the use of Ravenol lubricants in your Land Rover, but use them in our own fleet of Land Rovers, trucks and vans.

Oil Analysis Kit

DA6358 NEW
Oil analysis kit
Extend the life of both engine and transmission...
Lubetrend Analysis is the complete fluid analysis programme performed by the Number One oil condition monitoring laboratory in the UK with over 35 years of experience in monitoring all types of fluid lubricated and insulating oil systems; giving you the confidence to act.
Regular checks on the condition of the oil can extend the life of both engine and transmission and help spot potential problems long before they materialise. Our aim is to help you succeed in making the most of your vehicles and machinery through reducing unplanned downtime, extending oil drains and detecting potential future failure - before they happen. Essential not only for all aspects of motorsport - we'd recommend taking a sample after each event - but also recommended for your everyday transport as part of the annual service.
The price includes the sample kit and the full analysis report. Only the postage to the laboratory is your responsibility.

Sundries

DA6485 NEW
Brake cleaner 500ml
Ravenol brake cleaner is a highly effective solvent-blended brake cleaner aerosol for the degreasing and cleaning of brakes, brake linings and clutch parts.

DA6486 NEW
Silicone spray 400ml
Ravenol Silicone-Spray is a universal lubricant and slide release agent spray for use on all types of components. Specially developed for the lubrication, care and maintenance of all types of rubber, plastic and metal surfaces and components. The water-resistant and weatherproofing properties make it especially suitable in a marine environment. The quick drying formulation leaves a colourless and odourless coating which is physiologically inert, water-resistant, UV-resistant and weatherproofed.

DA6496 NEW
Copper paste 90g
Ravenol Copper paste is a lithium grease containing copper powder as a solid lubricant additive, anti-wear additives, and anti-corrosion properties. It is suitable for application to components which are exposed to high temperatures, strong pressures and corrosive influences. It reduces friction and wear, provides protection against corrosion and seizing and is used in the automotive industry for assembling disc brakes and exhaust systems.

Raptor **NEW**

Protect your Land Rover with Raptor

TOUGH & TINTABLE protective coating

Raptor is a highly durable protective coating that ensures protection against mechanical damage, fuels, hydraulic oils, rust, corrosion, salt water, damp, extreme temperatures and off-road muddy good fun.

- Raptor - Black Finish**
 - Raptor 4 litre kit
 - DA6382 NEW** 4 x 750ml bottles of Raptor
 - 1 x 1 litre Raptor hardener
 - DA6383 NEW** Raptor 750ml bottle
- Raptor - Tintable Finish**
 - Raptor 4 litre kit
 - DA6384 NEW** 4 x 750ml bottles of Raptor
 - 1 x 1 litre Raptor hardener
 - DA6385 NEW** Raptor 750ml bottle
- Hardener**
 - > High quality isocyanate hardener.
 - DA6387 NEW** Raptor 250ml hardener
- Degreaser Slow**
 - > Anti-static and anti-silicone panel wipe.
 - > Fast evaporation ideal for localised panel repairs.
 - > Aggressive degreasing action removes contaminants including silicones.
 - > Carefully formulated to avoid any attack on existing paint films.
 - DA6390 NEW** 1 litre tin
 - DA6391 NEW** 5 litre tin
 - DA6392 NEW** 500ml aerosol
- ACID#8™: Acid Etch Primer**
 - > Promotes paint adhesion to difficult substrates such as galvanised steel & aluminium.
 - DA6393 NEW** 450ml aerosol
- GRIP#4™: Universal Adhesion Promoter**
 - > Ready for use universal adhesion promoter for paints, adhesives and sealants.
 - > Ideal for difficult to reach areas such as around door handles and sills.
 - > Replaces the need for abrasion and prevents lifting.
 - DA6394 NEW** 450ml aerosol
- Raptor Traction**
 - > Slip resistant additive
 - > 1 sachet needed for 1 litre Raptor
 - > BSI Kitemarked
 - DA6484 NEW** 200g sachet
- Finishing Pads**
 - > High performance cleaning, conditioning & finishing pad.
 - DA6395 NEW** 10 x Fine pads
- Panel Wipe Cloths**
 - > White wipe that leaves the surface clean, completely grease & fibre-free.
 - DA6396 NEW** 140m roll with 350 sheets in convenient centre-feed box dispenser.
- Mixing Cups**
 - > Clear plastic 1,300ml mixing cups
 - DA6397 NEW** 25 qty
- Wooden Mixing Spatulas**
 - DA6398 NEW** 100 qty
- Schutz Gun**
 - > Specially constructed for the application of Raptor.
 - > Screws directly onto plastic bottle.
 - DA6386 NEW** Raptor application gun
- Gravity Fed Spray Gun**
 - > 1.7 tip with excellent transfer efficiency
 - DA6447 NEW** Professional automotive spray gun

- Surfaces***
 - > Painted surfaces
 - > Aluminium
 - > Steel
 - > Bare metal
 - > GRP
 - > Galvanised
 - > Plastics
 - > Wood
 - > Polyester fillers
 - > Glass
 - > SMC
 - Usage**
 - > Automotive
 - > Off-road
 - > Marine
 - > Commercial
 - > Industrial
 - > Agricultural
- *Some substrates require additional surface preparation before applying Raptor.

Customisable
Raptor is available in black and tintable versions. The tintable version can be altered to suit the colour of your vehicle by adding a small amount of automotive solvent paint. Raptor can be applied as a smooth finish through a very coarse finish.

- Features & Benefits**
 - > Easy to use: simply FILL - SHAKE - SHOOT®
 - > Easy to clean
 - > Provides excellent UV protection
 - > Waterproof - provides a water tight seal, keeping water out and protects new surfaces against rust
 - > Sound deadener (reduces noise and vibrations)
 - > Protects against rust, corrosion salt, damp and extreme temperatures
 - > High resistance to everyday and off-road use
 - > Abrasion and stain resistant
 - > Dries rapidly, is flexible
 - > Provides excellent adhesion
 - > No need to wax after application

- Application Areas**
 - > Chequer plate and grills
 - > Loading area
 - > Underbody protection
 - > Bumpers and bull bars
 - > Sills, side rails and steps
 - > Wheels and wheel arches
 - > Part and full vehicle overspray
 - > And much more...
- Application Methods**
 - > Raptor application gun
 - > Roller
 - > Brush

Watch online how easy it is to use at www.britpart.com/raptor

One half of this Discovery 1 corner bumper is a very tired looking, tatty and weather beaten bit of plastic. The other half is transformed with a coating of Raptor and it will stay like this as Raptor is UV resistant.

Loctite Consumables

The Loctite® brand, is renowned for the excellence of its adhesives and sealants. Since the original development of a unique anaerobic technology more than fifty years ago, Loctite® products have become vital components in many of the machines and products that are at the core of everyday life

Body Repairs		Glues & Adhesives	
DA6310 Freeze & Release	Shock freezing (-43°C) is a quick and convenient method for releasing seized and corroded parts.	DA6300 Super Glue	High performance instant adhesive with thousands of applications.
	400ml aerosol		3g tube
DA6312 Chemical Metal	The original rock-hard multi-purpose repair paste.	DA6301 Super Glue Brushable	Brushable version for extra accuracy and greater coverage.
	Mini blister pack	DA6303 Repair Express Power Putty	Fills, sticks, seals and re-builds thousands of items without tools.
DA6313 Leak Fix	Seals and repairs leaks in petrol tanks, radiators and sumps.	DA6304 Rear View Mirror Bonder	Unique bonding system for rear view mirrors, car telephone aerials and all window mounted material.
	Mini blister pack	DA6306 Stud 'N Bearing Fit	Locks and seals studs into position. Seals against leaks and vibration.
DA6316 Terodicht Elastic Window Sealant	Ideal for re-sealing rubber mounted windcreens.	DA6309 Instant Adhesive 401	Surface insensitive formulation creates a permanent bond with virtually any material.
	310ml cartridge	DA6314 Super Steel Epoxy-Weld	Sets like steel. Seals, repairs, bonds, fixes and replaces.
DA6317 Terolan Special Sealant	Vehicle body sealant for application with special brush.	DA6318 Fast Set Epoxy 3430	Two part general purpose epoxy adhesive.
	1.4kg can & brush		24ml syringe
DA6319 Teroson Etch Primer	Provides excellent adhesion to steel, galvanised steel and aluminium.		
	500ml aerosol		
DA6326 Zinc Spray	Sprayable anti-corrosion primer paint for vehicle body repairs.		
	400ml aerosol		
DA6327 Terotex HV 350	Electrically conductive (wet and dry). Allow to cure for 8-12 hours before over painting.		
	1 litre bottle		
DA6328 Terotex Record 2000	A solvent containing anticorrosive agent based on waxes, polymers and anti-corrosive additives. Contains high percentage of rust-proofing additives. Good creeping qualities. Penetrates to a depth of >35mm. Mild odour.		
	1 litre bottle		

For more information and images on our range of Loctite products visit www.britpart.com/loctite

Ravenol Classic Oils **NEW**

The need for Classic Oils?
Oils for modern engines need to comply with the latest API ratings and specific ACEA and OEM specifications concerned with improving fuel efficiency, extending oil drain intervals and exhaust treatment systems such as diesel particle filters.
A classic car engine has the opposite characteristics with cork/graphite/rope seals, low pressure gear driven oil pumps, larger oil galleries with greater dependence on "splash" and "cling" lubrication, lower revving with larger machining tolerances. This type of engine design demands a totally different lubricant. The new range of Ravenol Classic Oils offers formulations that have been specially blended to meet the requirements of older vehicles.
Special anti-wear additives with the correct amount of zinc (ZDDP) are added to ensure that metal to metal contact and irreparable engine damage is prevented, especially to camshafts and followers, which can wear out in only a few thousand miles when using modern oils. The careful selection of appropriate corrosion inhibitors, special dispersant additives and the correct levels of detergency protect against pitting, the build-up of gums, lacquers, sludge, soot and metallic ash – the normal by-products of combustion.

By using Ravenol Classic Oils in your classic Land Rover you are protecting both engine and transmission – for generations to come.

Calibration Tools

LRT-60-003
Air suspension calibration blocks for Range Rover P38. To be used in conjunction with Lynx diagnostics kit.

LRT-64-003
Air suspension calibration blocks for Discovery 2. To be used in conjunction with Lynx diagnostics kit.

Timing Tools

DA1115
Timing kit
Freelander 2 - 2.2 diesel
Land Rover tool part numbers -
303-1277 - Camshaft pulley timing pin
303-1270/303-1059 - Flywheel locking timing pin
303-1272 - Flywheel/ring gear locking tool adaptor

DA1116
Timing kit
Discovery 3 - 4.4 V8 - from 2005
Range Rover Sport - 4.2 V8 Supercharged - up to 2010 & 4.4 V8 up to 2010
Range Rover L322 - 4.2 V8 Supercharged - 2005 - 2010 & 4.4 V8 - 2005 - 2010
Jaguar 4.2 & 4.4 V8 engines with codes 4PN & 428PS

DA1121
Timing tool kit for Land Rover KV6 engines
The Land Rover KV6 quad cam engine has one front and two rear camshafts and these tools cover the replacement of all three belts

DA1120
Flywheel locking tools & camshaft timing pins
Discovery 3 - 2.7 TdV6
Range Rover Sport - 2.7 TdV6

DA6120 NEW
Fuel pump locking tool for use with DA1120 on 3.0 TdV6 engines.

DA1162
Flywheel locking tool
Defender - 2007 onwards
Land Rover tool part number - 303-698

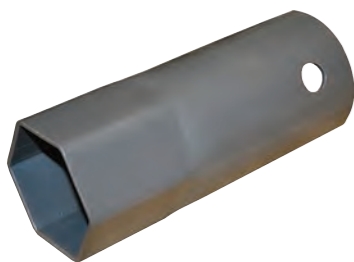

DA3140
Timing kit - 2.5D/Tdi - 12 piece

LRT-12-058
Timing pin (short) - Td5
LRT-12-158
Timing pin (long) - Td5

Workshop Tools

606435
Hub nut spanner

DA1111
Viscous fan coupling spanner
Two sizes - 32 & 36mm

DA1117
Td5 oil filter spanner

DA1235
Defender - Puma
Locking tool to restrain the fuel injector sprocket during a fuel pump removal/installation.

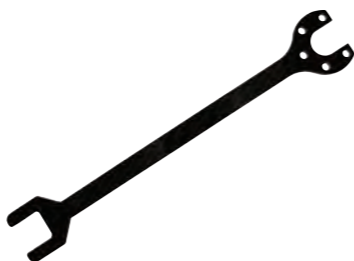

DA1118
52mm deep socket - 1/2" drive
Socket for adjusting hub nuts

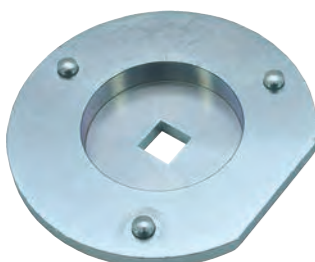

DA1176
36mm oil filter socket - 3/8" drive
Designed to protect the corners of the filter from damage. Defender - Puma 2.2 & 2.4 Freelander 1 - Td4 Range Rover L322 - 2002 - 2009 - M57 3.0 diesel & M62 4.4 V8 petrol

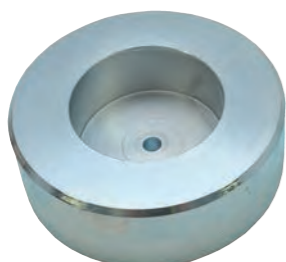

LRT-12-094
Viscous fan coupling wrench
V8 petrol/Td5 diesel/V6 2.7 diesel/2.5 Td diesel/Td6 diesel/300Tdi

LRT-12-093
Viscous coupling holding tool
V8 petrol/Td5 diesel/2.5 Td diesel/300Tdi

DA1161
Crankshaft front seal remover/installer tool
Defender - 2007 onwards
Land Rover tool part number - 303-679

DA1160
Engine front casing alignment tool
Defender - 2007 onwards
Land Rover tool part number - 303-682

DA1147
Clutch tool
Defender - 2007 onwards
Discovery 3 - TdV6 manual
Replace two tools for one with this cost effective clutch tool. One end is the Land Rover 308-419 clutch alignment tool which is used to align the clutch disc and pressure plate on installation. The other end of the tool is Land Rover 303-1096 aligner/installer tool which is used to align the clutch drive plate and install the spigot bearing.

DA1209
For easy removal of the fuel tank metal locking ring (ESR3808) on the Defender - 2002 onwards, Discovery 1 Discovery 2 Freelander 1 Range Rover P38 Range Rover L322

DA1125
Ball joint remover tool kit.
Fit & remove RBG000010 to a Defender drop arm without having to remove the arm from the vehicle.

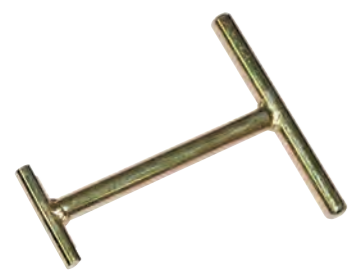

LRT-60-004
Bush fitting tool
For front radius arm bushes (part number ANR3332) for the Range Rover P38A - impossible to do without using this Land Rover special tool.

DA1153
Brake calliper rebuild tool kit
Anyone who has ever tried to rebuild a set of Land-Rover brake callipers will know that the most difficult part is fitting the dust seal after the pistons have been fitted. This extremely awkward task can now be made much easier with the seal fitting tools in this kit. The kit is supplied with a tool to fit 41mm and 44mm pistons and comes complete with a heavy-duty piston spreader to allow the seals to be pushed into place evenly.

DA1189
For removing and installing oil filters on diesel models of the Freelander 2 and Range Rover Evoque. 27mm combination spanner with flexi head. 400mm long. Manufactured from Chrome Vanadium. Fully polished with ratchet. Manufactured to Ansi standards.

DA1173
Oil filter remover for the paper element from the canister. Prevents damage to the filter housing.
Discovery 3 - TdV6
Discovery 4 - TdV6
Range Rover Sport - TdV6
Land Rover tool part number - 303-1128

DA1155
Panel popper tool kit. 12 piece set designed to aid in the easy removal of door trim panels, trim fasteners and mouldings inside or outside the vehicle. Manufactured from a tough & durable engineering plastic to minimise panel damage. Inc. additional metal clip tool.

DA7460
Heavy-duty piston spreader only.

Prop Shaft Fastener Tools

- > Size - 3/8" 6 point (hexagon)
- > Total length - 150mm
- > Outside diameter - 20mm

Specialist socket for prop shaft fasteners on most Land Rovers. The 3/8" socket end is a perfect hexagon with rounded tip profiles to ensure the whole turning power is transferred onto the flanks of the nuts instead of on the corners. The socket's slim wall construction and wine glass profile, coupled to an integral slimline extension means it fits perfectly between the UJ yokes and over the prop shaft nuts without fouling. The 3/8" AF nuts are common to Series Land Rovers, Defenders (90 & 110 up to latest vehicles), Discoverys (up to and including Discovery 2) and Range Rovers (up to and including P38).

- DA1065** 3/8" square drive
- DA1119** 1/2" square drive

DA5631

Protect your Defender's wings with a pair of these sturdy, easy to fit wing protectors.

Automatic Transmission Flush & Fill Machine

Need a fast, effective, efficient and easy way to change automatic transmission fluid?

DA6800

A standard automatic transmission drain and re-fill will only change about 50% of the contaminated fluid. Wynn's TranServe™ will change about 90% of the contaminated fluid in around 20 minutes. Wynn's TranServe™ is a automatic transmission flush and fill machine which flushes the oil system of automatic gearboxes and which changes the ATF in a simple and effective way.

Properties

- > Cleans the oil system of automatic gearboxes with the Wynn's Automatic Transmission Flush.
- > High exchange rate of up to 90% compared to only 50% with a classic drain and fill.
- > No mixing of old and new fluid.
- > Easy connection to the transmission or transmission oil cooler lines.
- > Operates on the vehicle's battery (12V).
- > Automatically detects the correct flow direction.

Different functions:

- ATF exchange
- ATF top up
- ATF drain
- Adding additive
- > Addition of the product Wynn's Automatic Transmission Treatment:
 - Provides supplementary protection of the gearbox.
 - Smoothens gear changes and improves kick-down response time.
 - Extends life of the transmission fluid by preventing ageing and oxidation.
 - Stops and prevents leaks by revitalising seals and O-rings.

Applications

- > Recommended when changing ATF of automatic gearboxes or when experiencing shifting problems, fluctuating RPM or not retaining the correct gear.
- > For all types of cars but not to be used on high-pressure systems of buses, trucks, etc.

Automatic Transmission Service Kits
Use the Wynn's TranServe™ in conjunction with the range of automatic service kits from Britpart. For full kit details see the relevant pages in the service kit and transmission sections in the repair and service part of the catalogue.

Technical Data

- > Power source - 12V D.C. (vehicle battery)
- > Dimensions - 650mm W x 1,130mm H x 450mm D
- > Weight - 61 kg
- > Pump: min. flow - 4,5/min
max. flow - 5,5/min
max. pressure - 9 bar
- > Automatic flow detection
- > Reservoir for additives
- > 2 filters
- > Integrated printer
- > Adapter set for all cars

DA6801

Wynn's Automatic Transmission Flush

- Size - 325ml x 24 bottles
An oil soluble treatment developed to clean automatic gearboxes and restore their optimal operation.
- > Safely removes varnish deposits.
 - > Prepares transmission for new fluid.
 - > Cleans all internal transmission components.
 - > Smoothens and quietsens gear changes.
 - > Prolongs component life.
 - > Restores optimal gear shifting.
 - > Only to be used with TranServe machine.

DA6802

Automatic Transmission Treatment

- Size - 325ml x 24 cans
An oil soluble supplement developed to stop and prevent leaks and ease shifting.
- > Stops and prevents leaks.
 - > Rejuvenates rubber seals & O-rings.
 - > Cleans and protects the system by means of detergents & dispersants.
 - > Eases shifting.
 - > Prevents ageing and oxidation of automatic transmission fluids.
 - > Prolongs component life.
 - > 1 can of 325 ml treats up to 6.5 litres automatic transmission fluid.

Lighting

DA5063 NEW
High Power Mechanics Headlamp

- > 3W Cree LED provides 320 lumens of light output.
- > Operating times: 2.5hrs (high); 8hrs (med) & 18hrs (low).
- > Lamp adjusts through 50° to focus on work area.
- > Tough & robust impact resistant aluminium construction, ideal for a workshop environment.
- > Weatherproof design for outdoor use.
- > Adjustable headstrap with padding for comfortable usage.
- > 4 x AAA batteries included.

DA5027

Essential LED Inspection Pocket Lamp

- > Magnet for hands free use.
- > LED torch function for focused light output.
- > Protective lens for demanding conditions.
- > Integral swivel pocket clip.
- > Includes batteries.

Specifications

Battery 3 x AAA
Operating time 5hrs

DA5064 NEW
MAGflex Ultra Bright LED

- Inspection Lamp
- > Rechargeable and cordless.
 - > New strip LED provides 350 lumens light output while the torch provides 85 lumens.
 - > Multi-positioning for directional lighting.
 - > White light output simulates daylight.
 - > Optical lens provides wide angle uniform illumination.
 - > Magnet for hands free use.
 - > 2 x Integral hanging hooks.
 - > High power LED torch function.
 - > Anti slip comfortable grip.
 - > Li-ion battery for faster consistent recharging.
 - > Includes AC UK mains charger and 12v DC charging lead.
 - > 3 hour operating/5 hour charging time.

DA5026

Professional LED Inspection Pocket Lamp

- > Rechargeable and cordless for convenient use.
- > High powered LEDs provides a bright light output.
- > Anti-slip comfortable grip.
- > Magnet for hands free use.
- > LED torch function for focused light output.
- > Precision reflector provides wide angle light output.
- > Tough and robust polycarbonate lens for demanding conditions.
- > Lithium ion battery for faster consistent recharging.
- > Includes AC mains charging adapter with UK plug.

Specifications

Light output 120 lumens
Battery 3.7v 1200mAh
Mains adapter Input 240v - 50/60Hz
Output 5v - 300mA
Operating time 5hrs
Charging time 5hrs

Vehicle Enhancements

Make your Land Rover stand out from the crowd. Britpart have a great selection of vehicle enhancements available for all models. The wide range includes both exterior and interior accessories. From steering wheels to vent trim kits, there is something to suit everyone.

2006 - 2009 (from 6A000001)
Plastic - chrome finish
Pair

DA4663 Heated leather steering wheel
Range Rover L322 Vogue - 2002 onwards.
Many of early L322 Range Rovers (Vogue shape) still look as good as new with only a few tell tale signs of their age and mileage but steering wheels on some models have gone all shiny and have lost the leather appearance and also steering wheels have started to sag. Range Rover improved the specification of the wheels on later models so they are much more durable. This wheel has the grained leather surface - not the smooth leather as used on the 2010 models. Please note that the spoke covers are not supplied with this steering wheel. You retain your original airbag/switch assembly - this is just the steering wheel frame as shown in the picture.

DA6290 Range Rover Sport - 2005 - 2011
Tailgate conversion trim kit with chrome strip
The rear tailgate on the Range Rover Sport changed in 2012 from a two piece tailgate (with opening top window section) to a one piece tailgate and above the registration plate a new silver strip was added that went the width of the tailgate. If you have a 2005 - 2011 model and want to make it look like the 2012 model from the rear you can fit this clever conversion kit. The kit consists of 3 panels - 1. Underside base - section made from ABS plastic in grey primer finish - you will need to paint this part black. 2. Top section - supplied in primed ABS plastic ready for painting body colour 3. Strip section - chrome plated plastic. This is a bolt on replacement kit that replaces the existing panels on the upper tailgate. The kit can be fitted with the tailgate on the car and you only need a Torx T20 driver socket and a 8mm socket.

DA6349 Range Rover Sport - 2005 - 2010 2.7 TdV6
Range Rover Sport - 2005 - 2009 3.6 TdV8
This FBH controller is ideal for warming your engine on cold winter mornings while sat in the comfort of your house, removing the need to go outside and start your engine to defrost the car which is especially handy if you have a car that has faulty glow or heater plugs. You can lock and unlock the vehicle without the heater stopping. It has a 30 min run time to aim for a default water temp of 76°C. For more details visit - www.britpart.com/DA6349

DA4001SS Right hand side

Manufactured from ABS plastic these cowls will help prevent snow, mud and leaves from entering the heater intake and reducing the Defender heater performance. Fitting a cowl will reduce moisture build-up in the intake system which can happen if debris collects in the one-way valve. The cowl fits over the existing grille and follows the profile of the Defender's wing.
DA1270 NEW Left hand drive
DA1271 NEW Right hand drive

DA1963 Puma bonnet White
This Puma GRP bonnet is half the weight of the original Land Rover bonnets and will fit Defender 90 - 1984 onwards/Defender 110 -1983 onwards. The bonnet has return edges on all four sides underneath for strength and to make it more rigid. It has strengthened hinge points and is supplied with stainless steel hinge bolts & screws.

Defender - 2002 onwards
Fed up with winding your windows up and down? Make life easier, add electric front windows to your Defender with this comprehensive kit. Includes fitting instructions.

DA5717 Retrofit insert seat heaters
> Complete set for two seats
> Extra comfort with 2 heating levels - Stage I = pleasant permanent heat & stage II = heat-up.
> Installation kit for driver's seat and front passenger's seat with four heating elements.
> Pre-assembled cable set with switching relay and two illuminated switches for universal use.
> Integrated temperature guard.
> Heating elements made of extremely flexible coated wires.
> For seats with removable covers.
> Fitting materials & instructions.
Full details in the Seats & Trim section.

DA7481 NEW Voltmeter gauge
Defender - up to 2006
Defender - 2007 onwards with additional pod

DA1401 Heated windscreen components
Make scraping your Defender's windscreen on a frosty morning a thing of the past by fitting one of these kits.
DA1400 NEW Carling Contura switch kit
DA1401 NEW Land Rover switch kit
DA1406 NEW Harness fleece tape - 19mm x 25m
CMB000411 NEW Tinted heated windscreen
Five way switch housing connector plugs
DA1402 NEW Black
DA1403 NEW White
DA1404 NEW Blue
DA1405 NEW Green
For more details and technical information on these kits - www.britpart.com/heated

DA4679 Dual USB charger
Easy to install in existing 12V DC socket hole providing convenient access for charging mobile devices.
> Compatible with popular mobile devices
> Protective cap
> Easy to use
Maximum output current - 2.1A DC (total)
Cut out dimensions - 1 1/8 in (28.58 mm) dia. hole
Input voltage - 12V
Output voltage - 5V DC +/- 5%
Parasitic current draw - 15mA
USB - 2.0

DA7480 NEW Plug and play cruise control system
Defender - 2007 onwards
Stalk fits to the right hand side of the steering column.

DA2342R Air conditioning kits
Front Kits
As OE fitment, no drilling required. Once fitted the system is indistinguishable from factory fitted units. Plugs straight into the existing Land Rover wiring loom and fuse board. Easy to install as components are pre-assembled. Kit uses high performance condenser which eliminates need for an extended nose cone. Parts interchangeable with Land Rover parts.
DA2343R Defender 90/110 - 300Tdi RHD
DA2342R Defender 90/110 - Td5 RHD
DA2342L Defender 90/110 - Td5 LHD
DA2344 Defender 90/110 - 2007 onwards RHD & LHD

Rear Kits NEW
The kit includes a new central box designed to house the unit, and the unit itself, plus the necessary hoses and interface manifold that connects to the front system. The central box comes complete and is a drop in replacement including a new floor plate for the vehicle, replacing the original floor plate that is beneath the cubby box or third seat if fitted.
DA6504 Defender 110/130 - 2007 onwards RHD & LHD
DA6506 Defender 110/130 - 300Tdi & Td5 RHD
DA6505 Defender 110/130 - 300Tdi & Td5 LHD
Note - All rear kits do not fit vehicles with automatic transmission. Kits DA6505 & DA6506 are for vehicles with the under dash air-con system already fitted.

DA5051 NEW Defender - Puma
A great replacement for your standard Defender gear lever. These polished aluminium gear levers are easy to fit with no modifications required. Just remove the plastic from the existing levers and swap with these high quality replacements.

Enhance the interior of your Defender

DA2610 Coin tray for Defender - 1987 - 2006

Glove box kit
Neat storage solution for the new Defender which utilises the available dashboard space. Ideal for storing all the usual small items you carry with you. Robust construction and easy to fit with all the necessary parts supplied. Suitable for right and left hand drive models.
DA2603 Defender - 2007 onwards
DA2603CF Defender - 2007 onwards Carbon fibre effect finish facia plate

Defender

Interior Enhancements - continued

AFP710120SS Loadspace mat retainer
Stainless steel strip with stainless steel fixings

DA1204 Rear door stays
Does your Defender's rear door sometimes close on you unexpectedly? This neat and easily installed gas strut kit will solve that problem and replaces the original door stopper. The gas strut will hold the door in place when open - even with a spare wheel in place - and will assist in the opening of the rear door too with a smoother and more controlled movement. Complete with fittings and instructions.

- DA1204** Defender - up to 2002
- DA1203** Defender - 2002 onwards

DA1205 Demister kit
Fitting this Defender demister kit will help demist your windscreen better than the standard fitted demister and has the added bonus that it will also demist your side windows too. With full fitting instructions.

PYP1000BLUE Bleed Screws
Smart replacement anodised aluminium bleed screws for the top hose on a Td5 engine.

ERR4686BLUE Replace your existing filler plug with one of these smart anodised aluminium ones. Suitable for use on a Defender, Discovery 1 & Range Rover Classic on the radiator and thermostat housing. Can also be used on the diff filler level on a Discovery 2.

- ERR4686BLUE NEW**
- ERR4686RED NEW**

DA8958 NEW X-Trouser
Lost a pair of trousers getting in and out of your Defender? Here is the simple solution. Not only does it protect your trousers, in many cases it makes the door close more reliably and helps (though it does not entirely stop) the seat belt getting caught in the latch. If the seat belt does become caught as you close the door, it suffers less damage due to the smooth profile of the X-Trouser. The X-Trouser has a smooth profile, if your belt loop or pocket runs over it, it will slide off freely. Made from high quality 304 grade stainless steel. The X-Trouser catch is reversible so it will fit both the driver and passenger doors, left & right hand drive. It will also fit the rear side doors of 110 Station Wagons.

DA4629 Roof consoles
This roof console fits all Defenders except sunroof equipped models. Supplied with interior lamp extension loom and DIN blanking panel. Fitting kit and instructions are also supplied. The console offers a unique storage solution for the Defender in providing additional overhead roof storage as well as a single DIN provision in one unit. The two side sections are designed to hold anything from maps to sunglasses, documents to magazines.

DA4629B The console is supplied in three separate pieces. The product has been designed with CAD software and the moulding finished off using CNC machinery to ensure an OE level fit and finish to the product. It is supplied with a DIN blanking panel but the central binnacle will fit any DIN sized accessory such as a stereo, CB/HAM radio or even a digital tachograph. The single DIN aperture will also accept a bank of seven Carling Technologies switches by using the Carling interlocking switch mounts.

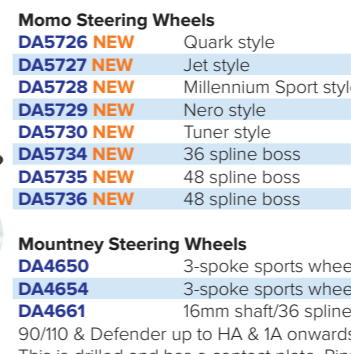

Will the Defender roof console fit my vehicle?
The console has been designed to fit all post 1983 Defender models without a sunroof and with a factory headlining. The fixing method does not require removal or cutting of the headlining or sun visors. (Some later models will require trimming of the central area of the headlining when fitting a DIN unit). If you have a non-factory headlining it is unlikely it will fit without modification of the headlining. If you have a Series vehicle, again it is unlikely it will fit without modification.

DA1266 NEW Clutch pedal assist kit
Replace the old clutch pedal spring kit to assist the pressing of the clutch pedal on Defender models. This is a factory fit on later models but can be retro fitted to all 90/110 models. Consists of spring, spring retainer & spring bushes.

Landy Books

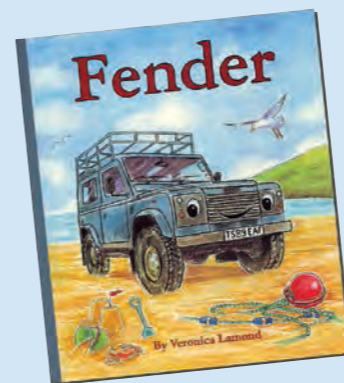

These charming hardback books, which are beautifully written and illustrated by Veronica Lamond, are an excellent gift idea for any Land Rover fan - whatever their age!

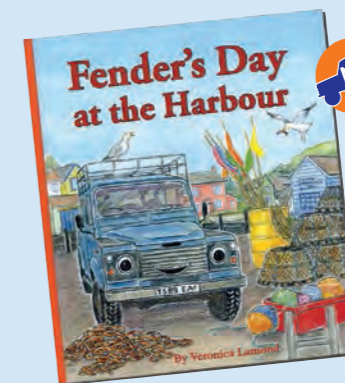

LANDY
"Landy has been left abandoned for many years until, one day, Jack finds him..."

LANDY NEW HOME
"Jack and Landy are busy setting up their small holding but Landy feels left out. When Fender arrives, Landy realises he hasn't been forgotten after all..."

FENDER
"Scamp races Fender down the track - they have lots of things to do and lots of friends to meet..."

FENDER HARBOUR NEW
"Fender watched the fishermen fixing their boats and the swing shovel at work. Meanwhile, Dan and Jack weren't having much luck..."

Range Rover - The First Fifty

DA3202
Range Rover - The First Fifty Prototypes
YVBs and NXC's - the story of the early Range Rovers.

Today, the Range Rover is a legend. The original design lasted in production for more than a quarter of a century. It is those very first Range Rovers which are the subject of this book. Its aim is to record the story of the earliest vehicles before it becomes lost in the mists of legend and distorted by commercial misrepresentation. It looks at three distinct groups of vehicles. These are the Engineering Prototypes (of which there were seven), the Pre-Production Vehicles (of which there were 28, most registered in the YVB-H series), and the Press Launch Vehicles (of which there were 20, all registered in the NXC-H series). The total comes to slightly more than 50 vehicles. With 160 illustrations and 160 pages.

Mag Books

DA3188B Issue 2
From the publishers of Land Rover Monthly a 228 page celebration of the Defender including vehicles through the ages, rebuilds & repairs and buyers guides.
DA2988
From the publishers of Land Rover Monthly a 220 page celebration of the Discovery. Buying, restoring, modifying, driving - the ultimate Land Rover Discovery guide.

Land Rover Original Technical Publications

Here are the original Land Rover and Range Rover publications needed to run and maintain your classic Land Rover or Range Rover, including parts catalogues, service manuals, technical information, owners literature and more. What's more, with these DVDs you can find information and links to Land Rover, Land Rover Heritage and Original Technical Publications. Discover more about the history of Land Rover, Land Rover and Range Rover models and get the latest Heritage news and information. You can also find links to local Land Rover and Range Rover Clubs, the latest picture galleries, video and media archives - you can even download classic Land Rover and Range Rover wallpaper to personalise your computer.

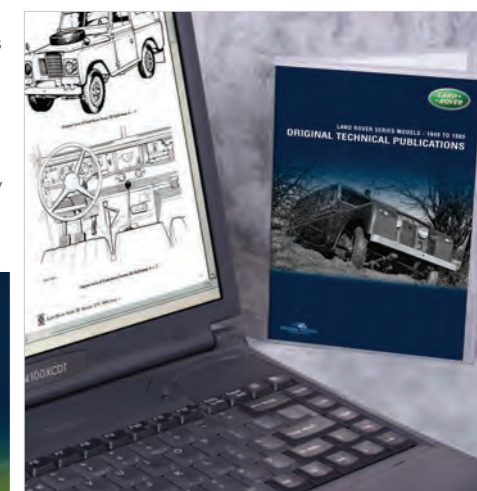

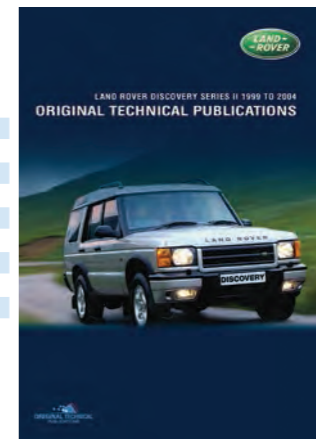

Original parts books, workshop manuals and handbooks for Land Rovers and Range Rovers have always been greatly sought after, and rightly so: nothing compares to a Land Rover workshop manual compiled by the car's manufacturer. Now owners and enthusiasts have the opportunity to effortlessly collect all the original publications for their favourite Land Rover or Range Rover, on one handy and cost-effective DVD.

See www.britpart.com for much more in depth information about what is included on each DVD.
Far too much to list here!

Handy & easy to use!

LTP3001	Series models - 1948 - 1985
LTP3003	Land Rover 90, 110, 127 & Defender 90, 110 & 130 - 1983 - 2006
LTP3004	Discovery 1

Starting Handle

Heavy-Duty Wiper Blades

Note - These winter wiper blades should not be used at high speeds, it is a winter blade designed for harsh conditions.

Security Marking Kit NEW

DA8533 NEW
The International Security Register (ISR) system has proved successful in deterring and detecting theft and fraud for over 30 years. It works on the principle that if a vehicle's windows and parts are marked using robust techniques and details are recorded on a secure database - supported by a 24/7 verification service - criminals stealing the vehicle will run a real risk of being caught and prosecuted. Each mark applied to a vehicle will contain a unique 8-digit code, the ISR logo and www.isrcodecheck.com

Pack Components

- > Full instructions on marking and registering a Land Rover are in the security marking kit.
- > 8 vinyl stencils, fluid and brush for marking windows.
- > 2 warning decals.
- > 2 sets of 6 UV self-etch labels for application to painted metal body panels.
- > 2 sets of 7 ultra-destruct labels with UV fluid and applicator for identifying plastic parts.
- > A set of three Britpart branded security tags for increasing the chance of items that are so often mislaid, being returned to the owner.
- > A Britpart branded ISR customer contact card.

Reducing the risk of your Land Rover being stolen or cloned.

Registration of Vehicle and Owner Data on the ISR
The vehicle owner - or the dealer - would complete the registration process online via the Britpart registration page at www.TheISR.org then select "All Vehicles" then "Vehicles" followed by "Britpart Registration Form" entering the unique code together with the vehicle make, model, colour, VIN and VRM together with the owners name and contact details. If an email address is supplied, an automated acknowledgement of registration would be sent. The code for the security tags would be automatically recorded.

Camping Equipment NEW

Fridge Freezers

DA6545 NEW
35L Portable ARB Fridge Freezer
Great for short trips or as a second fridge, the 35L Fridge Freezer suits many compact SUV's due to its low height and small footprint.

Capacity - 35 litres (50 x 375ml cans)
Cooling capacity +10°C to -18°C
Weight 20.7kg
External dimensions 428mm (H) x 380mm (W) x 705mm (D)
Internal dimensions Fruit & Dairy Compartment: 126mm (H) x 285mm (W) x 151mm (D) & Main Compartment: 321mm (H) x 285mm (W) x 337mm (D)
Power - Built-in 12/24V DC and 100-240V AC power with integrated battery protection system

DA6546 NEW
47L Portable ARB Fridge Freezer
Suitable for many medium to large SUV's, the class leading 47L ARB Fridge Freezer is your perfect travelling companion.

Capacity - 47 litres (72 x 375ml cans)
Cooling capacity +10°C to -18°C
Weight 22.5kg
External dimensions 508mm (H) x 380mm (W) x 705mm (D)
Internal dimensions Fruit & Dairy Compartment: 206mm (H) x 285mm (W) x 151mm (D) & Main Compartment: 401mm (H) x 285mm (W) x 337mm (D)
Power - Built-in 12/24V DC and 100-240V AC power with integrated battery protection system

DA6547 NEW
60L Portable ARB Fridge Freezer
Perfect for family trips or off road touring, the 60L Fridge Freezer features a low profile to suit roller drawer systems, larger 4WDs, boats & camper trailers.

Capacity - 60 litres (90 x 375ml cans)
Cooling capacity +10°C to -18°C
Weight 24.5kg
External dimensions 428mm (H) x 450mm (W) x 845mm (D)
Internal dimensions Fruit & Dairy Compartment: 126mm (H) x 355mm (W) x 151mm (D) & Main Compartment: 321mm (H) x 355mm (W) x 477mm (D)
Power - Built-in 12/24V DC and 100-240V AC power with integrated battery protection system

Internal features

- > **Dairy compartment** - optimised internal capacity includes separate compartment for fruit and dairy products.
- > **Reversible basket with divider** - multiple storage options by separating fridge contents or alternatively allowing longer items to be positioned along the length of the cabinet.
- > **Drain plug** - integrated into fridge base for effortless cleaning.
- > **Integrated evaporator** - designed as an integral part of the interior cabinet, ensuring simplified cleaning and optimum use of internal storage space.
- > **Internal LED light** - low power draw LED light with magnetic switch turns off when lid is closed.

External features

- > **Secop compressor** - highest quality, Secop Compressor with smart electronic control system enables rapid cool down to target temperature.
- > **Durable detent hinge** - stainless steel detent hinge ensures the lid can be easily released and securely slid back into place.
- > **Rear clips** - rear clips secure 12/24v and 100-240v cables, preventing the plug from being accidentally disconnected.
- > **Lid with integrated seal** - tough, two piece injection moulded lid incorporates a recessed seal, preventing excessive wear and damage.
- > **Front latch** - simple to use, large over-centre cam lock latch provides a positive seal between the lid and cabinet for maximum cooling efficiency.
- > **Control panel** - easily accessible, recessed front control panel with maintenance-free digital temperature display (no dedicated battery required).
- > **Recessed handles** - powder coated steel handles, engineered to double as tie down points.
- > **Durable case** - powder coated, robust zinc steel cabinet sides designed to withstand extreme off road conditions.
- > **Rubber feet** - integrated into fridge base for increased grip and stability.

Fridge Freezer Remote Monitor

DA8933 NEW
The ARB Remote Fridge/Freezer Monitor allows you to monitor the operating condition of your ARB fridge/freezer from the comfort of your driving seat.

- > Multiple receiving channels for minimised transmission disruptions.
- > Large easy viewing backlit display.
- > Ability to monitor 2 ARB fridge/freezers.
- > 30m (100ft) line of sight or 15m(50ft) interrupted transmission.
- > Quick release bracket for easy removal of LCD display.
- > Temperature displayed in either °C or °F.
- > Power supply 12V.

Camping Chair

DA8929
ARB Air Locker camping chair is rated to 120kg and has a host of features, including a padded seat and backrest, convenient drink holder pouch, side pocket with Velcro flap for your keys, wallet or other small items, and a mesh magazine pocket on the rear of the backrest. Manufactured from durable nylon Oxford weave material, the chair also comes with a matching carry bag for compact storage and transportation.

Get All The Latest Britpart News

We have two easy ways to keep in touch with all the latest news and product releases.

1. Newsletter

Simply log on to www.britpart.com and register your details in the 'Mailing List' section or simply send an e-mail with newsletter in the subject field to - marketing@britpart.co.uk

2. Facebook

Go to www.facebook.com/britpart and click the 'like' button to see all the latest product releases when they happen - no need to wait for the next catalogue release.

Make Your Land Rover A Star

If you have a great picture of your Land Rover and would like to see it featured in the next Britpart catalogue, then please send it to marketing@britpart.co.uk with all your details. We look forward to seeing them and each one sent in will automatically be entered into the next Britpart calendar competition. See www.britpart.com/calendar for more details on the competition. Happy snapping!

The Small Print

- > Britpart is a wholesaler only. To purchase parts and for technical questions, contact your local stockist. To find yours go to www.britpart.com/distributors
- > Part numbers used for identification purposes only and do not imply or indicate the identity of a manufacturer.
- > Genuine Land Rover parts and accessories are for sale in EU countries only.
- > Parts are subject to stock and supply.
- > Pictures are for reference only and specifications may alter without notice.
- > Colour swatches are for reference only - samples are available on request.
- > All products available at time of printing and we reserve the right to withdraw any product at any time.
- > Land Rover logos and trade names are for reference only.
- > No part of this catalogue may be used or reproduced by any means without the express permission of Britpart.
- > Product specifications are given but it is up to the end user to ensure that the product is fit for that purpose.
- > E&OE
